3 Do H. Lakshemenarayana Garu

1. Read G. O. No. 425 Dn dated 23rd March 1899
calling the attention of the Council to the various
questions raised by Government and also
to discuss and settle the questions regarding
the retention of the services of the Eurasian
midwife and the pay to be given to the Head
Accountant.

Resolved that as regards the question of dispensing with the services of the Eurasian midwife, a report be submitted as directed by Government through the Surgeon-General explaining fully all the circumstances of the case and stating that the Council are of opinion that the services of the said midwife are unnecessary in this Municipality. In this connection the Council observe that in no Municipality in the northern circles there is a Eurasian midwife in service.

Madras

Through the Surgeon-General

Sir,

In obedience to G. O. No. 425-Mb. dated 23rd March 1899 inviting the attention of the Council regarding the retention of the services of the Eurasian midwife attached to the Municipality, I have the honour to state that, on the suggestion of the District Medical and Sanitary officer, Thistna, as to the advisability of dispensing with the services of one of the

midwives, and on reading the G. C. No. 1466
of No. dated 17th August 1898, calling upon
the Council to consider the question, the
by Council ^{resolved} in their resolution No. 4499
to dispense with the services of the Eurasian
the midwife on Rs. 50 and to retain the native
of midwife on Rs. 12. It was found that
there was not sufficient work for two
in midwives and that the cases attended to
by the ~~Eurasian~~ midwife were fewer in
number than those treated by the native
midwife. At the time when the Eurasian
midwife was entertained 15 years ago there
was no women and children's Dispensary here
and consequently there was no Lady Practitioner
in this town. Now that there is one the
Council feel that the services of the Lady
Practitioner will be utilized by the public
when necessary for midwifery purposes.
Hitherto the salary of this Lady Practitioner
has been paid by the District Board
since the year when the said Dispensary
was started. The servants of the female

Dispensary have been paid by the Municipality.
The District Board has now desired that
the whole of her pay should be borne by
the Municipality, and a contribution be
claimed from the District Board for
half the amount as in the case of other
servants employed in the Dispensary.
The Council after a thorough discussion
of the subject have come to the conclusion
that the District Board should as usual
pay the female medical Practitioner
themselves and accept a contribution from
the Municipality for half of her present
salary of Rs. 50. The Council have felt
it difficult with their limited resources
to agree to pay the salary of the Eurasian
midwife in addition to the payment of
Rs. 300 to the female medical Practitioner
as yearly contribution. The Council have
also considered the fact that in no other
Municipality except the one in the North
circars has there been a Eurasian midwife
entertained.

I herewith enclose an extract from

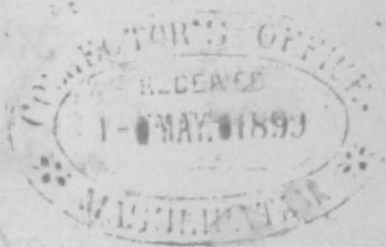

the proceedings of the Council for the information of the Government.

I have the honor to be,
Sir,

Your most obedient servant

R. Subbarama Iyer
Secretary
for Chairman

1. Forwarded - 743 dpg
2. The Council has given sufficient reasons for dis-
missing with the services of the Eurasian
Midwife
27.4.99

3/8 of 99. No
forwarded, through the
Surgeon General.

I do not consider that sufficient cause
has been shown by the Council for dis-
missing with the Eurasian midwife. There
is a considerable number of Eurasians
in the town who would prefer her and
whose habits of life would be better under-
stood by her than by the Native mid-
wife.

The time of the female apothecary
who is replacing the hospital assistant
in the Women and Children's Hospital
will largely be occupied in attending to
the patients, and it cannot be
certain that she will always be
available for labour cases outside
the Hospital.
