Note for the Secy
The Charge proposed in the System of telegraphing would appear to be that the numbers of cases in each district might be reported instead of the numbers of cases in each village, taluk and district. On enquiry, it appears that the P C has been since January telegraphing the number of cases in districts without particulars regarding taluks and villages.

## SUBJECT.

Stating that in reply to letter from Govt the Ceylon Govt is willing to meet the expenditure incurred in giving daily telegraphic intimation of plague in each village, Taluk and District of the Madras Presy to Dr Bowa, and that it would suffice if plague cases in each Dt is daily reported to that Govt as at present.
