Tirupati water-supply

Supplemental estimate of Rs. 4,130 for fencing the site of the headworks of the
sanctioned with remark.

No. 1418 W., 2ND JUNE 1899.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

From A. H. GARRETT, Esq., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 25th March 1899, No. 178/W.

With reference to G.O., No. 1802 W., dated 15th July 1898, I have the honour to submit, herewith, for sanction an estimate, amounting to Rs. 4,130, for fencing in the site of the headworks of Tirupati water-supply scheme.

2. It was ordered in the above Government Order that the ground should be enclosed by an unclimbable steel paling and that the cost should be met from the amount of Rs. 10,055 allowed for contingencies in the project estimate of Rs. 2,31,000, sanctioned in G.O., No. 547 W., dated 2nd March 1897.

3. The amount of estimate received from the Executive Engineer, viz., Rs. 16,000, being in excess of the provision for contingencies in the sanctioned estimate, I have reduced it to Rs. 4,130 by allowing the unclimbable paling only in the immediate neighbourhood of the headworks, whilst the rest of the land to be acquired will be enclosed with an aloe hedge.

4. The Executive Engineer reports that this proposal has been approved by the Sanitary Commissioner who recently inspected the works.

5. I further request you will be good enough to obtain the sanction of Government for procuring the palings locally from the South Indian Railway Company who, it is reported, have a large stock in hand.

Note by the Chief Engineer, Public Works Department.

The Executive Engineer should verify his rates. It is doubtful if he will get the rails now at 8 annas a running foot. One anna 6 pies for drilling a hole is also too low.

18th April 1899.

(Signed) A. W. SMART, Colonel, R.E.,
Ag. Chief Engineer.

ORDER—No. 1418 W., dated 2nd June 1899.

The estimate, amounting to Rs. 4,130, for fencing the site of the headworks of the Tirupati water-supply is sanctioned as supplemental to the estimate of Rs. 2,31,000, sanctioned in G.O., No. 48 M., dated 16th January 1897 (G.O., No. 574 W., dated 2nd March 1897).

2. The sanction to the local purchase of the palings, referred to in paragraph 5 of the Superintending Engineer's letter read above, has already been accorded in G.O., No. 753 W., dated 11th March 1899.

(True Extract.)

A. C. Lyngtun
for Under Secretary to Government.

To the Superintending Engineer, IV Circle, with five enclosures.
