Please see the notes and orders in G.O. No. 1851 m. dated 31st October 1898. The Collector now reports that the value of the trust property is estimated at Rs 10000, that the Chairman says that the creators of the trust have got a valid title to the property and that although there is a reversioner, his claim to the property to the subject-matter of the trust is unavailing in view of the circumstances stated in the deed of trust. The Director states that the Vedic School in question has already been opened, that the endowment is intended for maintaining this school permanently and that a school of the kind, if worked on properly, is expected to fulfil a useful

purpose, and he suggests that the School should be converted into a Sanskrit School conforming to the Curriculum laid down in Appendix A to the Educational Rules, the recitation of the Vedas being taught in addition. He however doubts whether the cost of maintaining such a school can be kept within the income to be derived from the endowment, but states that the full details of the plan on which the school should be conducted, may be worked out after sanction has been accorded for taking over of the school by the Municipality.

It is submitted that the proposal of the Municipal Council to take over the school in question may be sanctioned, its attention being drawn to the Director's suggestion in para. 2 of his letter, and that the Director may be asked to settle with the Municipal Council the details of the plan on which the school should be conducted and to report the result to Government. - A proper trust deed

V.B. 13/5/99 Sh. he draws up making over to trust to the Council - The Council may be directed to see that this is done.

THE HONORABLE MR.

THE SECRETARY TO

Local and Municipal DEPARTMENT,

Fort St. George.

SIR,

With reference to G.O. No 1851 M. Mis. dated 31st October last, I have the honor to state that the Vedic School at Cocanada seems to have already been opened and that the endowment is intended, not for the opening of a new school, but for the maintaining permanently by the Municipal Council of the school already in existence. 2. A school of the kind referred to, if worked on proper lines, is expected to fulfil a useful purpose. As at present constituted, it is reported to profess to teach only the Yejur Veda and its different branches, which the students are taught to recite by heart, special value being placed on the special accentuation with which they should be recited. The native gentlemen of the town, who were consulted, seem to be of opinion that this is an excellent opportunity for the introduction of an intelligent study of the Vedas, instead of the present system of recitation, by awarding scholarships only to those who have already acquired a fair knowledge of Sanskrit. This suggestion seems to me a good one. I perfectly agree with the Honourable Dr. Duncan, who was of opinion that it would be preferable if the school were converted into a Sanskrit school conforming to the curriculum laid down in Appendix A of the Educational Rules, the recitation of Vedas being also taught in addition; but I am not sure whether the cost of maintaining such a school can be kept

BACK PAPERS.

3. The Chairman has reported that the annual yield from the properties will be Rs. 560 and the cost of maintaining the school may be kept within this income as shewn below:-

	Per annum.
One Pandit on Rs. 15 per mensem	Rs. 180
Peon and sweeper 3	36
Six scholarships at Rs. 4-24 p	288
Annual repairs and other minor charges	56
	Rs. 560

The full details of the plan be conducted may be worked out after sanction has been accorded for the taking over of the school by the Municipality.

I have the honour to be,
Your most obedient servant,

Trust deed executed by Ramalishan
 - mma garu, adoptive mother & guardian
 of Madanagopalappa the adopted son of
 Bollapragada Kamarra garu, a brahmin
 & an mandar, & an inhabitant of
 Jagannathapuram in the Cocana da
 sub-division of the Godavari St.

During the life-time of late
 Kamarra garu, my husband & father
 of the minor Madanagopalappa, ^(Kamarra) he intended
 to open a "Sukla yajurveda" school
 in Jagannathapuram, to make provision
 for the pay of the teachers, ^{and, as far as} ~~if~~ possible,
 for the feeding of the students too, & to
 build a house for that purpose; and
 while endeavouring in that direction
 he used to tell me, being himself
 an old man, that, if he should fail
 to carry out his object in his life-time,
 I must fulfil it after his death.
 Thus on the eve of his death he instructed
 me to build for this school in his
 self-acquired site in Jagannathapuram.

3. The Chairman has reported

wild house (containing an open area with rooms at the corners), to purchase & assign to the school lands yielding an annual income of 100 Rs. with which to meet the pay of the teacher, the feeding charges of the students & the repairs of the house &c, to also assign to the school the bungalow in Cocanada with its compound, bearing municipal no. 940 & now rented for the municipal office, and the tiled house with site lying on the printing office road in Cocanada & bearing municipal number 948, to utilize the income from these properties for the above purposes, to appoint suitable trustees whenever it may seem necessary for the efficient discharge of the trust, to adopt a boy to perform his duties &c, and to do some other things - Agreeably to his instructions, I have built for the school a tiled house in the Jagannathapuram site with the sale proceeds of my jewellery, and purchased in Achyutapuratharam in the Cocanada sub-district the following nam land yielding an annual rent of about 50 Rs. from Varahagiri Sarayi and obtained from him a registered

sale deed of 28th July 1884. The bungalow with site now rented for the municipal office has been assigned to the school - As certain arrangements have yet to be made for the school, I have for the present kept all the above properties under my occupation. So ensure if instruction is properly given at this school & to ensure its being so given, to effect necessary repairs & improvements to the school house, to properly manage the properties already assigned & to be hereafter assigned to the school, to appropriate the income accruing therefrom for the school purposes, to maintain the school, to retain the necessary & dismiss the unnecessary servants, and to do all other acts essential for the prosperity of the school, I appoint as trustees Adurti Lakshminarasimharupara, Sigumarti Kesavaraswami garu, Ideti Lakshminarasimham garu, Ideti Jagannatham garu, Jannuri Sitaramaswami garu, Attota Venkaya

 in the school properties, nothing should
 be done unless all or two-thirds of the
 trustees meet for the purpose - Not

 expenses of the school. Two or three

TO
 The Secretary to Government
 Local and Municipal Department

Sir,
 In reply to G. O. No. 1851 M. M. dated 31.10
 I have the honor to report as follows: -
 2. The approximate value of the trust
 property is estimated at Rs. 10,000. It
 consists of
 (1) a tiled building on the Bridge road
 Jagannickpur valued at Rs. 2500,
 (2) the Municipal office building on the
 Bank road worth about Rs. 6500, and
 (3) an Inam land at Achutapuratriam
 in the Cocanada Division valued at Rs. 1000.
 3. The chairman reports that the creators
 of the trust have got a valid title to the
 property. They have a Gnyati or

owner named Bolla Praggada
 Sunderaopalam who is Ramalaksh-
 mamma's father-in-law's elder brother
 Great Grand son, but his claim to the
 endowment, the chairman says, is
 untenable in view of the circumstances
 stated in the endowment deed a translation
 of which is enclosed.

4. I recommend the acceptance
 of the trust by the Municipality.
