Ordering that as Government contributes half the cost towards the construction of — the sale-proceeds thereof should be equally divided between the Government and the Plague Committees concerned.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From J. H. ROBERTSON, Esq., Acting Collector of Trichinopoly, to the Plague Commissioner, dated 9th May 1899, Ref. on Cur. No. 132-P.

I have the honour to state that the Muhammadan Plague Committee constructed plague hospital sheds at a cost of Rs. 216 in the Eastern Boulevard, Trichinopoly Fort, last year, when it was considered that plague threatened the town, and the Plague Commissioner sanctioned a contribution of Rs. 108 towards the cost, in his Proceedings No. 663, dated 9th March 1899.

2. The President of the Committee now requests permission to sell the sheds by auction, as they have got into a dilapidated condition owing to the recent rains, and as the Committee is unable to bear the cost of a watcher to look after them.

3. I do not think the Committee can be allowed to sell the sheds and appropriate the sale-proceeds, as the sheds were constructed partly with the funds of the Committee and partly with the contribution of Government. When contributions are made by private individuals towards the cost of construction of irrigation works, such works on completion become the property of Government—*vide* Board's Proceedings (Land Revenue), No. 544, dated 13th December 1894. Railway affecting tanks, partly Government and partly private, are classified as Government tanks—*vide* Board's Proceedings (Settlement), No. 43, dated 27th January 1898. Following the principle enunciated in the above proceedings, it may be considered that the sheds have become the property of Government, or at least that Government is entitled to a share in the sale-proceeds. In the event of plague again threatening this town, the community will almost certainly apply for a fresh contribution from Government for the construction of similar sheds. I request that early orders may be passed on this reference.

Ref. on C. No. 4909.

Referred to the Accountant-General for favour of remarks.

13th May 1899.

(Signed) A. EDGINGTON,
for Secretary to Government.

No. T. 11 Trichy.—1990.

The point in question seems to be a point of law. It would seem reasonable that half the proceeds should be credited to Government if the plague sheds are to be sold. Perhaps the Plague Committee would agree to that.

Current No. 1202 P of 1899, dated 26. 5. 99 from the Accountant General

SUBJECT.

Muhammadian Plague Sheds
Trichinopoly

FOR ORDERS.

As regards the plague hospitals and Sheds put up by private bodies and individuals towards the erection of which Government have granted Contribution, the Collector of Trichinopoly has raised the question whether, in the case of sale of materials when the Sheds are no longer necessary, the Govt. is entitled to the whole or half of the Sale proceeds. In the Collector's opinion the Govt. is entitled to the whole; and his opinion is based on the principles laid down in B.P. No. 544 L.R. dt. 13. 12. 94 & B.P. No. 43, Sett. dt. 27. 1. 98.

4 27. 1. 98. It is submitted that the authorities quoted do not govern the case in question. The B. P of Dec. 1894 frames the following Standing Order:-

"When Contributions are made by private persons towards the cost of construction of irrigation works, they must be informed

that the works on completion will become the property of Government". If the persons concerned agree to this condition, there will be no further question as regards ownership. The

other B. P quoted by the Col. seems to apply to purposes of 'classification' only, and it does not refer to ownership.

2. G.O. 1245 P dt 5. 10. 98 lays down the rules with regard to the grant of contribution towards the erection of private plague hospitals and sheds. Question of ownership has not been discussed. It seems doubtful whether the Govt is entitled to any share in the sale proceeds.

As Govt contributes half the cost, the sale proceeds should be equally divided.
Ht 79. 6. 99.

Note

The amount will be really trifling and in view to secure a feeling that the Govt will be liberal in this matter - a matter of importance if Plague becomes serious, it is submitted that the sale proceeds may be given to the Comm. It is submitted that the Sheds in question should be taken charge of by the Colls & maintained at the cost of the Municipality in view to future requirements. If the Sheds are useless & not worth keeping, the materials may be sold & half the cost credited to Govt.

Trichinopoly Collectors Office

9th May 1899.
DESPATCHED

9 MAY 1899

From J. H. Robertson Esq.,
Ag. Collector of Trichinopoly,

To The Plague Commissioner,
Madras.

Sir,
I have the honour to state
that the Mahammadan Plague Committee
constructed plague hospital shed
at a cost of Rs 216 in the Eastern
Boulevard, Trichinopoly Fort,
last year, when it was considered
that plague threatened the town,
and the Plague Commissioner sanc-
tioned a contribution of Rs 100
towards the cost, in his proceedings
no 663 dated 9th March 1899.

2. The President of the Committee
now requests permission to sell the

Jan 99 1899

Sheds by auction, as they ^{have} got into a dilapidated condition owing to the recent rains, and as the Committee is unable to bear the cost of a watcher to look after them.

3. I do not think the Committee can be allowed to sell the Sheds and appropriate the sale proceeds, as the Sheds were constructed partly with the funds of the Committee and partly with the contribution of Government. When contributions are made by private individuals towards the cost of construction of irrigation works, such works on completion become the property of Government. (Vide B.P. No. 544 L.R. dated 13th December 1894.)
Railway affecting tanks partly Govt.

2
Government and partly private are classified as Government tanks. (Vide B.P. No. 438 L.R. dated 27th January 1898.) Following the principle enunciated in the above proceedings, it may be considered that the Sheds have become the property of Government, or at least that Government is entitled to a share in the sale-proceeds. In the event of plague again threatening this town, the Community will almost certainly have to make a fresh contribution from Government for the construction of similar Sheds. Request that early order may be passed on this reference.
I have the honour to be, Sir,
Your most obedient servant,

H. L. L.

Secretary.
