To The Collector Salem

Sir

I have the honor to invite your attention to the Proceedings of the Plague Commission, letter No 845 dated 5th December 1898 and to state that the reports on plague cases therein called for have not been regularly received in my office from your district. I therefore request you to be good enough to send me such reports, in each and every case of plague in future.

THE SECRETARY TO THE COMMISSIONER

North St George

Madras.

SIR,

In enclosing copy of letter from the
Surgeon General No 310 dated 13th
ultimo received through your office
on the 26th idem, I have the honor to
request you to inform whether detailed
reports of plague cases should be
sent to the Surgeon General in
addition to the ^{daily} telegraphic reports
which I have been sending invariably
to him and to the Sanitary Commission
at the same time I sent them to you.
The orders, as I read them, require
the submission of the detailed
reports only to you and not
to the Surgeon General or the Sanitary
Commission.

Commissioner. I may add that you
have since ordered that these reports
need not be sent by you as regards
indigenous cases with a view to
minimise scribbling work. It
will be a great tax on collectors' ^{plague} clerks to have to send
three copies of each report and
the necessity is not apparent.

I have the honor to be

Sir,

Your most obedient servant,

Attention is invited to the letter
of the S. G. in C. G. No. 887
of 10-12-98. Both the
S. G. & the C. G. are touring
officers and they should, if
submitted, get what information
they want in the course of their
tours. As regards C. G. he wants
very detailed info for his
15/3/99 narrative to Govt. & copy
of the narrative & the
daily telegrams which S. G.
& S. G. get from Collectors direct
ought to be sufficient.

NOTE FOR THE P. C.

It is not very clear
whether G. O. No. 829P of
17th Aug 1898 requires
the submission of detailed
reports of plague cases
to the Surgeon-General
and the Sanitary Com-
missioner also. To the latter
officer particulars of
the cases may be
necessary for the compila-
tion of the weekly State-
ment. The following
disposal is suggested:-
Ref. inc. No 2982
" Referred to the Surgeon-
General and the Sanitary
Commissioner for favour
of remarks. It is
found that a great deal
of labour is involved
in the writing these
detailed reports and
their submission to the
P. C. has been ordered
to be discontinued."

SIR,

I have the honor, with reference to your Proceedings Ref. in C No 2982 dated 15 March 1898, to state that I agree with you in thinking it unnecessary to send detailed reports of cases in indigenously affected localities: but, I think detailed reports of "imported cases" and "first indigenous case" in each locality affected, are of importance, and should be continued.

2. In lieu of the present detailed reports of "indigenous cases," I would suggest that the Collector keep in his office a plague record. To this, all officers on plague duty in his district should
