Division of Chidambaram into Wards.

Ordering the publication, in the Fort St. George and the South Arcot District Gazettes, of a notification proposing to divide the Municipality of Chidambaram into wards for electoral purposes and stating that any objection or suggestion that may be made in respect of the division will be considered on or after the 15th July next; and requesting the Superintendent, Government Press, to print the required number of copies of the notification in English and supply them to the Collector for circulation with the District Gazette.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—again the following paper:—

G.O., Mis. No. 1285 M., dated 18th July 1898.

Read—the following letter from the Chairman, Municipal Council, Chidambaram, to the Secretary to Government, Local and Municipal Department (through the Head Assistant Collector and Collector of South Arcot), dated 4th June 1898, No. 227:—

The privilege of electing four of the councillors of this Municipality was accorded by Government in their Proceedings, Mis. No. 533 M., dated 28th March 1890. The councillors thereon proposed to divide the town into four wards for electoral purposes; but in their Proceedings, Mis. No. 672 M., dated 5th May 1891, the Government expressed their opinion that the division of the Municipality into wards for electoral purposes was unnecessary, in view of the small number of councillors to be elected and informed the Council that, should the Council still think it advisable to divide the town into wards, full information as to the population of each of the proposed wards, the castes of voters resident in each and the number of voters belonging to each caste resident therein should be given. Thereon, the Council resolved, at its meeting held on the 19th May 1891, that the town need not be divided into wards for electoral purposes and consequently four of the councillors have been elected by the town as a whole.

2. With reference to a mahazar received from some of the townspeople requesting that the town may be divided into wards, the Council has resolved that the sanction of Government be obtained for such division with effect from the 1st proximo—vide copy of the Council's Resolution, No. 15, dated 16th May 1898, enclosed.

3. A statement showing the number of voters in each ward with particulars of their castes is herewith submitted. Information as to the population of each ward is not available. The total population of the town according to the census of 1891 is 18,640 and a fourth of it may be roughly taken to be the population of each ward.

4. Of the four elected councillors now in office, three are Brahmans who are second-grade pleaders, while one is a non-Brahman Hindu. The mahazar has been signed mainly by non-Brahmans and by a few Brahmans also. In my opinion, it reflects the grievance especially of non-Brahmans who form the bulk of the population and who appear to feel that, at least two, if not three, of the elected seats would have been secured by them if the town had been divided into wards; their prayer seems reasonable, and I have the honour to request that the Government may be pleased to sanction the proposal of the Council. If sanction be accorded, a statement showing the boundaries of each ward will be submitted.

5. The four elected councillors will vacate their respective seats, according to the rules under which they were elected, on the dates noted against them below:—

- (1) M.R.Ry. Srinivasa Aiyar Avargal—28th January 1899.

Resolution No. 15.—Resolved unanimously (one of those present being an elected councillor) that the sanction of Government be obtained for the division of the town into four wards for electoral purposes with effect from the 1st July 1898.

2. I endorse the recommendation of the Council. Although the number of voters is small, I think that, by the election of councillors by separate wards of the town, the opinion of the electors would be better gauged and the responsibility of each councillor more defined. Both these results are especially desirable in this Municipality. I very much doubt if wards III and IV are properly represented in the present Council.

PROCEEDINGS of the Municipal Councillors of Chidambaram passed at their meeting held on the 16th May 1898.

Read mahazar from certain inhabitants of Chidambaram requesting that the town be divided into wards for electoral purposes.

Read also the following papers connected with the above subject:—

1. This office letter, No. 173, dated 16th December 1889, to Government.
2. G.O., Mis. No. 533 M., dated 28th March 1890.
3. This office letter, No. 15, dated 5th April 1891, to Government.
4. G.O., Mis. No. 672 M., dated 8th May 1891.
5. Paragraph 2 of the Head Assistant Collector's letter, No. 638, dated 19th June 1897, recorded in G.O., No. 2085 M., dated 23rd September 1897, reviewing the administration report of this Municipality for 1896-97.

Resolution No. 15.—Resolved unanimously (one of those present being an elected councillor) that the sanction of Government be obtained for the division of the town into four wards for electoral purposes with effect from the 1st July 1898.

2. I endorse the recommendation of the Council. Although the number of voters is small, I think that, by the election of councillors by separate wards of the town, the opinion of the electors would be better gauged and the responsibility of each councillor more defined. Both these results are especially desirable in this Municipality. I very much doubt if wards III and IV are properly represented in the present Council.

READ—also the following paper:—

From the Chairman, Municipal Council, Chidambaram, to the Collector of South Arcot, dated 30th April 1899, No. 209.

With reference to your endorsement No. 684-Sup. Eng., dated 3rd January 1899, I have the honour to resubmit herewith the revised sketch and boundary lists of wards into which the Municipality was proposed to be divided.

Dis. No. 282-Eng. D.

True copy submitted to Government in the Local and Municipal Department with reference to G.O., Mis. No. 2132 M., dated 14th December 1898. In the description of the northern boundary of the fourth ward, the word "northward" marked in pencil appears to be a mistake for "eastward." In the sketch the green line showing the boundary of the second ward has not been completed but stops short where it touches the north main road to Cuddalore and the western limit of the road marks the boundary after that point.
