To The Secretary to Government

Sir,

With reference to
G.O. No. 935 M. Mis dated
18th May 1898 enquiring
how an expenditure of
Rs 330-7-9 came to be
incurred on the construction
of the school house at

at Singaperumal Conil street
without approval of the plan
^{and estimate} by the Superintending Engineer,
and the remainder thereon.

I beg to state that the
original papers relating
to the subject are not
forthcoming in this office.

But from a copy of the
Superintending Engineer's
letter no: 199 m dated 4.7.92

since obtained from his
office, it appears that a
plan and estimate were
submitted to and approved

of by the then Superintending
Engineer with certain
modifications in design
and engineering details.

The foundation of the building

was

was probably laid in pursu-
-sance of that sanction. But
the Director of Public Instruc-
-tion ^{having} refused to sanction
the moiety of grant due by the
Educational Department,
the building was not proceeded
with.

2. As regards the suggestion
of the present Superintending
Engineer to select a new
site for the school house,
the matter was placed before
the Council at its meeting held
on the 20th June 1899 when it
resolved to relay the foundation
deeper as suggested by the
Sub-divisional officer P.W.D.
The matter was accordingly
reported to Government through
the Collector in this office Refe-
rence no: 68 of 1898 dated 29th

June

June 1898 but was returned
by him with the direction
that a new site should be
selected, the Executive Engineer
having pronounced the
present foundation un-
suitable and that fresh
enquiries should be made
in the matter. But no suitable
site could be found and
the Superintending Engineer
was accordingly addressed
in this office Ref No. 68
2m
dated 14th November 1898
enquiring if there were no
means by which substantial
building could be built on the
soil in question. No reply
has yet been received from
him. He has again been reminded.

I beg to remain
Your most ^{tr}obedient servant.
