NOTE FOR THE Secretary.

The vessel by which Swami Vivekananda & party travel will on arrival be certified by the Port Health Officer to be infected, suspected or healthy. If it be certified to be infected, the Port Health Officer has power under Regulation 15 (3) to keep the persons under observation or surveillance (for the definition of these terms, please see p. 47 of the Madras Plague Regulation & Rules). If the vessel is certified to be suspected or healthy, the Port Health Officer should keep the persons under surveillance, though he has power to place a person under observation when he may consider him in any way likely to carry infection. It is only

Regn 15 (5), p. 50.

When the Port Health Officer decides to place a man under surveillance, that such a person has under City Regn. 22 b take out a passport.

It will then appear that in the first place the Port Health Officer should decide whether the persons should be kept under observation or surveillance. So far the matter seems to be one for the Marine Dept. to deal with.

If the persons are placed under observation the question of exemption from taking out passports does not arise. If however they should be placed under surveillance, City Regn. 22 requires that they should take out passports binding themselves to appear daily for inspection during the next ten days. Exemption, after taking out a passport,

~~NOTE FOR THE~~

from personal attendance and permission to be inspected at residence may be granted under that Regulation. There seems to be no provision in the City Regulations to ~~be~~ exempt a person arriving from an infected locality from taking out a passport, though there is a provision to that effect under the Mufasal Regulations. ~~Certain Officers of the Telegraph Dept. have however been~~ It has recently been ordered that the Fremont, M.E., Madras should grant certificates of exemption from liability to take out passports to certain Officers of the Telegraph Dept. The papers on the subject are in Madras.

+ Regn 30 cmp 38 of this Regulation

If the Ship is "healthy" then the Swamis this party wish to be allowed aboard and they should take out passport at the harbour. Mds. Reg. 22. (Madras Code). If they re-embark) the same) day they will not have × to present themselves for medical Inspection. Taking out the passport will cause them no inconvenience and there seems no reason to exempt them.

Their surveillance however without a passport could be easily arranged.
