Closure of the Thumbu Chetty
Esplanade Road, Madras.

F o r   o r d e r s:

The papers read above relate to the closure of the road passing through the High Court Buildings in Madras, known as the Thumbu Chetti Esplanade Road.

I should like to see a
plan on wh. this road
passing through the H.C.
buildings is marked.

2. In his letter, No.632 P.W., dated 19th October 1898, the President of the Madras Municipality enquired of the Registrar of the High Court under what authority the road in question was barred, as it was a Municipal road, and on the latter stating in ~~his~~ reply that the road was closed on his authority, with the sanction of the Officiating Chief Justice, on account of the inconvenience caused by the constant traffic through the compound and that he was not aware that the road was a Municipal road, he was requested by the President to remove the barriers.

Note for the Secretary
A plan has been obtained from the
Pt. of the Munl Commission and is put up.

3. The Registrar then requested the President to state definitely which of the roads in the High Court Compound he referred to as Thumbu Chetti Esplanade Road and what his authority was for calling it a Municipal road, and stated that, if the

the road which had been blocked up was in fact a Municipal road, His Lordship the Officiating Chief Justice proposed to address the Commissioners with a view to having it closed with the sanction of Government.

4. The President thereupon referred the Registrar to G.O., No.1196, Financial, dated 2nd June 1875, and pointed out that the Thumbu Chetti Esplanade Road was one of the roads in the list therein referred to. D.

5. The Registrar, however, stated in reply, that the Hon'ble the Judges of the High Court were not satisfied that the Thumbu Chetti Esplanade Road, which had been blocked up, was a Municipal road or that it was in existence as such at the time the High Court was built, that on the contrary there was reason to suppose that the road was closed before that date, and that from para.2 of the letter of the Quarter-master General to the Secretary to Government, Military Department, dated 16th January 1885, printed at page 2 of G.O., No.1066, Judicial, dated 24th April 1885, it was clear that the road in question was at that time closed. He further pointed out that the then President of the Municipal Commission was a member of the committee, which selected the site on which the Court now stands, that the site was handed over by the Military Department and not by the Municipality which would probably have had some voice in the matter, if the road in question had been a Municipal road, and that these circumstances led to the conclusion either that the road was not at that time regarded as belonging to the Municipality or that the Municipality was content to abandon it for the purposes of the High Court. He also observed that so far as the High Court had been able to ascertain, it did not appear that the Thumbu Chetty Esplanade road had been repaired by the Municipality in recent years, at any rate, and added that if the President of the Municipal Commission was unable to accept that view, the question might be referred to Government in order that the closing of the road might be finally sanctioned. F.

6. With the first of the letters read above, the President submits the papers for the orders of Government, and states that the Thumbu Chetty Esplanade road was included in the plan referred to in G.O., No.1196, Finnaicial, dated 2nd June 1875, and that it was last reformed in December 1897. The Deputy Adjutant-General, Madras Command, who was consulted in the matter, states that there is no military objection to the closure of the road in question. H. D. Cuo. 1707 m. I.

7. The point for decision in this case is whether the Thumbu Chetty Esplanade

Esplanade road is a military road or a Municipal road. The President relies on G.O., No.1196, Financial, dated 2nd June 1875 and contends that this road is one of the roads marked in the plan referred to in para.2 of the Quarter-master General's letter embodied in that order. From enquiries made in another connection, however, it appears that no definite information is now available as to what roads were referred to in para.2 of the Quartermaster-General's letter above quoted, as no copy of the tracing therein mentioned is available. From a list forwarded by the Deputy Adjutant-General, however, it will be seen that the Thumbu Chetty Esplanade road is one of the roads which were reserved as purely military roads in 1875 and for the maintenance of which a contribution of Rs.5,000 was paid until 1895 from Military Works Funds. Section 233 of the City of Madras Municipal Act I of 1884, as amended says that "all public streets in the city (not being the property or kept under the control of the Government) existing at the time of the coming into operation of this Act ÷ ÷ ÷ ÷ ÷ ÷ shall vest in the Commissioners". The road in question having been kept under the control of Government at the time of the coming into operation of the Act, it cannot be held to vest in the Municipal Commissioners. It is the property of the

BOW

This is clear, and as the road therefore does not vest in the M.C. & is part of the site ~~it was~~ made over by the Mil.y Dept. for the H.C. buildings ~~it is [illegible] the H.C. [illegible]~~ ~~close the road~~ the action of the H.C. in closing the road cannot be objected to.

the Military Department and formed part of the site assigned for the construction of the High Court, and from the letter of the Quartermaster-General to the Secretary to Government, Military Department, printed on page 2 of G.O., No.1066, Judicial, dated 24th April 1885, it appears that it was closed as a road at the time of such transfer viz. in 1885. It is therefore submitted that the High Court was fully within its rights in barring the roads in question and that there is no ground for Government to interfere with the action of the High Court in the matter.

On the contrary there is reason to suppose that the road was stopped before that date. In this connection I am to invite your attention to the letter of the Quartermaster General to the Secretary to Government, Military Department, dated 16th January 1885, printed at page 2 of G.O. No. 1066, Judicial, dated 24th April 1885. It will be seen from para. 2 of that letter that the road in question was at that time closed. Further, I am to point out that the then President of the Municipal Commission was a member of the Committee which selected the site on which the Court now stands and also that the site was handed over by the Military Department and not the Municipality which would probably have had some voice in the matter, if the road in question had been at that time a Municipal road. In reply to your docket of the 16th instant, No. 1248, referring, for the views of the Commander-in-Chief, letter, No. 723, of the 27th November last, from the Secretary to Government of India, Public Works Department, as to whether all, or any, of the roads marked in the accompanying plan (herewith returned) under the head of "Esplanade Roads" should be maintained on purely military grounds, and, if so, the reason why this should be done in each case, I have the honor, by order, to state that it appears there are 32 roads under the above heading, aggregating 19 miles 6½ furlongs in extent, the grant being Rupees 14,047.

2. On the grounds that no plea should be afforded for setting up a claim by the Municipality to the possession of certain roads, His Excellency is of opinion that those roads which traverse the esplanades of Fort St. George and the Island, and also the short road connecting the Expense Magazine with the main road should be maintained, as heretofore, by a Public Works grant. These roads are shown in blue in the accompanying traced plan. Their extent is about seven miles.

The Right Honorable the Governor in Council concurs with His Excellency the Commander-in-Chief in the opinion expressed in the 2nd paragraph of the Quartermaster-General's letter.

Thumboo ~~Chetty~~-Esplanade Road is nominally a road which runs from China Bazaar Road in a Southerly direction towards Fort Saint George but virtually it appears to be no more than an approach to the High Courts.It passes from China Bazaar up to the Courts,then under an archway which covers the entrances to those buildings,then out through the High Courts gardens and so towards the Fort.It is not used as a Military Road nor is ever likely to be,and I see no Military objections to its being closed,
