Extract from the Visitors Book of the
Municipal Hospital for 1899 dated
22nd March 1899.

8/278 12/6/99

Inspected the hospital, the outpatients
building recently completed has been
constructed very badly. The cement
of the verandah is already broken
up. The contractor's name should be
reported to Collector and P.W.D. so that
he may be prevented from getting more
contracts. The District Sanitary and
Medical Officer reports that the pay
of the ward boys is insufficient to at-
tract properly intelligent persons. The
Municipality should consider whether
it is possible to increase their pay. It
should be considered whether it is
possible to remove the latrine to a
greater distance from the hospital build-
ing.

SIR,

With reference to your endorsement No. 556 dated 13th May 1899 on current No. 1266 in herewith returned as requested, I have the honor to report for the information of Government that I strongly support the application of the Municipality for the increase proposed in the pay of the ward attendants. The duties of these men are very onerous and require a great deal of industry and intelligence. The present pay of Rs 9 drawn by them is not sufficiently attractive to secure their continued and willing service.

I may add that servants in Coonoor are harder to obtain than anywhere in the District, excepting the French part. This is due to several causes, the principal ones being (1) that the near neighbourhood of Wellington with the large Depot fluctuation ruins servants and prices and (2) that the Railway attracts many.
