Telli-shery.

This Order. No. 1261 Dated 24/8/89

No. 442

The fees proposed by the Municipal Council for licenses for constructing, reconstructing or extending a well or building and for places used for keeping together twenty or more sheep or goats, or ten or more pigs or head of cattle, are sanctioned. But the proposal to levy a fee of Rs. 2. for places used for keeping together less than twenty sheep or goats or ten pigs or head of cattle, cannot be approved, as no license is required for such places under Section 188 (1) (c) of the Act.

2. The principle of classifying places used for storing or otherwise dealing with fish, with reference to

to the magnitude of the trade carried on therein is, in the opinion of Govt., incorrect. The rate of fees for these places should depend on the area occupied and the degree of nuisance arising therefrom; while in determining the rate of fees leviable in respect of livery stables, the accommodation^(1-2 number of stalls etc) available and not the number of carriages or horses kept should be taken as the standard. The Municipal Council is requested to reconsider the matter in the light of these remarks and report the result to Govt.

No. 442

Municipal Office
Tellicherry 12th August 1899.

From

A. F. Lemerle Esquire,
Chairman Delegate,
Municipal Council,
Tellicherry

To

The Secretary to Government
Local and Municipal Department
Fort St George.

Sir,

In reply to G.O. N^o 1098. M. S. S. S.

dated 3rd August 1899, I have the honor to report as follows:-

1. Constructing, reconstructing or extending a well or building. These are the existing rates in this Municipality sanctioned in G.O. dated 27th July 1885, N^o 323. Financial. One rupee is intended in the case of first class upstair buildings, and 8 annas in the case of 2nd class houses and wells. (with in 100 paces).

2. Places used for storing or otherwise dealing with fish. In this Municipality there are several fish traders, but all are not carrying on business in the same degree. Some export large quantities to Colombo and Bangalore, some transport to Wynaad, Coorg

and

and allercara, and some store them for the purpose of
retailing to petty dealers who in their turn sell them
in the country parts. The exporters are not all alike.
If all such traders are taxed under one class it
will not be deemed equitable, hence the varying rates
prescribed to all such cases.

3. Places used as a livery stable. There are stables
where one horse and a carriage are kept, some having
more than one and some more than five. The last class (ie where more than
five horses are kept)
was deemed to be the first class, and the next second, ie (where more than one horse
is kept)
and that having only one to be the 3rd class.

4. Places used for keeping together twenty or more
sheep or goats or ten or more pigs or head of cattle were
intended to fall under class one paying Rs 5. ... , and
places used for keeping any animal below the above-
mentioned numbers were to be classed as class 2, pay-
ing Rs 2.

I have the honor to be,
Sir,
your most obedient servant.

Attenu
Chairman
Delegato.
