Ordering, with remarks, that the revised —, for the year 1897-98 be forwarded to the Government of India.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue (Land Revenue), No. 343, dated 15th December 1898:—

Read—Replies of certain Collectors to Board's Proceedings, No. 170, dated 8th July 1898.

Read—also the following Government Order, No. 638, Revenue, dated 3rd November 1898:—

Read—the following Proceedings of the Board of Revenue (Land Revenue), No. 170, dated 8th July 1898.

Resolution—No. 170, dated 8th July 1898.

The Board resolves to submit to Government the accompanying statements showing the alienations of land and of land revenue sanctioned during the official year 1897-98, together with abstracts in the forms prescribed by the Government of India.

2. Pending the receipt of orders on the points raised in paragraphs 7 and 8 of Board's Proceedings, Mis. No. 660, dated 5th March 1898, the statements have been prepared on the same lines as in the previous year. But in accordance with the instructions issued by the Government of India in paragraph 6 of its letter No. 361—33-2, dated 26th February 1898, communicated with G.O., No. 1388, Revenue, dated 18th March 1898, details of area have been omitted from statement II when the entries concern alienations of land revenue unaccompanied by any grant or transfer of land.

3. The statements received from the seven districts noted in the margin being incomplete, the information has been supplemented by reference to the records available in the Board's office. The Collectors concerned are requested to verify the entries now made and to insert such additional entries as may be required.

South Arcot.	Madura.
Ganjám.	Salem.
Górávari.	Tanjore.
Kistna.	

4. The estimated yearly rent value shown in column 4 of statement I. differs from the yearly assessment or quit-rent foregone as shown in column 4 of statement II in the districts named in the margin. The figures which involve discrepancies have been distinguished by italics. The Collectors concerned are requested to explain these differences.

South Canara.	Malabar.
Ganjám.	Salem.
Górávari.	Tanjore.
Madras.	Tinnevely.
Madura.	

5. The Collector of Ganjám has assigned 6 cents of land in Sompert village free of assessment to the Local Fund Board for the construction of a dead-house without obtaining the previous sanction of Government under Standing Order No. 12-A. Similarly the Collector of Kistna has alienated 21 cents of land in Mailavaram village for a Local Fund choultry. The Board requests sanction for these grants, subject to the condition that the land shall in each case revert to Government when it ceases to be utilized for the purpose specified.

6. The Collector of Ganjam has included in statements I and II nine cases of lands which were acquired under the Act and made over to the East Coast Railway or to the Salt Department. Pending further explanation, these cases have been excluded from the statements in accordance with the instructions of the Government of India contained in paragraph 4 of its letter No. 586, dated 17th December 1879 (*vide* G.O., No. 127, Revenue, dated 3rd February 1880).

7. The Collector of Kistna has included in his statement I certain cases where money compensation was awarded for lands which were acquired under the Act and subsequently made over to the Local Fund department for the construction of roads. The Collector is requested to report whether the compensation in these cases was paid by the Local Boards concerned.

8. *The Nilgiris*—entries in column 6 of statement I and in column 5 of statement II against Kotagiri.—Certain land belonging to Mr. W. L. Edmiston was acquired under the Act for inclusion in a reserved forest. Mr. Edmiston received fresh land in exchange free of assessment on the understanding that the market value of the land assigned to him *plus* the capitalized value of the assessment foregone in respect of the same should be equal to the money compensation awarded to him. According to the usual practice in such cases, the figure denoting *price received* to be entered in column 6 of statement I is Rs. 207 (column 5 of statement I) + Rs. 601 (column 5 of statement II against the Nilgiris) = Rs. 808. This sum has accordingly been shown in column 6 of the Board's statement I.

9. The Collector of North Arcot has shown in his statement I certain cases of transfer of land to road poramboke under paragraph 3 of Standing Order No. 12-A. Presuming these to be cases in which assessed land was converted into unassessed or poramboke land in view to its being granted to a Local Board for the purpose of making roads, the Board has included them in statement II also; the Collector is requested to verify the presumption.

10. The Board observes that it has been the practice to show in both the alienation statements certain classes of grants to local bodies where no revenue can be said to be foregone by Government. As observed in paragraph 7 of Board's Proceedings, Mis. No. 660, dated 5th March 1898, the object of the Government of India in prescribing the statements appears to have been to prevent the unrestricted alienation of land revenue and revenue-paying lands in favour of private individuals or of local bodies. On that occasion the Board pointed out that it was unnecessary to include in these statements cases where land is assigned on the condition that an annual amount not less than the full ryotwari assessment due thereon shall be paid by the grantee. Continuing the same argument, the Board would now observe that poramboke or communal land which is classed as unassessed and from which Government does not expect any return in the shape of land revenue is often assigned to local bodies for uses either identical with or akin to those for which such land was originally set apart, *e.g.*, for road making, conservancy of public health, and for the building of local fund schools, hospitals or choultries. As no land revenue is foregone by Government in these cases, the Board is of opinion that they may also be properly excluded from the alienation statements. At present the amounts entered in such cases as *yearly rent value* in statement I or as assessment or quit-rent foregone in statement II are fictitious; and as generally happens with fictitious figures, discrepancies such as those noticed in paragraph 4 above are of frequent occurrence. The question of the advisability of excluding such cases from statements I and II is submitted for the orders of Government and if necessary of the Government of India in continuation of Board's Proceedings, Mis. No. 660, dated 5th March 1898.

Miscellaneous.

With the Proceedings read above, the Board submits the statements of alienations of land and of land revenue during the year 1897-98.

2. The Collectors of South Arcot, Ganjam, Gódvári, Kistna, Madura, Salem and Tanjore have been directed to verify certain entries made by the Board and to insert such additional entries as may be required, and the Collectors of South Canara, Ganjam, Gódvári, Madras, Malabar, Salem, Tanjore and Tinnevely have been called upon to explain certain discrepancies noticed by the Board in regard to the estimated yearly rent value and yearly assessment or quit-rent shown in column 4 of statements Nos. I and II. These statements appear, however, to need further revision with reference to the following remarks:—

(i) The undermentioned cases of alienations of land and assignments of land or beriz deductions in lieu of lands taken up for public purposes have not been included in the statements:—

(ii) The capitalized value entered in column 5 of statement No. II in the case of entry 158 acres against Odur village, Gódvári district, should, if the figure Rs. 10-15-0 entered in column 4 is correct, be Rs. 317.

(iii) Details of area have not been given in statement No. II in the following cases though alienations of revenue seem to be accompanied by grant or transfer of land (*vide* entries in columns 4 and 12 of statement No. I):—

Ganjam district ...	{	Diopodalo.
	"	Khoyiraputti.
	"	Jiravuli.
	"	Malati.
	"	Singapuram.

The Board of Revenue is requested to submit as early as possible revised statements for transmission to the Government of India.

3. The alienations of land referred to in paragraph 5 of the Proceedings are sanctioned as recommended by the Board. The land granted in Mailavaram village for the Local Fund choultry will, however, be free of assessment until five years' accounts become available in order to decide whether it should be permanently exempted from assessment, so long as the institution is maintained upon it.

4. The Collector of the Nilgiris has alienated free of assessment 2 acres and 6 cents of land valued at Rs. 3,090 to the Ootacamund Municipal Council for widening a road. This is beyond the competence of the Collector, who cannot sanction grants of land to local bodies exceeding Rs. 3,000 in value (*vide* paragraph 9 of the Government of India Resolution in Government Order, No. 681, Public, dated 6th June 1872, and Government Orders, No. 233, dated 23rd March 1891, and No. 895, dated 23rd September 1891). The sanction of the Government of India is accordingly

requisite. The Collector should be called upon to explain in what circumstances the land was granted without proper sanction and to submit the necessary statements for transmission to the Government of India.

5. With reference to the question raised in paragraph 10 of the Proceedings, the Government observes that grants free of assessment of poramboke lands fall within the scope of the resolution of 1872 (*vide* paragraph 1 of Government Order, No. 233, Revenue, dated 23rd March 1891). The principle to be followed in the preparation of the statements is that, excepting lands disposed of under the rules for the grant of waste lands, every alienation of land, the property of the State, whether the land pays revenue or not, should find a place in the statements.

2. Paragraph 3 of Board's Proceedings, No. 170, dated 8th July 1898, and paragraph 2 of Government Order, No. 638, Revenue, dated 3rd November 1898.—The entries compiled from the Board's records have been verified by the Collectors concerned, with the result that the Collectors of Salem, Ganjám and Górávari have reported the corrections noted in the margin,* while the other Collectors have accepted the Board's figures as correct.

3. None of the Collectors has noticed the omissions referred to in paragraph 2 (i) of Government Order, No. 638, Revenue, dated 3rd November 1898. All these cases except one have now been embodied in the revised statements appended to these Proceedings. The excepted case relates to Chingleput and is dealt with in Government Order, No. 5048, Revenue, dated 27th September 1897. In this case certain inam lands were acquired under the Act and compensation was given for them in the shape of other lands, which were, however, the property of private persons in permanently-settled estates and were consequently purchased out of the sum awarded as compensation

for the inam lands. As the alienation in this case did not concern land which was property of the State, it has been excluded from the revised alienation statement.

The Collector of Ganjám reports that the 28 cents of land in Bonka vi referred to in the statement of corrections contained in the preceding paragraph were assessed waste assigned in exchange for 17 cents of ryotwar land belonging to two temples and taken up for the Rushikulya project. The holders of the land taken up had only a limited interest therein and were not competent to alienate it. The Collector explains that the omission to obtain the sanction of Government, which is necessary under section 31 (3) of Act I of 1894, was due to oversight. Accordingly the Board now requests sanction for the exchange and submits the usual remuneration statement.

4. Paragraph 2 (ii) of Government Order, No. 638, Revenue, dated 3rd November 1898.—The assessment (Rs. 10-15-0) entered in column 4 of statement II in the case of 1-58 acres, against Odur village, Górávari district, is correct, and the capitalized value thereof should therefore be Rs. 317. The error noticed by Government was due to the press.

5. Paragraph 4 of Board's Proceedings, No. 170, dated 8th July 1898, and paragraph 2 (iii) of Government Order, No. 638, Revenue, dated 3rd November 1898.—In 28 cases relating to nine districts, the Collectors concerned were asked to explain the differences between the estimated yearly rent value and the yearly assessment or quit-rent foregone as shown in column 4 of Statements I and II, respectively. Leaving out of account five* cases in Ganjám, referred to in paragraph 2 (iii) of Government Order, No. 638, Revenue, dated 3rd November 1898, in which service inams were taken up on payment of compensation in the shape of an annual beriz deduction and which therefore should not have been shown in Statement I, and one † case in Górávari in which the yearly rent value as now reported is the same as the yearly assessment (Rs. 0-2-5)

* Cases sanctioned by Collector—to be omitted from statement I.

foregone, it appears that the variations are generally due to the fact that the annual rent which the land would have fetched if leased out was shown as the yearly rent value in column 4 of Statement I, while the proportionate peishkush or quit-rent or assessment according to the tenure on which the land was held (or if it was unassessed, the assessment of similar lands in the neighbourhood) was shown in column 4 of Statement II as the yearly assessment or quit-rent foregone.

In Malabar the variation is due to the fact that the rent value shown in statement I includes the janmabhogam besides the assessment shown in statement II.

6. Paragraph 6 of Board's Proceedings, No. 170, dated 8th July 1898.—The Collector of Ganjám reports that the exclusion of the nine cases referred to in this paragraph was correct.

7. Paragraph 7 of Board's Proceedings, No. 170, dated 8th July 1898.—The Collector of Kistna states that the Board's surmise that compensation was paid in all cases by the Local Boards concerned is correct. No alterations are therefore called for.

8. Paragraph 9 of Board's Proceedings, No. 170, dated 8th July 1898.—The Collector of North Arcot reports that 56 cents of assessed dry land in Manjambedu were transferred to cart-track poramboke and not to a Local Board and that the presumption expressed by the Board is correct in the other cases referred to. The entries relating to Manjambedu have accordingly been omitted from both the statements. The Collector has not reported the market value in the other cases. The Board presumes that the value is not directly ascertainable and has assumed it according to the rule in such cases to be fifteen times the assessment. The figures now entered against these cases in column 5 of statement I have been arrived at on this assumption.

9. Paragraph 3 of Government Order, No. 638, Revenue, dated 3rd November 1898.—The attention of the Collector of Gódvári will be drawn to the fact that the land granted in Mailavaram village for the Local Fund choultry will be free from assessment only until five years' accounts are available.

10. Paragraph 4 of Government Order, No. 638, Revenue, dated 3rd November 1898.—The statements called for by Government in respect of the 2.06 acres alienated to the Ootacamund Municipal Council for widening a road are submitted herewith. The order requiring the previous sanction of the Government of India to be obtained where the value of a grant exceeds Rs. 3,000 was apparently overlooked by the Collector in this case as the limit is not specially referred to in paragraph 3 of Board's Standing Order No. 12-A, which authorizes Collectors to grant unoccupied lands free of assessment or exempt occupied lands from assessment when required for roads by transferring them to poramboke. The Standing Order will be amended so as to make it clear that Collectors' powers in this respect are limited to cases where the value of the land does not exceed Rs. 3,000.

11. Paragraph 5 of Government Order, No. 638, dated 3rd November 1898.—With reference to the instructions issued by Government in this paragraph, the following addition will be made to the "cases which should be included" in statement I enumerated in paragraph 8 of Board's Proceedings, No. 67, dated 22nd February 1897. The Board is doubtful, however, about item 3 (a) below and solicits the orders of Government:—

"(3) Sales of land at the disposal of Government effected otherwise than in accordance with the rules for the grant of waste lands. The following cases come under this category:—

- Sales of town-sites at the disposal of Government subject to ground-rent under the provisions of Standing Order No. 37;
- Sales of land in the town of Madras subject to quit-rent; and
- Sales under paragraph 19, Standing Order No. 11, of land acquired for public purposes and subsequently relinquished."
