troubled in order to provide the required funds for carrying out certain improvements to the water supply of the town. The Council now says that as a water supply scheme is now under consideration the improvements suggested by the Collector would be unnecessary & that therefore the suggested increase of the water and drainage tax may be postponed for the present. This question ^{of increasing the rates the tax} will however be considered in connection with the financing of the water supply scheme when the papers are received back from the San. Board, to which the scheme has been referred for remarks vide flag C.

I Read G.O. No. 361/M. dated 15 March 1899 reviewing the Coonoor Municipal Budget for 1899-1900

The new water scheme having been sanctioned and a loan of Rs 50,000/- granted by Government,

Vide para 3 of the G.O. referring to the Council the Collector's portion to increase the rates the water & drainage tax.

the Council considers that the sums intended for improving the old supply, need not be expended, and that for this reason the rate of the water & drainage tax need not be raised at present.

The scheme has not yet been sanctioned. The plan has been referred to the Council for its consideration. According to the reply to the Council, the Council has decided to refer the matter to the San. Board. Sir,
