Hon

The Court's proposal to ask Mysore to open a camp at Bandipore, to be staffed & paid for by us, but worked by Mysore, appears impracticable.

We might ask them to open on their own account and work a camp as near Bandipore as circumstances permit (in 4 March Coll: admits it is hilarious); but for our own part when we close Kallanhalla Ghat, we can only draw back our lines to places where work is possible - say Masinagudi on the Mysore Side, & near Gudalur on the Wynaad Side. This will protect the main lines of travel; the inter-mediate paths up to the plateau form a net wh: must be faced & met on the plateau. H.T. 8/3/99.

The proposal is impracticable, & will not be accepted. It must therefore be considered as rejected.

To,
The Plague Commissioner
Madras.

Sir,
With reference to your Proceedings Report Cur No 2564 dated 1st instant, I have the honour to enclose a copy of my telegram of the 28th ultimo & to confirm it with the following remarks.

2. The encampment of Kakankalla is 20 to 30 coolies when the Camp was first placed there the possibility of having to close it in the hot weather was recognised & that the Police & others, & persons in the Camp are already suffering

I thought of trying to keep the Camp open by arranging that 2 sets of men for duty at the Camp should be kept, relieving each other every 10 days

a

and expending their time when
off duty at some healthy place
But it is very likely
men once attacked with fever
there would not recover within
10 days, and even more than
double the present staff
would be required to keep the
Camp going.

3. If the Camp is
removed from Kakankalla
there is no place else in this
district distinctly healthier
than Kakankalla which has
many like the same advan-
-tages as an inspection Camp.
To secure a healthy situation
he would have to move
our camp so far back from
the Mysore frontier as to leave
a great part of the district
exposed.

The inspection Camp
Bandipore would act even
better than the one at Kakan-
kalla as a check on traffic
from the infected area towards
this district.

I am informed Bandipore
is Comparatively healthy and
that a fair water supply is
obtainable there.

I have the honour to be

Your Most Obedient Servant

To

The Plague Commissioner Madras.

SIR,

In continuation of my letter
ENCLOSURES. C No 2774 M°. P. Cir 88/99 of yesterday, I have the
honour to state that I have made
further enquiries regarding the healthiness
of Bandipore & I believe that at this
season Bandipore itself is also malarious.
It is however situated on the edge of the
teak jungle, & the country immediately
outside the jungle is, I am told tho-
-roughly healthy; if therefore my proposals
be approved a site for the camp
could be selected in the Mysore side
of Bandipore, at some distance
outside the forest.
