Sir,

Thru the Collector of Trichinopoly.

I have the honor to submit
for the approval and sanction of Government
a copy of the Council's resolution No 161 dated
5th October 1897 regarding the grant of a
piece of land situated on the east side
of the Western Boulevard close by the Anai-
Kulam and measuring $1\frac{1}{4}$ acres to the
Mohamedan Educational Committee Trichi-
nopoly for the erection of the Shamisia
school.

2. When on a former
occasion the Council resolved to
a free gift of the piece of land
originally intended for
burial ground

(Vide my letter No 3251 dated 29th October 1896), it was objected to by the Collector on the ground that it formed part of the Boulevard and should be kept open and reserved for the use of the public for recreation purposes.

3. The site now proposed to be given is not open to any objection of the above kind and is nearly as well suited for the location of a school-house as the other being in close proximity to the 2 great colleges to which it is to form a feeder. The school in question is at present attended by about 300 Mohamadan boys. They now receive their education in what have been declared as objectionable buildings in that quarter. A good school house is therefore badly wanted and the Assistant Inspector of schools very strongly recommended the assignment of the site referred to in para 2. From time to time pieces of land situated in that quarter have been assigned to the inst. Joseph's College, the S. P. College, the National High School. Consider it and benevolent and the

poverty of the race whom it is to benefit, I beg to recommend that the Government may be moved to make a free gift of the land to the Mohamadan Educational Committee on the same terms as those imposed upon the National High School Committee. A sketch showing the locality is enclosed.

Sir,

I have the honour to forward here with letter No. 39 dated 23rd October 1897, of the Chairman, Municipal Council, Trichinopoly, recommending the free grant of 1 1/8 acres of land on the eastern side of the West Boulevard close to Anaikulam tank, to the Mahammadan Educational Committee for the erection of a school, and to report as follows:-

Extract from the Proceedings of the Municipal Council, Trichinopoly, passed at the Meeting held on the 22nd November 97

At a meeting of the Council held on the 22nd November 97 from the 10th to 11th of December 97, the Council resolved to grant a piece of land near Anaikulam tank, to the Mahammadan Educational Committee. The piece of land between the West Boulevard in the street and the tank, and the land between the tank and the railway line, is to be granted up to the Council of Trichinopoly. The Council of Trichinopoly has decided to grant the land to the Mahammadan Educational Committee for the erection of a school.

that they had no power to alienate the land without the sanction of Government.

3. As the land applied for is opposite to the public garden once asked for by the committee for constructing a school and refused by Government in G.O. no. 246 M. Mis. dated 19th February 1897, the Chairman was asked to report whether it was included in the moat and walls of Fort Shanded over to the Municipal Commission by G.O. no. 458 dated 6th April 1872, Financial, and which was reserved for recreation purposes. Owing to the non-existence of plans, documents and other records, considerable correspondence took place between this office and that of the Chairman of the Municipality. Finally the Chairman reported that the land did not form part of the moat or fort walls, but adjoined the old ditch. The site was inspected by Mr. Shipley who was of opinion that the request of the Council might be complied with, provided care was taken to leave a sufficient margin to the road and to prevent interference with Anaikulam tank. This has been provided for in the revised sketch marked B.

B, and recommends that the land as entered therein, amounting to 1.04 acres be assigned.

4. In order that the conditions of the grant be kept in memory, I would suggest that a nominal quit-rent of Rs 5 per acre be imposed as in the case of the land granted for a similar purpose to the Committee of the National High School in 1894.
