Mis Order

For the reason assigned by the Collector in para. 1 of his endorsement, the proposal of the Municipal Council cannot be sanctioned.

15/6/99 10.6.99

The Govt considers that in the present state of the

finances of the Municipality, it is not advisable to sanction the proposal. It is noted that the

note estimated closing balance is only Rs 1700 & that in order

The closing balance in the budget for 1899-1900 is only Rs 1700 or 3.9 per cent of the estimated receipts, and in order to provide for plague charges credit has been taken therefor a loan of Rs 3000 from Govt. &

to provide for this, credit has been taken for a loan of Rs 2000 - from Govt.

11/9/99

It will be a decided improvement.

11/9/99

It is submitted that best use will be made of the information contained in the Govt's endorsement. The proposal, from my recollection, for the same, is a proper one.

Year 1899-1900.

Approved & adopted by the Council.
With reference to Mr. Gnanan Daria's
Proposal to straighten the
North Cotton road, the Council

finds no small increase of municipal revenue

is quite willing to accept it provided that the road be 30 feet broad and half the cost of removing the Conduit and making the road be borne by the land owners adjoining the road, the other half being borne by the Municipality. On the consent of the respective parties being obtained, Government will be addressed on the subject.

Sir,

I have the honour to enclose copies of the resolutions of the Council dated 9th 4.25.299 regarding the straightening of the Cotton road and request you will be so good as to obtain the sanction of Government for same.

The above mentioned road connects the great Cotton Road and the Chattram street road which are both very important thoroughfares and it has been thought that if the awkward curve which the road forms at present could be straightened the said road would become both convenient to the public and an ornament to the town. While bazaar which are likely to spring up on both sides of this new road would, at the same time, furnish no small increase of municipal revenue.

The two owners of the adjoining land have been asked to contribute half the cost of the alteration of the road as well as of the water conduit which lies beneath it. This they have agreed to provided that the site of the existing road representing an area of 2376 sq. yds. be made over to them in return for the land which they have to give up for the new thoroughfare.

A sketch showing the alterations decided upon by the Council is herewith enclosed together with an application for allotment of funds required for same.

I have the honour to be
Sir,

Yours most obedt Servt
