Local and municipal Department
Madras

Thru the collector of Malabar

Sir,
In forwarding herewith an
extract from the proceedings of the
municipal Council dated 12th July 1899
I have the honor to request the
early sanction of Government to
the establishment proposed. In
order to convey to Government an exact
idea of the nature and extent of
collection work, I append a table
showing the state of affairs worked
down to July 11 information up to which
is available up to the date of this draft.

Item	1899-1900			1898-1899			1897-98 and previous years		
	Number of bills	Amount Rs. p.		Number of bills	Amount Rs. p.		Number of bills	Amount Rs. p.	
Demand (Current or arrears on 1 st April 1899)	36594	48119	33	6944	7820	-	4682	5760	15
Collection from 1 st April to 30 th June	1207	1495	86	1582	1879	15	30	288	14
Collection from July 1 st to July 11	904	1010	86	115	105	7	-	-	-
Balance on July 12 morning	34483	45613	23	5247	5834	9	4652	5472	1

1969/M/99

2. A slight reference to the above table will clearly shew that the number of items of demand is enormously large and the existing bill collectors have enough to do with current collections. I propose to entrust them with that work, also with the collections of the taxes pertaining to 1898-99. I am of opinion to entrust them with more work would be detrimental alike to the additional work imposed, also to the collections of the current demand. They have been unable to collect even a single pie of the old arrears. The sum 288-14-- shewn as collected consists of Rs 267-12-- decree amount and 21-2-- Taxes collected by the Muzistras.

3. on the one hand it is imperatively necessary that the current collections must be pushed on with to

to prevent a large arrear in balance; on the other hand the old arrears which are very difficult to collect should be wiped off. I can assure the Government without extra establishment it is not possible to do anything with the old arrears.

4. The present men are paid 10 and 12 Rs. The Council proposes to pay the new men 8 Rs and a bonus of 4 percent on collections. The object is of course to serve as an incentive for prompt collection. If the old arrears are materially reduced in the space of 2 or 3 months I shall dispense with the establishment. Without some measures of this nature, it is not possible to put the collection work on a satisfactory basis. The collector is fully aware of the great difficulties to be contended with.

5. A proposition statement is enclosed - I have the honor to be,

Sir
Your most obedient servant,
Manu Chandra Roy
