FOR ORDERS.

Note for 10/1/99

According to the Budget for 99-1900
the Vallon Municipality has money
£2000 - but no doubt the past year
ended with a very small balance
and as taxes are not yet coming in
the Council have not enough funds to
go on with. The Act General has
now been directed to give the Council
£2000 advance as the matter is
urgent and a strike in Vallon
would be calamitous just now.
The papers are submitted to HM
for his approval - when the letter
comes in the matter will be put up
again for orders.

*Approved
26. 4. 99.*

order No 559A mins of 26/4/99
As has already been pointed out to
the Municipal Council no second
loan to the Vallon Municipality has
been sanctioned - However, it
would appear that the Council has
no balance with which to meet urgent
claims on account of plague & latrines
Rosa. The Act General will be
requested by telegram to place £2000
at the disposal of the Chairman of
the Municipal Council Vallon - The
subsequent adjustment of the
advance orders will issue later.
2 The following telegram will be
despatched to the Act General -

*Please place immediately at the
disposal of the
Vallon Municipal Council £2000*

from the allotment for grants to
Municipalities in this year budget

Again this office Reference on C. No. 4365 dated 21st April 1899, forwarding to Government telegram from the Collector of North Arcot requesting early orders on the application of the Vellore Municipality for a loan of Rs. 10000 to meet plague expenditure.

Again this office telegram to the Collector of North Arcot dated 21st April 1899, "Vellore application for further loan refused. What has become of loan granted in February? What are plague charges to date?"

Also the following letter from the Collector of North Arcot dated 23-4-99 No. 1594/P :-

With reference to your telegram of the 21st instant asking me to report what has become of the loan already granted to the Vellore Municipality and what the plague charges of the Municipality amount to up to date, I have the honour to inform you that I have called for information on the above points from the Chairman, and that it will be communicated to you in due course. In the meantime I forward to you a statement received from the Chairman, which shows the actual plague expenditure incurred by the Municipality during March 1899 and the amount of the plague bills pending payment in the Municipal office. The first loan of Rs. 10000 was granted in March and the Municipality has spent Rs. 5642 out of this for plague purposes. The balance in the Vellore sub-treasury at the credit of the Municipality on 31st March was Rs. 175 and it is therefore clear that about Rs. 4200 has been appropriated by the Municipality for other than plague purposes. The outstanding plague bills, however, amount to Rs. 9981 and these cannot be paid unless an additional loan is granted to the Municipa-

-lity. It is impossible to carry on plague operations in Vellore without an immediate loan and they will come to a dead lock unless the ^{Rs} 10000 Rupees applied for is placed at once at the disposal of the Municipality. If this loan is sanctioned, care will be taken to insist that it shall be applied only for plague purposes. I therefore request that you will kindly obtain sanction for the grant of a further loan of Rs. 10000 and communicate it to me by wire. A third loan is likely to be required almost at once as the Municipality appears to be practically bankrupt. Its financial affairs are now under investigation by the Sub-Collector and ^{will} ~~we~~ reform the subject of a special report to Government.
