figures of columns 8 and 9. A revised Statement is now submitted.

Clause (3). The discrepancy in the number of pupils on the rolls on 31st March 1899 in the Statement No I (b) and Statement No I submitted by the Assistant Inspector of Schools, Madras. The discrepancy is explained in the enclosed copy of the letter from the same office, from which it will be seen that the number shown in Statement No I (b) is that of the pupils of the department receiving aid from the municipal funds whereas the number in Statement No I alone referred to, represents the

strength of the whole school including the pupils of the upper secondary department.

LOCAL AND MUNICIPAL DEPARTMENT.
Points noticed in the Sriviliputtur Municipal Report for
1898-99.

CO¹ 1528^m of 1899.

Memorandum No. 69791-7-99

Read the following paper:-

The following points are noticed in the Chairman's report and in the statements submitted with it :-

(1) In Appendix A to statements IV A and IV B, the total number of warrants under the taxes on arts and buildings executed and cancelled during the year ^{and the amounts involved,} given in columns 8 and 9, do not agree with the totals of the details furnished in columns 12, 14, 16, and 18 and columns 13, 15, 17 and 19 respectively.

(2) Notwithstanding the remark in clause (3) of Government Memorandum No. 769, dated 5th July 1898, the statistics relating to the upper and lower primary departments of Municipal schools shown in Statement V A have not been lumped together.

(3) From column 6 of Statement V B the total number of pupils on the rolls on the 31st March 1899 in the two aided Lower Secondary schools appears to have

135
have been ~~135~~, but according to Statement No. I submitted by the Assistant Inspector of Schools, it was 246. The educational statements should have been carefully scrutinized in the Municipal office before being forwarded to Government and all discrepancies between them and the Chairman's statements should have been explained by means of footnotes to the latter.

(4) In columns 12 and 16 of Statement IX A the number of persons assessed to the tax on arts under classes VI and VIII is given as $14\frac{1}{2}$ and $55\frac{1}{2}$ respectively, the fractions apparently indicating that a person was assessed to the tax in these classes only for a half year. Each separate person assessed to the tax on arts, whether for the whole year or for one-half of it only, should be entered as one person. (Vide note (2) appended to the form of the statement printed on page 28 of G.O., No. 2195 M., dated 10th December 1891.)

(5) In para. 24 of the Chairman's report, the percentage of the number of boys under instruction in the Municipal and aided schools to the male population of school-going age is given as 69.1 instead of 35.7.

(6) In para. 27, the cost of each successful vaccination is given as As. 4 instead of As. 5-6.

The

3
The necessary corrections have now been made with reference to clauses (2), (4), (5) and (6) above. The discrepancies noticed in clauses (1) and (3) should be explained as soon as possible.

To,
The Chairman, Municipal Council,
Srivilliputtur.
