SUBJECT.

FOR ORDERS.

With ref. to aunsred telegram, Maj. Smyth now explains that the Maharani is not to accompany the Maharaja to Ootac; if she goes at all, it will be only after 23rd April. She came from Mysore to Bangalore 14 days ago, bringing no sick persons with her, & has all this time been under segregation, with no attacks in her retinue.

2. The question then is only abt the Maharaja & his followers. The latter have been under strict observation for 10 days - they have all been inoculated (not H.H.), but in some cases the 6 mth has expired.

The telegram to the President was duly despatched on Saturday evening, and this paper was taken personally by the Plague Head Clerk Srinivasa Rao and handed over to the Head Clerk of the Plague Commr's Office with the intimation that the telegram had been despatched to Bangalore and that the necessary further action had to be taken by the Plague Commr with reference to the Note of the Secretary below the Telegram. The P.C's Head Clerk appears to have sent up the paper to the Personal Assistant without any note or message.

all go by train.
(2) They will all be
segregated at "Juvilla"
on arrival, & Smyth
has written to Thompson
about their daily
examination.
(3) Relations of followers
will not be allowed
to come up.
(4) As to disinfection,
the kindred Lobs (Juvilla

written saying that
all the kit, except
the belongings, must
be steamed at Telou-
pet. This would be
in the highest degree
inconvenient, & would
cause great delay.
It is quite unnecessary
as all the people will
be men who have been
residing for some
time here under Smyth's
