Sir,

I have the honor to ask that the Govern-
ment may be pleased to reconsider the order N^o 244
dated 28th February 1899 wherein the Government has
declined to allow the Council to augment the salary
of the Registration Clerk from Rs 17/8 to Rs 20/-.
The order adopts the remarks of the Sanitary Commis-
sioner upon the point mentioned in his letter N^o 584/98
dated 23rd February 1899 in which he deprecates
that the Clerk in question should be called upon to
do any other work than that of Registration lest
it should vitiate his legitimate work.

I desire to point out that for many
years the Clerk has been assisting in the general
work of the Office and, as I am informed, at no

Since the receipt of the G. O. No 274,
I have felt that I am scarcely warranted in
allowing him to work outside the actual Registration
department and am only doing so pending orders
upon this reference.

has since any complaint been made that the Registration work has been neglected. I can of my own knowledge testify that the work done by him outside Registration has been exceedingly useful and has been well done. In especial he has been found very useful in drawing plans & maps as they have been required - and I have not the least fear that if he be allowed to continue this general aid in the Office his own particular work will suffer. The work of the Registration department is quite insufficient to occupy him fully during the hours which the other clerks usually attend to Office work and I venture to submit that it would be very prejudicial to discipline in the Office if one clerk be unoccupied and exempted from such work as the others do.

Furthermore I find that the Office staff, even with the very considerable assistance which he has been giving already, is very frequently compelled to work beyond Office hours and the remaining clerks will not be able to do that which he has been accustomed to do as well as their own work. There will therefore arise an absolute necessity that a further clerk will have to be entertained notwithstanding that there would be scarce sufficient for full time work for him.

Since the receipt of the G. O. No 274, I have felt that I am scarcely warranted in allowing him to work outside the actual Registration department and am only doing so pending orders for this reference.

I would also point out in reference to the concluding portion of the Sanitary Commissioner's letter that there are many miscellaneous matters to be done in the Office which are quite as extra to the Collection as to the Registration Department. There are matters which cannot well be classed at all.

If the Government, for any of the foregoing reasons should see fit to allow the Registration clerk to continue aiding in its general duties as before, it will at the same time I hope sanction the slight recompense which the Council has desired to give him, for there is certainly no clerk in the Office who has more zealously and efficiently worked than he.

I have the honor to be,
Sir,

Your most obed^t servant.
