Enclosures.

Sir,
Gentlemen,

In returning herewith
the papers received with your endorsement
Ref No: 424 of the 27th Ultimo, I have the
honor to report as follows.

The site was inspected
by Mr. Coombes on the 6th July and the parti-
culars afforded have since been verified
with the following result. The masonry dust
bin which is marked on the plan, measures
4'-10" by 5'-9", while the whole of the ground
coloured yellow measures 7'-9" by 13'-6".
It will thus be seen that the scale in which
the dust bin is marked in the plan is
disproportionate to the whole extent and
that it is much larger than it appears to be.

3. If the land is sold, the masonry dust bin will have to be removed on to the street, which is not advisable. The narrow strip of ground is built on and may be sold; but the sale of the remainder is objectionable as it is used by the public.

4. Under recent orders the whole is Government land as it is roadside land. The Municipality has therefore no right to sell or to appropriate the proceeds of the sale.

Submitted to Government

in the Local and Municipal Department, with reference to Government Endorsement No 668 of 22 June 1899 herewith returned with its enclosures.

2. It is obvious that the land is not the property of the Municipality not being and never apparently having been a part of the road.

I have the honor to be,

Sir,
Gentlemen,
