THE RESIDENT IN MYSORE.

Notification.

No. 1093 P., dated Bangalore, the 3rd March 1899.

In continuation of his Notifications No. 761, dated 25th February 1897, as amended by Notification No. 4519, dated 29th October 1897, and of Notification No. 103, dated 29th January 1898, as subsequently amended, issued under the Epidemic Deseases Act, the Resident in Mysore is pleased to prescribe the following temporary regulations to be observed at ~~the Bisanatham and~~ Kamasamudram Railway Stations on the Madras Railway.

C no 761P

1. Every passenger, whether coming from the Jolarpet or Bangalore direction, alighting at ~~either of~~ the above stations shall be examined on the platform by the Inspecting Officer appointed for the purpose.

2. Any person examined as above and found by the Inspecting Officer to be suffering, or to appear to be suffering from plague, shall be removed by him under proper escort to such places as may be appointed by the Mysore Government for the accommodation of such persons.

3. The Inspecting Officer is empowered to demand of any person alighting at the said Stations his name, his usual abode, and the particulars of the place or places in which he has resided or which he has visited during the previous fifteen days and also the address to which he is about to proceed, and any other particulars which the Inspecting Officer may think fit to ask with a view to satisfying himself of the probability of such person spreading the infection of plague. A person so interrogated shall be bound to answer truly, to the best of his knowledge and belief, all such questions and enquires.

4. The Inspecting Officer is further empowered to detain for observation and, if necessary, to remove under proper escort to such places as may be appointed for the purpose, the following persons,

(*a*) the relatives, friends or attendants travelling with persons found or suspected to be suffering from plague,

(*b*) persons travelling or believed to be travelling from a part of India infected by plague who appear to the Inspecting Officer to be suspicious (1) by reason of their appearance, or the dirty condition of their clothes, or (2) because they are travelling in gangs or belong to classes which are likely to disseminate the disease, or (3) because they are not likely to be easily traced at their place of destination, or (4) because they cannot be relied upon to give information should plague occur among them after arrival at their destination.

5. No person shall be detained for the purposes of observation for a longer period than ten days, unless at the end of that period the medical officer in charge of the place in which he is detained suspects that he is or may be suffering from plague.

6. The Inspecting Officer shall have power to disinfect the person, clothing, and personal belongings of any person coming or believed to be coming from an infected area, if such disinfection shall appear to the Inspecting Officer to be necessary.

7. The Inspecting Officer shall have power to serve any person coming or believed to be coming from an infected area with an observation notice, as provided by the Durbar's Regulation 3 A cl., of Notification No. 9383, dated 10th February 1898, and any such person shall be bound to comply with the conditions of the same.

8. The Inspecting Officer shall have power to send any person, coming or believed to be coming from an infected area, under escort to his place of destination, if in the Mysore State, and to the frontier Station nearest his destination should the latter be beyond the limits of the Mysore State.

9. The police on duty at these stations will act in accordance with the directions of the Inspecting Officer with regard to compelling persons to submit to such arrangements as may be made by the said officer for the inspection contemplated by these rules, and for the removal of the persons detained for the purposes of rules 2, 4 and 6 of this Notification, to the places provided for them.

10. Any person disobeying any of these rules, or any orders issued in accordance with them by the Inspecting Officer, shall be deemed to have committed an offence punishable under Section 188 of the Indian Penal Code, and shall be liable on conviction to be punished with imprisonment of either description for a term which may extend to six months, or with fine which may extend to Rs. 1,000, or with both.

"By Order,"

P. R. CADELL,
Assistant Resident.

Residency Press, Bangalore.—3-3-99.—300.

FROM

THE RESIDENT IN MYSORE.

10 MAR 1899

To

The Secretary to the Govt: of Madras
Local & Mul: Dept: Madras.

Dated Bangalore, the 9th March 1899.

Sir,

I have the honour to forward for information, copy of Notification No. 1093 P. dated the 3rd February 1899, issued under the Epidemic Diseases Act, 1897, instituting Medical Inspection at Bisanatham and Kamasamudram Stations on the Madras Railway.

I have the honour to be,
Sir,
Your most obedient servant,

Resident.
