SUBJECT.

Assessments on certain public buildings in Adoni

Stating that the Municipal Council has accepted the assessments on the public buildings as proposed by the P.W. D.

G.O.	No.	Department.	Date.
	917	dr	23-3-79
	907	Stake	12-5-78

G.O.	No.	Department.	Date.

With reference to your endorsement dated 24th May '99, on letter from the Chairman, Municipal Council, Adoni. Dis. No. 234, dated 6th idem, I have the honour to inform you that G. O. No. 417 Th. Mys. dated 28.3.99, which the Chairman states settles the question, has not been communicated to me; but from the copy thereof found among the papers forwarded by you, I understand that it has merely been requested that the Chairman's letter No. 83, D/28.2.99 with your endorsement No. D. Dis. 713, dated 7.3.99, may be communicated to this Department (apparently for further action with reference to your remarks) but does not dispose of the question finally, as surmised by the Chairman.

2. The Chairman's contention that the same rental values recurred for a series of years, and that they were not appealed against hitherto is, in my opinion, unsound and no reason for ^{not} reducing them.

There are no records in my office to show why they were considered reasonable and accepted, up till now.

3. G. O. No. 2, 397 W. dated 22.9.94, specifically lays down that in the case of Government buildings on which Government realizes full rents, such rents, and in the case of others - reasonable letting values fixed with reference to similar buildings in the neighbourhood should form the bases of assessment.

The buildings in question fall under the latter category, and it is, therefore, for you to judge whether the requirements of the order have received attention.

The Clerk, my predecessor in office made a personal inspection of these buildings and was

was convinced that the amounts fixed by him were the maximum that could be realized under any circumstances.

4. It will be admitted on all hands that house accommodation is dearer in Bellary than in Adoni. The Police Station at Brucepet, Bellary which is a very fine structure situated in a crowded bazaar street was expected by your predecessor, to realize a monthly rent of only about Rs 30. Judged from this standard you will find that the estimate of rentals of this Department is very liberal and advantageous to the Municipality. In fact your predecessor has so recorded in his D. O. No. 713 dated 7.3.98 and was of opinion that it was even high.

5. For your ready reference I subjoin the estimates of this Department and of the Municipality.

Copy of letter C. No. 1066, dated 26.6.98 from E. A. Glavin Esq: Collector of Bellary to the Chairman, Municipal Council, Adoni.

In forwarding herewith
a copy of the Executive Engineer's
letter $\frac{3873}{20.6.98}$ offering remarks
on your letter to Government.
Dis: $\frac{232}{6.5.98}$ I have the honour to
request you to be good enough
once more to lay the matter
before the Council and to let
me know whether it still
adheres to its decision declining
to reduce the assessments on
Government buildings.

2. I quite agree with the Executive Engineer's view that G. O. 417 D. Dis conveys no approval of the assessments fixed by the Council, but must on the other hand, be held to amount to a suggestion to the P. W. D. that action should be taken by it with

with reference to Mr. Campbell's endorsement.

To the Collector

Extract from the Proceedings of the Adoni Municipal Council, dated 5th July 1898. —

2. Read letter C. No. 1066, dated 26th June 1898 from the Collector of Bellary, forwarding copy of remarks of the Executive Engineer on this office letter No. $\frac{234}{6.5.98}$ and requesting to reconsider the question of reducing the assessments on Government buildings at Adoni. —

The Council on reconsideration resolves to accept the D. P. W. Estimate from the current year. —

a statement from which
it will be seen that the
Annual Rent value on
which the Government
buildings in this Muni-
cipality has been assessed,
has been the same for
the last 6 years. —

The Council therefore
saw no reason to reduce
the taxes on these build-
ings, but reduced in
cases where reduction
was

was deemed reasonable.
The slight increase in
assessments on all Govern-
ment buildings was due
to the general enhance-
ment sanctioned by
Government in its order
no 907 M. Dated 12th
May 1898, which applies
to all buildings in the
Town. There is not much
difference between the
Executive Engineer's esti-

TO

THE Secretary to Government,

Madras.

SIR,

With reference to your endorsement No. 461, dated 25.4.98 referring to the Municipal Council, Adoni, for remarks, papers relating to the question of reducing the assessments on Government buildings in the Adoni Municipality, I have the honour to state that the Council at first declined to reduce the assessments under a mistaken impression that Government had in G.O. No. 417, Mys. dated 23.3.98 approved the assessments, but that on a further reference from this office on a letter received from the Executive Engineer the Council has reconsidered its decision and has accepted the valuations of the Public Works Department with effect from the current year. I recommend that in these circumstances

the assessments of the Council for last year may be accepted.

2. Copies of the Council's resolution, the Executive Engineer's letter and this office reference thereon are submitted for the information of Government.
