The expenditure on Roads - including the Military Contribution was as follows.

97-98-	4357.
96-97-	7845.*
95-96.	3017
94-95.	4936
93-94	3720
92-93.	4080.

* Due to special repairs to roads having been reported as special, had in the previous year -

Tolls have decreased - probably owing to the Railway - especially to S.M. from Koppet being used more fully than formerly to bring in goods. The poor income has however not decreased.

The roads in the Bellary Cantonment have always been a bone of contention. It was so in 1878-79 when Lewis Vice President: The native element in the Municipality naturally enough would leave their roads alone - They are hardly used by any body - outside the Military population - It is however submitted that it is important that these roads should be kept in order. In 1892 the Military authorities said that not less than Rs 2000 would be required to keep these roads in order: The Military population pay a considerable sum in Proprietary tax and outside the Roads they do not get much benefit from the Municipality.

The figures now put up show that the present income is not diminishing & that the ^{average} expenditure on roads other than military ^{remains} ~~has~~ not been reduced.

pretty constant.

No case has been made out for reducing the allotment of Rs 2000 for the ^{cantonment} ~~suburb~~ roads & the app^{ly} must be declined.

1. Mag. B. M.A. 26.5.99.

The complaint of the Municipal Council will recur again & again. They will always take any opportunity that they can get to try & get this grant reduced.

future years is now the question -

to the H.M. as it was merely maintaining
the Budget order already passed. The
