**Administration Report.**

Reviewing the — of the Tiruvannámalai Municipal Council for 1898–99.

26. *Fines under Municipal and other Acts.*—Rs. 149-8-0 was collected as against Rs. 225-12-0 of the previous year and Rs. 150 of the revised estimate.

27. *Grants and Contributions from Local Boards—Medical.*—Rs. 2,380-7-10 was received from the President, Taluk Board, Tindivanam, towards the maintenance of the local municipal hospital; of this, Rs. 1,380-7-10 was the balance due from the Taluk Board for 1897-98 and Rs. 1,000 was the contribution of the Taluk Board for the year under report.

28. *Grants and Contributions from Local Boards—Other Purposes—Rs. 3,000.*—This represents Rs. 2,500 paid by the District Board to make up the loss consequent on the closure of the cattle market and Rs. 500 the usual contribution of the District Board for the Karthigai festival.

29. *Other Grants and Contributions—Other Purposes (than Educational or Medical).*—Rs. 565 has been received under this head from the temple trustee and from the Manager, Oyamadam, as against Rs. 710 of the revised estimate. Of this, Rs. 350 is balance of contribution due from the trustee for 1897-98, Rs. 200 has been received from him in part-payment of the total amount of Rs. 350 promised by him for 1898-99, and Rs. 15 has been received from the Manager, Oyamadam, for 1898-99. The balance of contribution due from the trustee has since been collected.

30. *Private scavenging.*—(*a*) The original demand was Rs. 163-8-0, of which Rs. 145-14-0 was collected, leaving a balance of Rs. 17-10-0, a portion of which has since been collected.

(*b*) Rs. 1-8-0, the arrear of 1897-98, was collected during the year.

(*c*) The total collections including the arrear were Rs. 147-6-0 against Rupees 92-14-0 of the previous year and Rs. 170 of the revised estimate, thus showing an increase of Rs. 54-8-0 over the collections of the previous year. A yet more substantial improvement is expected during the current year.

31. *Recoveries on account of services rendered to Private Individuals—Other Purposes (than private scavenging).*—Rs. 1-2-0 was realized under this head.

32. *Fishery Rents.*—Rs. 1-7-0 was realized by the sale of fish obtained during the clearance of silt from the Ellapillai tank.

33. *Refunds of Expenditure of Previous year.*—Rs. 6-12-6 entered under this item was recovered from the Sanitary Inspector, being the amount overdrawn by him on account of his travelling allowance during 1897-98.

34. *Other items.*—Rs. 5-12-0 entered under this head was realized from the sale of silt removed from the Ellapillai and Durgaiamman tanks.

35. *Advances recovered—Others (than permanent) Rs. 86-7-4.*—This represents Rs. 71-9-4, being the excess amount paid to Lawrence Asylum Press, Madras, for the supply of account books and forms in 1897-98 and Rs. 14-14-0, the advance made to Messrs. Higginbotham & Co. for the supply of the sanitary record for the calendar year 1898. These amounts have been taken credit for in the year under report.

## III.—CHARGES.

36. The total charges amounted to Rs. 20,677-8-2 as against Rs. 20,427-5-8 of the previous year and Rs. 21,960 of the revised estimate.

37. *Grant 1, New Works—(a) Communications.*—Rs. 240-5-1 was expended under this head as against Rs. 663-5-6 of the previous year and Rs. 250 of the revised estimate. As per G.O., No. 2031 L., dated 22nd October 1898, all new works had to be stopped. Hence the decrease in expenditure.

38. (*b*) *Buildings.*—Rs. 408-5-0 was spent against Rs. 747-1-9 of the previous year and Rs. 420 of the revised estimate. Seven corrugated iron dust-bins with cross iron bars were purchased during the year.

39. (*d*) *Water-supply.*—Rs. 359-8-4 was spent under this head as against Rs. 100 of the previous year and Rs. 380 of the revised estimate. This amount (Rs. 359-8-4) was spent in constructing revetments to the Pillaikulam and the supply channel of Aiyankulam and in deepening two wells. The construction of a well in the cattle market has been put off pending the disposal of the proposed water-supply scheme.

40. *Repairs—(a) Communications.*—The sum of Rs. 2,252-0-4 was spent as against Rs. 2,500-13-9 of the previous year and Rs. 2,520 of the revised estimate. This amount was spent in extending and repairing four tunnels, in re-metalling six trunk roads and repairing and gravelling thirteen streets. In pursuance of G.O., No. 2031 L., dated 22nd October 1898, there was a small decrease in expenditure under this item, and a saving was also effected by execution of works on the tender system.

41. (*b*) *Buildings.*—Rs. 45-14-7 represents the expenditure under this head as against Rs. 325-7-8 during the previous year and Rs. 100 of the revised estimate. The repairs needed for the travellers' bungalow were found to have been over-estimated. Hence the decrease.

42. (*d*) *Water-supply—Repairs to works, &c.*—Rs. 499-5-1 was spent in deepening sixteen wells, in clearing silt from four tanks and in the purchase of pulleys, &c., as against Rs. 568-8-10 of the previous year and Rs. 520 of the revised estimate. On account of the scarcity of water felt during the early part of the year these wells had to be deepened.

43. *Water-supply—Establishment.*—Rs. 107-12-0 is the pay of the two watchmen of the two drinking-water tanks in the town.

44. (*3*) *Establishment.*—Rs. 348-6-8 was spent under this head as against Rs. 189 of the previous year and Rs. 390 of the revised estimate. A sub-overseer was entertained on Rs. 20 per mensem as sanctioned in G.O., No. 292 M., dated 1st February 1898, in addition to the two road maistries. The decrease below the revised estimate is due to the fact of the sub-overseer having been on leave on forfeiture of pay for three months in the latter part of the year.

45. *Tools and Plant and other Stores.*—The sum of Rs. 4-2-8 was spent on the purchase of pickaxes. The decrease below the revised estimate is due to the fact that the purchase of some tools was postponed on account of the absence of the sub-overseer.

46. *Grant 2—Municipal Schools—On the Salary System—Establishment.*—Rupees 1,438-0-8 was spent towards the pay of the teachers of the middle school against Rs. 1,440 of the revised estimate.

*Contingencies.*—Rs. 41-1-6 was spent in purchasing stationery, &c., for the school and in repairs to the school furniture.

47. *Municipal Schools—Salary Result System—Fixed Payments.*—Rs. 236-13-4 was spent towards the pay of the staff of the two primary schools maintained under this system by the Municipality.

*Result Grants.*—Rs. 70 was paid to the teachers of the two primary schools (Hindustani and Panchama) as in the previous year and the whole amount provided was utilized for the two schools.

*Contingencies.*—The house-rent for the two primary schools and the cost of stationery, &c., came up to Rs. 61-8-8 as against Rs. 60 of the revised estimate.

48. *Fixed and Result Grants.*—The full amount passed for the seven result schools came up to Rs. 239-2-0 and this was paid.

49. *Municipal Inspector—Establishment, &c.*—The total expenditure including contingencies amounted to Rs. 84-4-3 as against Rs. 79-8-10 of the previous year and Rs. 90 of the revised estimate.

50. *Building, Furniture, &c., Grants.*—Rs. 35 was paid to two schools (Seda street and Kilnathur).

51. *Grant 3, (1) Hospitals and Dispensaries—(a) Establishment.*—Rs. 2,184-3-5 was spent towards the payment of the salary of the hospital establishment against Rs. 2,210 of the revised estimate.

(*b*) *Medicines and Supplies.*—The sum of Rs. 256-10-1 was spent as against Rs. 500 of the revised estimate. The over estimate was to allow for any extraordinary charges as during the previous year when a costly optical instrument was indented for by the District Medical and Sanitary Officer.

(*c*) *Diet of Patients.*—Rs. 244-15-7 was expended as against Rs. 380 of the revised estimate.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From V. VENUGOPAUL CHETTI, Esq., I.C.S., Sub-Collector and Ex-officio Chairman, Municipal Council, Tiruvannámalai, to the Secretary to Government, Local and Municipal Department (through the Collector of South Arcot), dated 27th May 1899, Cur. No. 349.

I have the honour to report on the administration of this Municipality for 1898–99, the third year of its working as a municipal town. The prescribed statements and the resolution of the Council passing this report are enclosed.

I.—CONSTITUTION OF THE COUNCIL.

2. Eleven nominated councillors and the ex-officio Chairman constitute the full strength of the Council.

3. Fifteen meetings were held during the year as in the year previous. The attendance of both the official and non-official members was satisfactory, and no meeting of the Council had to be adjourned for want of a quorum.

II.—RECEIPTS.

4. The year opened with a balance of Rs. 3,113–2–7 appertaining to Municipal funds as against Rs. 1,546–15–1 of the year previous.

5. *Total Receipts.*—The total receipts of the year amounted to Rs. 20,985–13–2 as against Rs. 21,993–9–2 of the previous year and Rs. 21,160 of the revised estimate. The chief variations in the receipts as compared with the revised estimate are given below.

6. *Tax on Arts.*—(*a*) The total collection under this head is Rs. 884 against Rs. 621–8–0 of the previous year. The increase is due to the revision of the trade-tax registers as ordered in G.O., No. 1338 M., dated 27th July 1898, on the administration report of this Municipality for 1897–98.

(*b*) The total demand as originally arrived at by the Sub-Committee of the Council appointed to revise the tax on arts amounted to Rs. 907–8–0. The remissions on appeal amounted to Rs. 11–8–0, leaving a net demand of Rs. 896 ; of this, Rs. 884 was realized, leaving a balance of Rs. 12.

7. *Tax on Buildings.*—The original demand amounted to Rs. 2,354–1–0. The comparatively insignificant amount of As. 3 was remitted by the Council on appeal. The net demand was Rs. 2,353–14–0 ; of this, Rs. 2,348–12–0 was collected ; As. 4 was remitted on account of a vacant house ; there is thus a balance of only Rs. 4–14–0. The house-tax registers have undergone a complete revision during the year under report and it will come into force in the current year.

8. *Tax on Lands.*—The original assessment was Rs. 757–7–6 as against Rupees 785–6–6 of the previous year. The decrease is due to change of territorial limits of the Municipality as per G.O., No. 2579 M., dated 22nd November 1897. The collection under this head during the year under report is Rs. 744–11–9, leaving a balance of Rs. 12–11–9.

9. *Tax on Vehicles with Springs.*—The total collections under this head came up to Rs. 54 as against Rs. 63 of the year previous and Rs. 50 of the revised estimate.

10. *Tax on Animals.*—The receipts under this head were Rs. 367–8–0 against Rs. 467–12–0 of the previous year and Rs. 400 of the revised estimate. The decrease under this and the succeeding head was chiefly due to the stagnation of trade owing to the prevalence of plague in Bangalore with which this town carries on a large amount of business.

11. *Tax on Carts and other Vehicles without Springs.*—The income under this head amounted to Rs. 734 against Rs. 910 of the previous year and Rs. 750 of the revised estimate.

12. *Tolls.*—The farm was leased out for Rs. 7,105 against Rs. 6,550 of the previous year. The whole amount was realized within the year.

13. *Penalties on account of Tax on Carts.*—Rs. 33–12–0 was collected from owners of unregistered carts under section 90 (2) of the Act. This amount includes penalty and detention charges. The general dullness of trade explains the disinclination of cart-owners to register their carts in time.

14. *Fees under Act II of* 1888.—Collections were *nil* as no circus or dramatic company chose to visit this town during the year.

15. *Rent of Lands.*—The collection under this head was Rs. 184–6–0 as against Rs. 132–4–8 of the previous year. The increase is due to competition at the sale of the two municipal grounds in the Bazaar street. Besides the rent due for these two pieces of ground, the amount includes fees levied on unobjectionable encroachments.

16. *Avenue Receipts.*—Receipts from this source amounted to Rs. 134–5–6 as against Rs. 243–13–0 of the previous year and Rs. 140 of the revised estimate. The decrease is due to short produce owing to late rainfall during the year.

17. *Fees from Travellers' Bungalow.*—The fees amounted to Rs. 142 as against Rs. 135–2–0 of the previous year and Rs. 110 of the revised estimate. The increase over the revised estimate is due to payments made by public officers who occupied the bungalow during the festival and subsequently.

18. *Sale-proceeds of old Materials.*—Rs. 17–4–0 was realized against Rs. 58–12–8 of the previous year and Rs. 60 of the revised estimate. The old materials of the sheds erected for the Karthigai festival were not sold, but were utilized for the erection of sheds in the plague camp. Hence the decrease.

19. *Conservancy Receipts.*—For the first time a small sum of Rs. 6 was realized. Every possible effort is being made and opportunity availed of to increase the revenue under this source.

20. *Fees from Educational Institutions.*—A sum of Rs. 1,048–10–3 was collected from the Middle and Hindustani schools as against Rs. 979–2–0 of the previous year and Rs. 1,010 of the revised estimate. The Panchama school continues to be a free institution.

21. *Hospital Receipts.*—Rs. 1–13–0 was realized from the sale of old and unserviceable articles of the hospital.

22. *Markets.*—The annual cattle market was closed during the year as per G.O., No. 1187 P., dated 27th September 1898, and hence there were no receipts under this head.

23. *Warrant and Distraint Fees.*—The incomes from these two sources were Rs. 24–8–0 and As. 12 respectively. A large number of warrants was issued, but only a few had to be executed as the taxes were realized before distraint.

24. *License Fees.*—Rs. 109–8–0 were collected as against Rs. 336–6–0 of the previous year and Rs. 100 of the revised estimate. The number of booths put up was small owing to the closing of the cattle market and to the festival gathering being smaller than usual.

25. *Cart-stand Fees.*—Rs. 701 was realized under this head against Rs. 732 of the previous year and Rs. 700 of the revised estimate. The decrease is due to the closure of the cattle market.

26. *Fines under Municipal and other Acts.*—Rs. 149–8–0 was collected as against Rs. 225–12–0 of the previous year and Rs. 150 of the revised estimate.

27. *Grants and Contributions from Local Boards—Medical.*—Rs. 2,380–7–10 was received from the President, Taluk Board, Tindivanam, towards the maintenance of the local municipal hospital; of this, Rs. 1,380–7–10 was the balance due from the Taluk Board for 1897–98 and Rs. 1,000 was the contribution of the Taluk Board for the year under report.

28. *Grants and Contributions from Local Boards—Other Purposes—Rs. 3,000.*—This represents Rs. 2,500 paid by the District Board to make up the loss consequent on the closure of the cattle market and Rs. 500 the usual contribution of the District Board for the Karthigai festival.

29. *Other Grants and Contributions—Other Purposes (than Educational or Medical).*—Rs. 565 has been received under this head from the temple trustee and from the Manager, Oyamadam, as against Rs. 710 of the revised estimate. Of this, Rs. 350 is balance of contribution due from the trustee for 1897–98, Rs. 200 has been received from him in part-payment of the total amount of Rs. 350 promised by him for 1898–99, and Rs. 15 has been received from the Manager, Oyamadam, for 1898–99. The balance of contribution due from the trustee has since been collected.

30. *Private scavenging.*—(*a*) The original demand was Rs. 163–8–0, of which Rs. 145–14–0 was collected, leaving a balance of Rs. 17–10–0, a portion of which has since been collected.

(*b*) Rs. 1–8–0, the arrear of 1897–98, was collected during the year.

(*c*) The total collections including the arrear were Rs. 147–6–0 against Rupees 92–14–0 of the previous year and Rs. 170 of the revised estimate, thus showing an increase of Rs. 54–8–0 over the collections of the previous year. A yet more substantial improvement is expected during the current year.

31. *Recoveries on account of services rendered to Private Individuals—Other Purposes (than private scavenging).*—Rs. 1–2–0 was realized under this head.

32. *Fishery Rents.*—Rs. 1–7–0 was realized by the sale of fish obtained during the clearance of silt from the Ellapillai tank.

33. *Refunds of Expenditure of Previous year.*—Rs. 6–12–6 entered under this item was recovered from the Sanitary Inspector, being the amount overdrawn by him on account of his travelling allowance during 1897–98.

34. *Other items.*—Rs. 5–12–0 entered under this head was realized from the sale of silt removed from the Ellapillai and Durgaiamman tanks.

35. *Advances recovered—Others (than permanent) Rs. 86–7–4.*—This represents Rs. 71–9–4, being the excess amount paid to Lawrence Asylum Press, Madras, for the supply of account books and forms in 1897–98 and Rs. 14–14–0, the advance made to Messrs. Higginbotham & Co. for the supply of the sanitary record for the calendar year 1898. These amounts have been taken credit for in the year under report.

## III.—CHARGES.

36. The total charges amounted to Rs. 20,677–8–2 as against Rs. 20,427–5–8 of the previous year and Rs. 21,960 of the revised estimate.

37. *Grant 1, New Works—(a) Communications.*—Rs. 240–5–1 was expended under this head as against Rs. 663–5–6 of the previous year and Rs. 250 of the revised estimate. As per G.O., No. 2031 L, dated 22nd October 1898, all new works had to be stopped. Hence the decrease in expenditure.

38. (*b*) *Buildings.*—Rs. 408–5–0 was spent against Rs. 747–1–9 of the previous year and Rs. 420 of the revised estimate. Seven corrugated iron dust-bins with cross iron bars were purchased during the year.

39. (*d*) *Water-supply.*—Rs. 359–8–4 was spent under this head as against Rs. 100 of the previous year and Rs. 380 of the revised estimate. This amount (Rs. 359–8–4) was spent in constructing revetments to the Pillaikulam and the supply channel of Aiyankulam and in deepening two wells. The construction of a well in the cattle market has been put off pending the disposal of the proposed water-supply scheme.

40. *Repairs—(a) Communications.*—The sum of Rs. 2,252–0–4 was spent as against Rs. 2,500–13–9 of the previous year and Rs. 2,520 of the revised estimate. This amount was spent in extending and repairing four tunnels, in re-metalling six trunk roads and repairing and gravelling thirteen streets. In pursuance of G.O., No. 2031 L., dated 22nd October 1898, there was a small decrease in expenditure under this item, and a saving was also effected by execution of works on the tender system.

41. (*b*) *Buildings.*—Rs. 45–14–7 represents the expenditure under this head as against Rs. 325–7–8 during the previous year and Rs. 100 of the revised estimate. The repairs needed for the travellers' bungalow were found to have been over-estimated. Hence the decrease.

42. (*d*) *Water-supply—Repairs to works, &c.*—Rs. 499–5–1 was spent in deepening sixteen wells, in clearing silt from four tanks and in the purchase of pulleys, &c., as against Rs. 568–8–10 of the previous year and Rs. 520 of the revised estimate. On account of the scarcity of water felt during the early part of the year these wells had to be deepened.

43. *Water-supply—Establishment.*—Rs. 107–12–0 is the pay of the two watchmen of the two drinking-water tanks in the town.

44. (*3*) *Establishment.*—Rs. 348–6–8 was spent under this head as against Rs. 189 of the previous year and Rs. 390 of the revised estimate. A sub-overseer was entertained on Rs. 20 per mensem as sanctioned in G.O., No. 292 M., dated 1st February 1898, in addition to the two road maistries. The decrease below the revised estimate is due to the fact of the sub-overseer having been on leave on forfeiture of pay for three months in the latter part of the year.

45. *Tools and Plant and other Stores.*—The sum of Rs. 4–2–8 was spent on the purchase of pickaxes. The decrease below the revised estimate is due to the fact that the purchase of some tools was postponed on account of the absence of the sub-overseer.

46. *Grant 2—Municipal Schools—On the Salary System—Establishment.*—Rupees 1,438–0–8 was spent towards the pay of the teachers of the middle school against Rs. 1,440 of the revised estimate.

*Contingencies.*—Rs. 41–1–6 was spent in purchasing stationery, &c., for the school and in repairs to the school furniture.

47. *Municipal Schools—Salary Result System—Fixed Payments.*—Rs. 236–13–4 was spent towards the pay of the staff of the two primary schools maintained under this system by the Municipality.

*Result Grants.*—Rs. 70 was paid to the teachers of the two primary schools (Hindustani and Panchama) as in the previous year and the whole amount provided was utilized for the two schools.

*Contingencies.*—The house-rent for the two primary schools and the cost of stationery, &c., came up to Rs. 61–8–8 as against Rs. 60 of the revised estimate.

48. *Fixed and Result Grants.*—The full amount passed for the seven result schools came up to Rs. 239–2–0 and this was paid.

49. *Municipal Inspector—Establishment, &c.*—The total expenditure including contingencies amounted to Rs. 84–4–3 as against Rs. 79–8–10 of the previous year and Rs. 90 of the revised estimate.

50. *Building, Furniture, &c., Grants.*—Rs. 35 was paid to two schools (Seda street and Kilnathur).

51. *Grant 3, (1) Hospitals and Dispensaries—(a) Establishment.*—Rs. 2,184–3–5 was spent towards the payment of the salary of the hospital establishment against Rs. 2,210 of the revised estimate.

(*b*) *Medicines and Supplies.*—The sum of Rs. 256–10–1 was spent as against Rs. 500 of the revised estimate. The over estimate was to allow for any extraordinary charges as during the previous year when a costly optical instrument was indented for by the District Medical and Sanitary Officer.

(*c*) *Diet of Patients.*—Rs. 244–15–7 was expended as against Rs. 380 of the revised estimate.

(*d*) *Sundries and Contingencies.*—Rs. 122–9–7 was expended as against Rs. 210 of the revised estimate.

52. The details of the working of the hospital are furnished by the accompanying report of the District Medical and Sanitary Officer. At his instance a venereal disease shed has been erected in the hospital compound at a cost of Rs. 98–10–11. One poison almirah and two stools have also been supplied. The suggestions in paragraph 5 (*b*) of the report will be carried out as far as possible during the current year. A sum of Rs. 100 has also been provided in the budget for 1899–1900 for carrying out repairs to the hospital. The construction of the Civil Apothecary's quarters will be considered when the finances of the Municipality are in a better condition.

53. Contribution to Provincial funds amounted to Rs. 212 as against Rs. 80 of the revised estimate as shown in the margin. The excess over the revised estimate was sanctioned from the closing balance.

| | Revised estimate. | Actuals. |
|---|---|---|
| | Rs. | Rs. |
| Medical College .. .. | 20 | 128 |
| Reserve Staff .. .. .. | 10 | 19 |
| Sanitary Inspection .. .. | 50 | 65 |
| Total .. | 80 | 212 |

54. *Vaccination*—(*a*) *Establishment.*—Rs. 164–13–2 is the pay of a first-class vaccinator on Rs. 15 per mensem.

(*b*) *Contingencies.*—Rs. 58–14–8 was spent as against Rs. 45–10–5 of the previous year and Rs. 80 of the revised estimate. The expenditure was incurred in the purchase of lanoline paste from the Vaccine Institute, Bangalore, and of stationery, &c., required for the vaccinator. Forms which were intended to be purchased for the use of the vaccinator were not obtained. Hence the decrease below the revised estimate.

55. *Registration of Births and Deaths—Establishment.*—The pay of the establishment was Rs. 120 and contingencies came to Rs. 22–15–6. Particular attention is being paid to the registration of births and deaths in the villages comprised within this Municipality.

56. *Sanitation—Conservancy Establishment.*—Expenditure amounted to Rupees 2,180–0–11 as against Rs. 2,240 of the revised estimate. The decrease is due to absentees among the scavengers and sweepers. The conservancy establishment consisted of one certificated sanitary inspector, three peons, sixteen toties and thirteen sweepers.

57. *Conservancy—Other Charges.*—The cost of maintaining six rubbish carts amounted to Rs. 719–12–3 as against Rs. 710 of the revised estimate.

58. *Private Scavenging Establishment and Contingencies.*—Rs. 193–3–6 represents the pay of three toties and the charges for greasing and repairing the night-soil carts. The law against insanitary premises is being strictly enforced in view to extending the system.

59. *Bubonic Plague Charges.*—These amount to Rs. 2,222–8–1 as against Rupees 1,520 of the revised estimate. The increase is due to the establishment of a plague inspection station at Tiruvannámalai in January last.

60. *Improvement of Village-site.*—The cost of removing prickly-pear during the year was Rs. 22–3–6 as against Rs. 30 of the revised estimate.

61. *Fairs and Festivals.*—The sanitary arrangements of the annual Karthigai festival cost Rs. 2,282–1–7 as against Rs. 2,994–6–3 of the previous year and Rupees 3,000 of the revised estimate. The decrease in the expenditure is due to the fact that there was no cattle market this year.

62. *Grant 4, Lighting Contingencies.*—The total cost amounted to Rs. 1,045–15–0 against Rs. 909–9–0 of the previous year and Rs. 1,050 of the revised estimate. The increase over the expenditure of the previous year is due to the purchase of eighteen new lamp-posts and lanterns.

63. *Travellers' Bungalow Establishment and Contingencies.*—Rs. 141–12–3 represents the pay of one maty and one sweeper and the cost of contingencies including two easy chairs.

64. *Rewards for the destruction of Wild Animals and Snakes.*—Rs. 19–12–6 was spent as against Rs. 5–15–6 of the previous year.

65. *Printing.*—The cost of printing proceedings, &c., including the cost of bills forwarded by the Superintendent, Government Press, amounted to Rs. 290–5–9 as against Rs. 340 of the revised estimate. The decrease below the revised estimate is due to the failure of the printer to submit his bill in time for payment before the end of the year.

66. *Other Items.*—The expenditure amounted to Rs. 2–3–10 spent on the purchase of paints, &c., for numbering carts as against Rs. 60 of the revised estimate. The reason for not utilizing the amount provided is that Councillor M.R.Ry. T. Arunagiri Mudaliyar Avargal kindly undertook to provide all the streets with sign-boards for which purpose the above provision was made.

67. *Grant 5, General Establishment.*—The cost of the establishment amounted to Rs. 920–7–11 against Rs. 950 of the revised estimate. The decrease was due to the absence of the manager on leave for a short period.

68. *Collection Establishment.*—The cost under this head amounted to Rs. 191 as against Rs. 190 of the revised estimate.

69. *Purchase of Account Books, &c.*—The expenditure under this head amounted to Rs. 146–13–8 as against Rs. 80 of the revised estimate. Credit was taken in this year for Rs. 71–9–4, being the excess payment made in the year 1897–98.

70. *Office contingencies.*—The expenditure under this head amounted to Rupees 200–6–8 as against Rs. 335–14–7 of the previous year and Rs. 260 of the revised estimate. Every possible effort has been made to restrict the expenditure under this head.

71. *Contribution for the Central Office and Audit Establishments.*—The amount paid was Rs. 140.

72. The closing balance of the year excluding the opening balance comes to Rupees 308–5–0 as against Rs. 1,066–3–6 of the previous year. The extraordinary charges under the bubonic plague account for the comparatively small balance.

73. The following substantial improvements have been effected during the year :—

(1) Two new tunnels were constructed.
(2) Six tunnels were repaired.
(3) Seven corrugated iron dust-bins with cross bars were purchased.
(4) Sixteen wells have been deepened and repaired.
(5) An important drinking-water tank named Ellapillaikulam was cleared of silt and three other tanks were also repaired.
(6) A dam has been constructed at the foot of the hill to divert escaping water into the supply channel of Aiyankulam and the sides of Pillaikulam have been fitted up with a stone revetment.
(7) Eighteen new lamp-posts, two iron water carts, one stone roller and lanterns have been purchased.
(8) The village-site has been improved by the removal of prickly-pear.
(9) Improvements have been made by blasting rocks in Maniyari street.

74. The different taxes were all almost fully realized, leaving a small balance. A portion of the uncollected balance will have to be written off as irrecoverable.

75. Several improvements had to be put off on account of the unforeseen charges which had to be incurred on account of the bubonic plague. During the current year the Government has been pleased to stop all new works. As per Plague Commissioner's proceedings, No. 1209, dated 3rd May 1899, plague expenditure has been transferred to Provincial funds. It is requested that the Government may now be pleased to sanction the allotment required for new works.

76. During the year under report the Assistant Sanitary Engineer investigated the water scheme project of the Municipality. The councillors are most anxious that it should be started soon and are taking every possible effort to get money for the purpose. With the completion of the scheme the only drawback of the Municipality will have been removed.

77. I have to note with pleasure the great assistance rendered to me by councillor M.R.Ry. T. K. Subrahmania Aiyar Avargal (Sub-Registrar of Tiruvannámalai) who supervised the work of the office and did other onerous duties in connection with the general administration of the Municipality. The other councillors heartily co-operated with me in the working of sections of the Municipal Act regarding encroachments and particularly M.R.Ry. Arunagiri Mudaliyar Avargal and Huzrat Abdul Gaffar Sahib interested themselves in everything connected with the Municipality.

The thanks of the Council are due to the President, District Board, for his having kindly given the Municipality an increased contribution during the year for festival arrangements.

ENCLOSURE.

CONCISE Annual Report of the Municipal Hospital, Tiruvannámalai, for the year 1898–99.

*Public Health.*—The general health of the public was good except for the appearance of a few cases of cholera in January last. The infection was traced to importation and the total number of attacks was only fifteen cases with eleven deaths. During the prevalence of the epidemic all practicable precautions were duly enforced to stamp out the disease, care being taken to disinfect and dispose of cholera excreta, vomited matters, soiled bedding and clothing, and to disinfect the affected houses and drinking-water supplies, &c. Small-pox was also prevalent to a slight extent, and eleven deaths have been registered during the year.

During the first half of the year there was a gradual fall in the prices of food-grains owing to the failure of timely rains, but during the latter half the season was favourable. The most common diseases treated at the hospital were diseases of eye, ear and skin, bowel-complaints, fever, ulcers, &c.

2. *Vital Statistics.*—There were 603 births and 408 deaths registered. The deaths were caused as follows: cholera 11, small-pox 11, fever 34, bowel-complaints 44 and all other causes 308.

3. *Sanitation.*—The sanitation of the town of Tiruvannámalai may be said to be fair, but that of the villages and parcheries was backward. The present sanitary staff consists of one certificated sanitary inspector on Rs. 25+15, three peons, one head sweeper, sixteen toties, six sweepers and six female pickers, and there are 82 dust-bins in use. The street sweepings, &c., were daily removed by six carts drawn by bullocks to depots outside the town and there partly burnt as there is no demand for the same. Private scavenging system is carried out in 100 houses by three toties in this Municipality. There is only one public latrine on the standard plan; the majority of the population resort to adjoining fields and waste lands for calls of nature. The night-soil collections from the streets, private houses and the public latrine were removed by ten hand-drawn carts and buried in trenches.

During the Karthigai festival held here in November last special sanitary arrangements on an elaborate scale, as recommended by the Sanitary Commissioner of Madras, were, as usual, made with very good results, there being no epidemic of any kind throughout the festival.

*Drainage.*—There is no regular system of drainage. The surplus rain-water flows off into the side channels cut out for the purpose in the streets and dirty water from some of the houses finds its way into them through their private drains.

There are no public market and slaughter-house.

*Water-supply.*—The town depends upon tanks and wells for water-supply. Two large tanks are reserved throughout the year for drinking purposes only and watched and they are much resorted to by the public. There are about thirty public wells and many private ones of good water. Scarcity for drinking-water was greatly felt at the early part of the year owing to failure of rain.

4. *Vaccination.*—This is compulsory in this Municipality. The supply of lymph is chiefly from Bangalore vaccine depot and partly animal scabs and the depot is located in the hospital premises. Six hundred and fifty-one cases were vaccinated by

the municipal vaccinator during the year against 649 in the previous year; of these 601 were primary, 9 secondary and 41 revaccination with 546, 8 and 23 successful respectively. The number of infantile vaccination was 405 with 364 successful. The number vaccinated by me is 51, of which 8 were primary and 43 revaccination with 6 and 17 successful respectively.

5. *Hospitals and Dispensaries—(a) Nature and Sufficiency of Accommodation.*—The hospital is built on the standard plan consisting of three blocks connected by covered verandahs, the central one being used for surgery and the two side ones for male and female in-patients. The out-houses attached to the hospital are—one shed for venereal diseases, two latrines, a kitchen, a dead-house and two sheds for cholera cases. There is accommodation for sixteen beds which is found sufficient.

(*b*) *State of Repair of Buildings.*—My suggestions of the last two years to cement the floors of the wards, to repaint the doors and windows and to shift the tiles of the roofs have not yet been attended to. The hospital buildings were not white-washed throughout the year.

(*c*) *State of Repair of Furniture.*—As recommended by the District Medical and Sanitary Officer, one small almirah for poisons and two stools were supplied during the year.

(*d*) *Inspection.*—The District Medical and Sanitary Officer, Cuddalore, was here throughout the local Karthigai festival (for eight days).

(1) *Steps taken to carry out the recommendations, if any, of the Surgeon-General with the Government of Madras*—Nil.

(2) *Steps taken to carry out the recommendations of other Inspecting Officers.*—All have been complied with except the supply of a dressing table for the female dressing room.

(*e*) *Amount of recoveries from Patients who have been able to pay for their Diets and Medicines.*—Patients able to pay for their diets provided their own diets.

(*f*) *Number of Patients treated as compared with previous years.*—The total number of patients treated during the year was 85 among in- and 7,514 among out-patients against 105 and 8,378 respectively in the year previous. The decrease is chiefly due to the plague scare; only serious and deserving cases were admitted into the hospital.

(*g*) *Establishment whether sufficient and efficient.*—The establishment consisted of one compounder on Rs. 15 (the present acting compounder gets only Rs. 12, the permanent being on leave), one midwife on Rs. 10, one ward cooly, one cook and one toty on Rs. 6 each, one waterman and one female ward attendant on Rs. 5 each. Sufficient.

(*h*) *Midwives—Work actually done.*—Seventy cases of labour, both natural and otherwise, were attended by the midwife against 75 in the previous year. She is put under the result system, the minimum number of cases fixed being six; her services are also utilized in the treatment of female patients.

(*i*) *Gosha Hospital.—Nil.*

(*j*) *General Remarks.*—The condition of the appliances, bedding and clothing is good and sufficient. There is no quarters for the apothecary here as in other stations of this district. There is no lying-in or caste wards attached to this hospital.

Cur. No. 453-Eng.

Forwarded to the Secretary to Government, Local and Municipal Department.

2. The defects pointed out by Government in the review on the annual administration report of last year related to infantile vaccination, registration of vital statistics and sanitation.

3. Vaccination has remained practically stationary, but this is scarcely to be wondered at in view of the apprehensions prevalent amongst the lower classes last year lest they might be inoculated against the plague under the guise of vaccination.

4 Registration of vital statistics has improved.

5. All things considered the sanitation of the town is very fair. The town gets thoroughly cleaned up once a year at considerable cost before the Karthigai festival.

6. More attention should be paid to insanitary premises and the provisions of the Act should be enforced.

7. The private scavenging service has been extended, and a small beginning has been made towards selling street sweepings, &c. Effort should be made to obtain larger sales and better prices.

8. *Paragraph* 75.—Government should be separately addressed on the question of expenditure on new works.

9. The administration of municipal affairs has, on the whole, progressed satisfactorily.

| Balance | 3,113 | 2,100 | 2,310 | 3,421 |

2. The Municipal Council held fifteen meetings as in the previous year. The average attendance of the members, both official and non-official, improved and was very good.

3. *Receipts.*—(1) Owing, it is stated, to the revision of the arts tax registers, the number of persons assessed and the net current demand under this head rose from 289 and Rs. 621, respectively, to 330 and Rs. 896. The incidence of the tax also increased from Rs. 1–5–8 to Rs. 2–11–5, but it was still far below the general average of Rs. 3–13–9 for Municipalities in 1897–98. There was a slight decline in the demand under the tax on lands, which is explained in paragraph 8 of the Chairman's report. The demand under the tax on buildings, however, remained almost stationary.

(2) The collections under the principal taxes were again very satisfactory.

(3) There was an increase in the income from tolls; but that under the taxes on animals and carts, and license fees, declined in the circumstances explained in paragraphs 10 and 24 of the Chairman's report. No revenue was realized from markets as the holding of the annual cattle fair was prohibited by Government, under the Epidemic Diseases Act; but a contribution of Rs. 2,500 was paid by the District Board of South Arcot to make up for the loss on this account. A small sum of Rs. 6

was obtained by the sale of the town sweepings for the first time during the year under review. The attention of the Municipal Council is drawn to the remarks of the Collector on this subject in paragraph 7 of his endorsement.

(4) The number of houses served by the private scavenging agency and the receipts from this source rose from 56 and Rs. 93, respectively, to 100 and Rs. 147; but the service was again worked at a loss of Rs. 46 against Rs. 11 in 1897–98. As it is not equitable that the general tax-payer should bear the burden of what is purely a private service, every endeavour should be made to render the system self-supporting and to further extend it, for which there is evidently considerable scope, seeing that only about 4 per cent. of the number of houses assessed to the tax on buildings are now under the control of the Municipal Council. In this connection, the attention of the Municipal Council is drawn to the remarks of the Collector in paragraph 6 of his endorsement.

4. *Expenditure*—(1) *Public Works.*—No new work of any importance was undertaken during the year. The total outlay on communications amounted to Rs. 2,492 or only 35·1 per cent. of the net municipal income from tolls, against the minimum of 50 per cent. prescribed by Government. The short expenditure is however explained in paragraphs 37 and 40 of the Chairman's report. The Sub-Collector in charge of the division reports that the main roads are in pretty good condition, but that much remains to be done to the by-streets. Special attention should be paid to these latter in the current year. As observed by the Collector in paragraph 8 of his endorsement, the request of the Municipal Council contained in paragraph 75 of the Chairman's report should form the subject of a separate communication.

(2) *Education.*—The net expenditure on education was Rs. 1,157 or 9·4 per cent. of the receipts from taxation and all but Rs. 442 of this sum was devoted to primary education. The Municipal Council continued to maintain a lower secondary school on the salary system and two primary schools—one of which was for Muhammadans and the other for Panchamas—on the salary-result system and to aid seven primary schools with result grants. There was a decline in the attendance at the municipal lower secondary school, but that at the primary schools showed a marked improvement. In the aided schools the attendance remained almost stationary. The results of the departmental examinations, though not so good as in the previous year, were fair; but those of the public and grant examinations were poor, and as a consequence nearly one-third of the allotment for result grants was allowed to lapse. The total number of boys under instruction in the schools maintained and aided from Municipal funds however rose from 414 to 436 or 42·6 per cent. of the male population of school-going age; but it was still far below the general average of 61·8 per cent. for Municipalities in 1897–98.

(3) *Medical Relief.*—The number of in- and out- patients treated at the Municipal hospital fell from 105 and 8,378, respectively, to 85 and 7,514, the decline in both cases being explained in paragraph 5 (*f*) of the Civil Apothecary's report. The midwife employed by the Municipal Council attended 70 cases of labour or five less than in 1897–98. This is not satisfactory and she should be required to show better results in the current year. The attention of the Municipal Council is drawn to the remarks of the Civil Apothecary in paragraph 5 (*d*) (2) of his report regarding the necessity for a dressing table for the female dressing room.

(4) *Vaccination and Vital Statistics.*—The total number of persons vaccinated during the year was 702 or thirteen more than in the previous year; but the quality of the work declined slightly, the percentage of reported success having been 85·3 against 87·4. Infantile vaccination, however, made substantial progress, the number of children under one year successfully vaccinated having risen from 192 or 14·1 per mille of the population to 372 or 27·3 per mille; but to be satisfactory the number vaccinated should more nearly approach the recorded birth-rate.

The number of births registered during the year rose from 428 or 31·4 per mille of the population to 603 or 44·2 per mille, and that of deaths from 308 or 22·6 per mille to 408 or 29·9 per mille. The death-rate recorded is below the normal. The Municipality should maintain and still further advance the improvement made in these statistics.

(5) *Sanitation.*—The expenditure under this head amounting to Rs. 7,620 exceeded the budget allotment by 12·6 per cent. and was 36·3 per cent. of the current receipts. From paragraph 73 of the Chairman's report, it appears that fair attention was paid to the sanitary needs of the town; but the Civil Apothecary states in paragraph 3 of his report that the sanitation of the villages and parcheries was backward. The Municipal Council should devote its special attention towards improving them as far as funds permit.

5. *General Remarks.*—The year closed with a balance of Rs. 3,421 or 16·3 per cent. of the receipts.

The administration of the Municipality during the year under review continued to be on the whole efficient; but the extension of the private scavenging service, registration of deaths and sanitation require closer attention. The Government notes with pleasure the testimony borne by the Chairman to the assistance rendered to him by the Councillors mentioned in paragraph 77 of his report.

**Administration Report.**

Reviewing the — of the Tiruvannámalai Municipal Council for 1898-99.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From V. VENUGOPAUL CHETTI, Esq., I.C.S., Sub-Collector and Ex-officio Chairman, Municipal Council, Tiruvannámalai, to the Secretary to Government, Local and Municipal Department (through the Collector of South Arcot), dated 27th May 1899, Cur. No. 349.

I have the honour to report on the administration of this Municipality for 1898–99, the third year of its working as a municipal town. The prescribed statements and the resolution of the Council passing this report are enclosed.

I.—CONSTITUTION OF THE COUNCIL.

2. Eleven nominated councillors and the ex-officio Chairman constitute the full strength of the Council.

3. Fifteen meetings were held during the year as in the year previous. The attendance of both the official and non-official members was satisfactory, and no meeting of the Council had to be adjourned for want of a quorum.

II.—RECEIPTS.

4. The year opened with a balance of Rs. 3,113–2–7 appertaining to Municipal funds as against Rs. 1,546–15–1 of the year previous.

5. *Total Receipts.*—The total receipts of the year amounted to Rs. 20,985–13–2 as against Rs. 21,993–9–2 of the previous year and Rs. 21,160 of the revised estimate. The chief variations in the receipts as compared with the revised estimate are given below.

6. *Tax on Arts.*—(*a*) The total collection under this head is Rs. 884 against Rs. 621–8–0 of the previous year. The increase is due to the revision of the trade-tax registers as ordered in G.O., No. 1338 M., dated 27th July 1898, on the administration report of this Municipality for 1897–98.

(*b*) The total demand as originally arrived at by the Sub-Committee of the Council appointed to revise the tax on arts amounted to Rs. 907–8–0. The remissions on appeal amounted to Rs. 11–8–0, leaving a net demand of Rs. 896; of this, Rs. 884 was realized, leaving a balance of Rs. 12.

7. *Tax on Buildings.*—The original demand amounted to Rs. 2,354–1–0. The comparatively insignificant amount of As. 3 was remitted by the Council on appeal. The net demand was Rs. 2,353–14–0; of this, Rs. 2,348–12–0 was collected; As. 4 was remitted on account of a vacant house; there is thus a balance of only Rs. 4–14–0. The house-tax registers have undergone a complete revision during the year under report and it will come into force in the current year.

8. *Tax on Lands.*—The original assessment was Rs. 757–7–6 as against Rupees 785–6–6 of the previous year. The decrease is due to change of territorial limits of the Municipality as per G.O., No. 2579 M., dated 22nd November 1897. The collection under this head during the year under report is Rs. 744–11–9, leaving a balance of Rs. 12–11–9.

9. *Tax on Vehicles with Springs.*—The total collections under this head came up to Rs. 54 as against Rs. 63 of the year previous and Rs. 50 of the revised estimate.

10. *Tax on Animals.*—The receipts under this head were Rs. 367–8–0 against Rs. 467–12–0 of the previous year and Rs. 400 of the revised estimate. The decrease under this and the succeeding head was chiefly due to the stagnation of trade owing to the prevalence of plague in Bangalore with which this town carries on a large amount of business.

11. *Tax on Carts and other Vehicles without Springs.*—The income under this head amounted to Rs. 734 against Rs. 910 of the previous year and Rs. 750 of the revised estimate.

12. *Tolls.*—The farm was leased out for Rs. 7,105 against Rs. 6,550 of the previous year. The whole amount was realized within the year.

13. *Penalties on account of Tax on Carts.*—Rs. 33–12–0 was collected from owners of unregistered carts under section 90 (2) of the Act. This amount includes penalty and detention charges. The general dullness of trade explains the disinclination of cart-owners to register their carts in time.

14. *Fees under Act II of* 1888.—Collections were *nil* as no circus or dramatic company chose to visit this town during the year.

15. *Rent of Lands.*—The collection under this head was Rs. 184–6–0 as against Rs. 132–4–8 of the previous year. The increase is due to competition at the sale of the two municipal grounds in the Bazaar street. Besides the rent due for these two pieces of ground, the amount includes fees levied on unobjectionable encroachments.

16. *Avenue Receipts.*—Receipts from this source amounted to Rs. 134–5–6 as against Rs. 243–13–0 of the previous year and Rs. 140 of the revised estimate. The decrease is due to short produce owing to late rainfall during the year.

17. *Fees from Travellers' Bungalow.*—The fees amounted to Rs. 142 as against Rs. 135–2–0 of the previous year and Rs. 110 of the revised estimate. The increase over the revised estimate is due to payments made by public officers who occupied the bungalow during the festival and subsequently.

18. *Sale-proceeds of old Materials.*—Rs. 17–4–0 was realized against Rs. 58–12–8 of the previous year and Rs. 60 of the revised estimate. The old materials of the sheds erected for the Karthigai festival were not sold, but were utilized for the erection of sheds in the plague camp. Hence the decrease.

19. *Conservancy Receipts.*—For the first time a small sum of Rs. 6 was realized. Every possible effort is being made and opportunity availed of to increase the revenue under this source.

20. *Fees from Educational Institutions.*—A sum of Rs. 1,048–10–3 was collected from the Middle and Hindustani schools as against Rs. 979–2–0 of the previous year and Rs. 1,010 of the revised estimate. The Panchama school continues to be a free institution.

21. *Hospital Receipts.*—Rs. 1–13–0 was realized from the sale of old and unserviceable articles of the hospital.

22. *Markets.*—The annual cattle market was closed during the year as per G.O., No. 1187 P., dated 27th September 1898, and hence there were no receipts under this head.

23. *Warrant and Distraint Fees.*—The incomes from these two sources were Rs. 24–8–0 and As. 12 respectively. A large number of warrants was issued, but only a few had to be executed as the taxes were realized before distraint.

24. *License Fees.*—Rs. 109–8–0 were collected as against Rs. 336–6–0 of the previous year and Rs. 100 of the revised estimate. The number of booths put up was small owing to the closing of the cattle market and to the festival gathering being smaller than usual.

25. *Cart-stand Fees.*—Rs. 701 was realized under th s head against Rs. 732 of the previous year and Rs. 700 of the revised estimate. The decrease is due to the closure of the cattle market.

26. *Fines under Municipal and other Acts.*—Rs. 149–8–0 was collected as against Rs. 225–12–0 of the previous year and Rs. 150 of the revised estimate.

27. *Grants and Contributions from Local Boards—Medical.*—Rs. 2,380–7–10 was received from the President, Taluk Board, Tindivanam, towards the maintenance of the local municipal hospital; of this, Rs. 1,380–7–10 was the balance due from the Taluk Board for 1897–98 and Rs. 1,000 was the contribution of the Taluk Board for the year under report.

28. *Grants and Contributions from Local Boards—Other Purposes—Rs. 3,000.*—This represents Rs. 2,500 paid by the District Board to make up the loss consequent on the closure of the cattle market and Rs. 500 the usual contribution of the District Board for the Karthigai festival.

29. *Other Grants and Contributions—Other Purposes (than Educational or Medical).*—Rs. 565 has been received under this head from the temple trustee and from the Manager, Oyamadam, as against Rs. 710 of the revised estimate. Of this, Rs. 350 is balance of contribution due from the trustee for 1897–98, Rs. 200 has been received from him in part-payment of the total amount of Rs. 350 promised by him for 1898–99, and Rs. 15 has been received from the Manager, Oyamadam, for 1898–99. The balance of contribution due from the trustee has since been collected.

30. *Private scavenging.*—(*a*) The original demand was Rs. 163–8–0, of which Rs. 145–14–0 was collected, leaving a balance of Rs. 17–10–0, a portion of which has since been collected.

(*b*) Rs. 1–8–0, the arrear of 1897–98, was collected during the year.

(*c*) The total collections including the arrear were Rs. 147–6–0 against Rupees 92–14–0 of the previous year and Rs. 170 of the revised estimate, thus showing an increase of Rs. 54–8–0 over the collections of the previous year. A yet more substantial improvement is expected during the current year.

31. *Recoveries on account of services rendered to Private Individuals—Other Purposes (than private scavenging).*—Rs. 1–2–0 was realized under this head.

32. *Fishery Rents.*—Rs. 1–7–0 was realized by the sale of fish obtained during the clearance of silt from the Ellapillai tank.

33. *Refunds of Expenditure of Previous year.*—Rs. 6–12–6 entered under this item was recovered from the Sanitary Inspector, being the amount overdrawn by him on account of his travelling allowance during 1897–98.

34. *Other items.*—Rs. 5–12–0 entered under this head was realized from the sale of silt removed from the Ellapillai and Durgaiamman tanks.

35. *Advances recovered—Others (than permanent) Rs. 86–7–4.*—This represents Rs. 71–9–4, being the excess amount paid to Lawrence Asylum Press, Madras, for the supply of account books and forms in 1897–98 and Rs. 14–14–0, the advance made to Messrs. Higginbotham & Co. for the supply of the sanitary record for the calendar year 1898. These amounts have been taken credit for in the year under report.

## III.—CHARGES.

36. The total charges amounted to Rs. 20,677–8–2 as against Rs. 20,427–5–8 of the previous year and Rs. 21,960 of the revised estimate.

37. *Grant 1, New Works—(a) Communications.*—Rs. 240–5–1 was expended under this head as against Rs. 663–5–6 of the previous year and Rs. 250 of the revised estimate. As per G.O., No. 2031 L., dated 22nd October 1898, all new works had to be stopped. Hence the decrease in expenditure.

38. (*b*) *Buildings* —Rs. 408–5–0 was spent against Rs. 747–1–9 of the previous year and Rs. 420 of the revised estimate. Seven corrugated iron dust-bins with cross iron bars were purchased during the year.

39. (*d*) *Water-supply.*—Rs. 359–8–4 was spent under this head as against Rs. 100 of the previous year and Rs. 380 of the revised estimate. This amount (Rs. 359–8–4) was spent in constructing revetments to the Pillaikulam and the supply channel of Aivankulam and in deepening two wells. The construction of a well in the cattle market has been put off pending the disposal of the proposed water-supply scheme.

40. *Repairs—(a) Communications.*—The sum of Rs. 2,252–0–4 was spent as against Rs. 2,500–13–9 of the previous year and Rs. 2,520 of the revised estimate. This amount was spent in extending and repairing four tunnels, in re-metalling six trunk roads and repairing and gravelling thirteen streets. In pursuance of G.O., No. 2031 L., dated 22nd October 1898, there was a small decrease in expenditure under this item, and a saving was also effected by execution of works on the tender system.

41. (*b*) *Buildings.*—Rs. 45–14–7 represents the expenditure under this head as against Rs. 325–7–8 during the previous year and Rs. 100 of the revised estimate. The repairs needed for the travellers' bungalow were found to have been over-estimated. Hence the decrease.

42. (*d*) *Water-supply—Repairs to works, &c.*—Rs. 499–5–1 was spent in deepening sixteen wells, in clearing silt from four tanks and in the purchase of pulleys, &c., as against Rs. 568–8–10 of the previous year and Rs. 520 of the revised estimate. On account of the scarcity of water felt during the early part of the year these wells had to be deepened.

43. *Water-supply—Establishment.*—Rs. 107–12–0 is the pay of the two watchmen of the two drinking-water tanks in the town.

44. (*3*) *Establishment.*—Rs. 348–6–8 was spent under this head as against Rs. 189 of the previous year and Rs. 390 of the revised estimate. A sub-overseer was entertained on Rs. 20 per mensem as sanctioned in G.O., No. 292 M., dated 1st February 1898, in addition to the two road maistries. The decrease below the revised estimate is due to the fact of the sub-overseer having been on leave on forfeiture of pay for three months in the latter part of the year.

45. *Tools and Plant and other Stores.*—The sum of Rs. 4–2–8 was spent on the purchase of pickaxes. The decrease below the revised estimate is due to the fact that the purchase of some tools was postponed on account of the absence of the sub-overseer.

46. *Grant 2—Municipal Schools—On the Salary System—Establishment.*—Rupees 1,438–0–8 was spent towards the pay of the teachers of the middle school against Rs. 1,440 of the revised estimate.

*Contingencies.*—Rs. 41–1–6 was spent in purchasing stationery, &c., for the school and in repairs to the school furniture.

47. *Municipal Schools—Salary Result System—Fixed Payments.*—Rs. 236–13–4 was spent towards the pay of the staff of the two primary schools maintained under this system by the Municipality.

*Result Grants.*—Rs. 70 was paid to the teachers of the two primary schools (Hindustani and Panchama) as in the previous year and the whole amount provided was utilized for the two schools.

*Contingencies.*—The house-rent for the two primary schools and the cost of stationery, &c., came up to Rs. 61–8–8 as against Rs. 60 of the revised estimate.

48. *Fixed and Result Grants.*—The full amount passed for the seven result schools came up to Rs. 239–2–0 and this was paid.

49. *Municipal Inspector—Establishment, &c.*—The total expenditure including contingencies amounted to Rs. 84–4–3 as against Rs. 79–8–10 of the previous year and Rs. 90 of the revised estimate.

50. *Building, Furniture, &c., Grants.*—Rs. 35 was paid to two schools (Seda street and Kilnathur).

51. *Grant 3, (1) Hospitals and Dispensaries—(a) Establishment.*—Rs. 2,184–3–5 was spent towards the payment of the salary of the hospital establishment against Rs. 2,210 of the revised estimate.

(*b*) *Medicines and Supplies.*—The sum of Rs. 256–10–1 was spent as against Rs. 500 of the revised estimate. The over estimate was to allow for any extraordinary charges as during the previous year when a costly optical instrument was indented for by the District Medical and Sanitary Officer.

(*c*) *Diet of Patients.*—Rs. 244–15–7 was expended as against Rs. 380 of the revised estimate.

(*d*) *Sundries and Contingencies.*—Rs. 122–9–7 was expended as against Rs. 210 of the revised estimate.

52. The details of the working of the hospital are furnished by the accompanying report of the District Medical and Sanitary Officer. At his instance a venereal disease shed has been erected in the hospital compound at a cost of Rs. 98–10–11. One poison almirah and two stools have also been supplied. The suggestions in paragraph 5 (*b*) of the report will be carried out as far as possible during the current year. A sum of Rs. 100 has also been provided in the budget for 1899–1900 for carrying out repairs to the hospital. The construction of the Civil Apothecary's quarters will be considered when the finances of the Municipality are in a better condition.

53. Contribution to Provincial funds amounted to Rs. 212 as against Rs. 80 of the revised estimate as shown in the margin. The excess over the revised estimate was sanctioned from the closing balance.

| | Revised estimate. | Actuals. |
|---|---|---|
| | RS. | RS. |
| Medical College .. .. | 20 | 128 |
| Reserve Staff .. .. .. | 10 | 19 |
| Sanitary Inspection .. .. | 50 | 65 |
| Total .. | 80 | 212 |

54. *Vaccination*—(*a*) *Establishment.*—Rs. 164–13–2 is the pay of a first-class vaccinator on Rs. 15 per mensem.

(*b*) *Contingencies.*—Rs. 58–14–8 was spent as against Rs. 45–10–5 of the previous year and Rs. 80 of the revised estimate. The expenditure was incurred in the purchase of lanoline paste from the Vaccine Institute, Bangalore, and of stationery, &c., required for the vaccinator. Forms which were intended to be purchased for the use of the vaccinator were not obtained. Hence the decrease below the revised estimate.

55. *Registration of Births and Deaths—Establishment.*—The pay of the establishment was Rs. 120 and contingencies came to Rs. 22–15–6. Particular attention is being paid to the registration of births and deaths in the villages comprised within this Municipality.

56. *Sanitation—Conservancy Establishment.*—Expenditure amounted to Rupees 2,180–0–11 as against Rs. 2,240 of the revised estimate. The decrease is due to absentees among the scavengers and sweepers. The conservancy establishment consisted of one certificated sanitary inspector, three peons, sixteen toties and thirteen sweepers.

57. *Conservancy—Other Charges.*—The cost of maintaining six rubbish carts amounted to Rs. 719–12–3 as against Rs. 710 of the revised estimate.

58. *Private Scavenging Establishment and Contingencies.*—Rs. 193–3–6 represents the pay of three toties and the charges for greasing and repairing the night-soil carts. The law against insanitary premises is being strictly enforced in view to extending the system.

59. *Bubonic Plague Charges.*—These amount to Rs. 2,222–8–1 as against Rupees 1,520 of the revised estimate. The increase is due to the establishment of a plague inspection station at Tiruvannámalai in January last.

60. *Improvement of Village-site.*—The cost of removing prickly-pear during the year was Rs. 22–3–6 as against Rs. 30 of the revised estimate.

61. *Fairs and Festivals.*—The sanitary arrangements of the annual Karthigai festival cost Rs. 2,282–1–7 as against Rs. 2,994–6–3 of the previous year and Rupees 3,000 of the revised estimate. The decrease in the expenditure is due to the fact that there was no cattle market this year.

62. *Grant 4, Lighting Contingencies.*—The total cost amounted to Rs. 1,045–15–0 against Rs. 909–9–0 of the previous year and Rs. 1,050 of the revised estimate. The increase over the expenditure of the previous year is due to the purchase of eighteen new lamp-posts and lanterns.

63. *Travellers' Bungalow Establishment and Contingencies.*—Rs. 141–12–3 represents the pay of one maty and one sweeper and the cost of contingencies including two easy chairs.

64. *Rewards for the destruction of Wild Animals and Snakes.*—Rs. 19–12–6 was spent as against Rs. 5–15–6 of the previous year.

65. *Printing.*—The cost of printing proceedings, &c., including the cost of bills forwarded by the Superintendent, Government Press, amounted to Rs. 290–5–9 as against Rs. 340 of the revised estimate. The decrease below the revised estimate is due to the failure of the printer to submit his bill in time for payment before the end of the year.

66. *Other Items.*—The expenditure amounted to Rs. 2–3–10 spent on the purchase of paints, &c., for numbering carts as against Rs. 60 of the revised estimate. The reason for not utilizing the amount provided is that Councillor M.R.Ry. T. Arunagiri Mudaliyar Avargal kindly undertook to provide all the streets with sign-boards for which purpose the above provision was made.

67. *Grant 5, General Establishment.*—The cost of the establishment amounted to Rs. 920–7–11 against Rs. 950 of the revised estimate. The decrease was due to the absence of the manager on leave for a short period.

68. *Collection Establishment.*—The cost under this head amounted to Rs. 191 as against Rs. 190 of the revised estimate.

69. *Purchase of Account Books, &c.*—The expenditure under this head amounted to Rs. 146–13–8 as against Rs. 80 of the revised estimate. Credit was taken in this year for Rs. 71–9–4, being the excess payment made in the year 1897–98.

70. *Office contingencies.*—The expenditure under this head amounted to Rupees 200–6–8 as against Rs. 335–14–7 of the previous year and Rs. 260 of the revised estimate. Every possible effort has been made to restrict the expenditure under this head.

71. *Contribution for the Central Office and Audit Establishments.*—The amount paid was Rs. 140.

72. The closing balance of the year excluding the opening balance comes to Rupees 308–5–0 as against Rs. 1,066–3–6 of the previous year. The extraordinary charges under the bubonic plague account for the comparatively small balance.

73. The following substantial improvements have been effected during the year:—

(1) Two new tunnels were constructed.
(2) Six tunnels were repaired.
(3) Seven corrugated iron dust-bins with cross bars were purchased.
(4) Sixteen wells have been deepened and repaired.
(5) An important drinking-water tank named Ellapillaikulam was cleared of silt and three other tanks were also repaired.
(6) A dam has been constructed at the foot of the hill to divert escaping water into the supply channel of Aiyankulam and the sides of Pillaikulam have been fitted up with a stone revetment.
(7) Eighteen new lamp-posts, two iron water carts, one stone roller and lanterns have been purchased.
(8) The village-site has been improved by the removal of prickly-pear.
(9) Improvements have been made by blasting rocks in Maniyari street.

74. The different taxes were all almost fully realized, leaving a small balance. A portion of the uncollected balance will have to be written off as irrecoverable.

75. Several improvements had to be put off on account of the unforeseen charges which had to be incurred on account of the bubonic plague. During the current year the Government has been pleased to stop all new works. As per Plague Commissioner's proceedings, No. 1209, dated 3rd May 1899, plague expenditure has been transferred to Provincial funds. It is requested that the Government may now be pleased to sanction the allotment required for new works.

76. During the year under report the Assistant Sanitary Engineer investigated the water scheme project of the Municipality. The councillors are most anxious that it should be started soon and are taking every possible effort to get money for the purpose. With the completion of the scheme the only drawback of the Municipality will have been removed.

77. I have to note with pleasure the great assistance rendered to me by councillor M.R.Ry. T. K. Subrahmania Aiyar Avargal (Sub-Registrar of Tiruvannámalai) who supervised the work of the office and did other onerous duties in connection with the general administration of the Municipality. The other councillors heartily co-operated with me in the working of sections of the Municipal Act regarding encroachments and particularly M.R.Ry. Arunagiri Mudaliyar Avargal and Huzrat Abdul Gaffar Sahib interested themselves in everything connected with the Municipality.

The thanks of the Council are due to the President, District Board, for his having kindly given the Municipality an increased contribution during the year for festival arrangements.

ENCLOSURE.

CONCISE Annual Report of the Municipal Hospital, Tiruvannámalai, for the year 1898–99.

*Public Health.*—The general health of the public was good except for the appearance of a few cases of cholera in January last. The infection was traced to importation and the total number of attacks was only fifteen cases with eleven deaths. During the prevalence of the epidemic all practicable precautions were duly enforced to stamp out the disease, care being taken to disinfect and dispose of cholera excreta, vomited matters, soiled bedding and clothing, and to disinfect the affected houses and drinking-water supplies, &c. Small-pox was also prevalent to a slight extent, and eleven deaths have been registered during the year.

During the first half of the year there was a gradual fall in the prices of food-grains owing to the failure of timely rains, but during the latter half the season was favourable. The most common diseases treated at the hospital were diseases of eye, ear and skin, bowel-complaints, fever, ulcers, &c.

2. *Vital Statistics.*—There were 603 births and 408 deaths registered. The deaths were caused as follows: cholera 11, small-pox 11, fever 34, bowel-complaints 44 and all other causes 308.

3. *Sanitation.*—The sanitation of the town of Tiruvannámalai may be said to be fair, but that of the villages and parcheries was backward. The present sanitary staff consists of one certificated sanitary inspector on Rs. 25+15, three peons, one head sweeper, sixteen toties, six sweepers and six female pickers, and there are 82 dust-bins in use. The street sweepings, &c., were daily removed by six carts drawn by bullocks to depots outside the town and there partly burnt as there is no demand for the same. Private scavenging system is carried out in 100 houses by three toties in this Municipality. There is only one public latrine on the standard plan; the majority of the population resort to adjoining fields and waste lands for calls of nature. The night-soil collections from the streets, private houses and the public latrine were removed by ten hand-drawn carts and buried in trenches.

During the Karthigai festival held here in November last special sanitary arrangements on an elaborate scale, as recommended by the Sanitary Commissioner of Madras, were, as usual, made with very good results, there being no epidemic of any kind throughout the festival.

*Drainage.*—There is no regular system of drainage. The surplus rain-water flows off into the side channels cut out for the purpose in the streets and dirty water from some of the houses finds its way into them through their private drains.

There are no public market and slaughter-house.

*Water-supply.*—The town depends upon tanks and wells for water-supply. Two large tanks are reserved throughout the year for drinking purposes only and watched and they are much resorted to by the public. There are about thirty public wells and many private ones of good water. Scarcity for drinking-water was greatly felt at the early part of the year owing to failure of rain.

4. *Vaccination.*—This is compulsory in this Municipality. The supply of lymph is chiefly from Bangalore vaccine depot and partly animal scabs and the depot is located in the hospital premises. Six hundred and fifty-one cases were vaccinated by

the municipal vaccinator during the year against 649 in the previous year; of these 601 were primary, 9 secondary and 41 revaccination with 546, 8 and 23 successful respectively. The number of infantile vaccination was 405 with 364 successful. The number vaccinated by me is 51, of which 8 were primary and 43 revaccination with 6 and 17 successful respectively.

5. *Hospitals and Dispensaries—(a) Nature and Sufficiency of Accommodation.*—The hospital is built on the standard plan consisting of three blocks connected by covered verandahs, the central one being used for surgery and the two side ones for male and female in-patients. The out-houses attached to the hospital are—one shed for venereal diseases, two latrines, a kitchen, a dead-house and two sheds for cholera cases. There is accommodation for sixteen beds which is found sufficient.

(*b*) *State of Repair of Buildings.*—My suggestions of the last two years to cement the floors of the wards, to repaint the doors and windows and to shift the tiles of the roofs have not yet been attended to. The hospital buildings were not white-washed throughout the year.

(*c*) *State of Repair of Furniture.*—As recommended by the District Medical and Sanitary Officer, one small almirah for poisons and two stools were supplied during the year.

(*d*) *Inspection.*—The District Medical and Sanitary Officer, Cuddalore, was here throughout the local Karthigai festival (for eight days).

(1) *Steps taken to carry out the recommendations, if any, of the Surgeon-General with the Government of Madras*—Nil.

(2) *Steps taken to carry out the recommendations of other Inspecting Officers.*—All have been complied with except the supply of a dressing table for the female dressing room.

(*e*) *Amount of recoveries from Patients who have been able to pay for their Diets and Medicines.*—Patients able to pay for their diets provided their own diets.

(*f*) *Number of Patients treated as compared with previous years.*—The total number of patients treated during the year was 85 among in- and 7,514 among out-patients against 105 and 8,378 respectively in the year previous. The decrease is chiefly due to the plague scare; only serious and deserving cases were admitted into the hospital.

(*g*) *Establishment whether sufficient and efficient.*—The establishment consisted of one compounder on Rs. 15 (the present acting compounder gets only Rs. 12, the permanent being on leave), one midwife on Rs. 10, one ward cooly, one cook and one toty on Rs. 6 each, one waterman and one female ward attendant on Rs. 5 each. Sufficient.

(*h*) *Midwives—Work actually done.*—Seventy cases of labour, both natural and otherwise, were attended by the midwife against 75 in the previous year. She is put under the result system, the minimum number of cases fixed being six; her services are also utilized in the treatment of female patients.

(*i*) *Gosha Hospital.—Nil.*

(*j*) *General Remarks.*—The condition of the appliances, bedding and clothing is good and sufficient. There is no quarters for the apothecary here as in other stations of this district. There is no lying-in or caste wards attached to this hospital.

*Ag. Sub-Collector.*

Cur. No. 453-Eng.

Forwarded to the Secretary to Government, Local and Municipal Department.

2. The defects pointed out by Government in the review on the annual administration report of last year related to infantile vaccination, registration of vital statistics and sanitation.

3. Vaccination has remained practically stationary, but this is scarcely to be wondered at in view of the apprehensions prevalent amongst the lower classes last year lest they might be inoculated against the plague under the guise of vaccination.

4. Registration of vital statistics has improved.

5. All things considered the sanitation of the town is very fair. The town gets thoroughly cleaned up once a year at considerable cost before the Karthigai festival.

6. More attention should be paid to insanitary premises and the provisions of the Act should be enforced.

7. The private scavenging service has been extended, and a small beginning has been made towards selling street sweepings, &c. Effort should be made to obtain larger sales and better prices.

8. *Paragraph* 75.—Government should be separately addressed on the question of expenditure on new works.

9. The administration of municipal affairs has, on the whole, progressed satisfactorily.

2. The Municipal Council held fifteen meetings as in the previous year. The average attendance of the members, both official and non-official, improved and was very good.

3. *Receipts.*—(1) Owing, it is stated, to the revision of the arts tax registers, the number of persons assessed and the net current demand under this head rose from 289 and Rs. 621, respectively, to 330 and Rs. 895. The incidence of the tax also increased from Rs. 1–5–8 to Rs. 2–11–5, but it was still far below the general average of Rs. 3–13–9 for Municipalities in 1897–98. There was a slight decline in the demand under the tax on lands, which is explained in paragraph 8 of the Chairman's report. The demand under the tax on buildings, however, remained almost stationary.

(2) The collections under the principal taxes were again very satisfactory.

(3) There was an increase in the income from tolls, but that under the taxes on animals and carts, and license fees, declined in the circumstances explained in paragraphs 10 and 24 of the Chairman's report. No revenue was realized from markets as the holding of the annual cattle fair was prohibited by Government, under the Epidemic Diseases Act, but a contribution of Rs. 2,500 was paid by the District Board of South Arcot to make up for the loss on this account. A small sum of Rs. 6

was obtained by the sale of the town sweepings for the first time during the year under review. The attention of the Municipal Council is drawn to the remarks of the Collector on this subject in paragraph 7 of his endorsement.

(4) The number of houses served by the private scavenging agency and the receipts from this source rose from 56 and Rs. 93, respectively, to 100 and Rs. 147; but the service was again worked at a loss of Rs. 46 against Rs. 11 in 1897–98. As it is not equitable that the general tax-payer should bear the burden of what is purely a private service, every endeavour should be made to render the system self-supporting and to further extend it, for which there is evidently considerable scope, seeing that only about 4 per cent. of the number of houses assessed to the tax on buildings are now under the control of the Municipal Council. In this connection, the attention of the Municipal Council is drawn to the remarks of the Collector in paragraph 6 of his endorsement.

4. *Expenditure*—(1) *Public Works.*—No new work of any importance was undertaken during the year. The total outlay on communications amounted to Rs. 2,492 or only 35·1 per cent. of the net municipal income from tolls, against the minimum of 50 per cent. prescribed by Government. The short expenditure is however explained in paragraphs 37 and 40 of the Chairman's report. The Sub-Collector in charge of the division reports that the main roads are in pretty good condition, but that much remains to be done to the by-streets. Special attention should be paid to these latter in the current year. As observed by the Collector in paragraph 8 of his endorsement, the request of the Municipal Council contained in paragraph 75 of the Chairman's report should form the subject of a separate communication.

(2) *Education.*—The net expenditure on education was Rs. 1,157 or 9·4 per cent. of the receipts from taxation and all but Rs. 442 of this sum was devoted to primary education. The Municipal Council continued to maintain a lower secondary school on the salary system and two primary schools,—one of which was for Muhammadans and the other for Panchamas,—on the salary-result system and to aid seven primary schools with results grants. There was a decline in the attendance at the municipal lower secondary school, but that at the primary schools showed a marked improvement. In the aided schools, the attendance remained almost stationary. The results of the departmental examinations though not so good as in the previous year, were fair, but those of the public and grant examinations were poor, and as a consequence nearly one-third of the allotment for result grants was allowed to lapse. The total number of boys under instruction in the schools maintained and aided from Municipal funds however rose from 414 to 436 or 42·6 per cent. of the male population of school-going age; but it was still far below the general average of 61·8 per cent. for Municipalities in 1897–98.

(3) *Medical Relief.*—The number of in-and out-patients treated at the municipal hospital fell from 105 and 8,378, respectively, to 85 and 7,514, the decline in both cases being explained in paragraph 5 (*f*) of the civil apothecary's report. The midwife employed by the Municipal Council attended 70 cases of labour or five less than in 1897–98. This is not satisfactory and she should be required to show better results in the current year. The attention of the Municipal Council is drawn to the remarks of the civil apothecary in paragraph 5 (*d*) (2) of his report regarding the necessity for a dressing table for the female dressing room.

(4) *Vaccination and Vital Statistics.*—The total number of persons vaccinated during the year was 702 or thirteen more than in the previous year, but the quality of the work declined slightly, the percentage of reported success having been 85·3 against 87·4. Infantile vaccination, however, made substantial progress, the number of children under one year successfully vaccinated having risen from 192 or 14·1 per mille of the population to 372 or 27·3 per mille, but to be satisfactory the number vaccinated should more nearly approach the recorded birth-rate.

The number of births registered during the year rose from 428 or 31·4 per mille of the population to 603 or 44·2 per mille, and that of deaths from 308 or 22·6 per mille to 408 or 29·9 per mille. The death-rate recorded is below the normal. The Municipality should maintain and still further advance the improvement made in these statistics.

(5) *Sanitation.*—The expenditure under this head amounting to Rs. 7,620 exceeded the budget allotment by 12·6 per cent. and was 36·3 per cent. of the current receipts. From paragraph 73 of the Chairman's report, it appears that fair attention was paid to the sanitary needs of the town; but the civil apothecary states in paragraph 3 of his report that the sanitation of the villages and parcheries was backward. The Municipal Council should devote its special attention towards improving them as far as funds permit.

5. *General Remarks.*—The year closed with a balance of Rs. 3,421 or 16·3 per cent. of the receipts.

The administration of the Municipality during the year under review continued to be on the whole efficient; but the extension of the private scavenging service, registration of deaths and sanitation require closer attention. The Government notes with pleasure the testimony borne by the Chairman to the assistance rendered to him by the Councillors mentioned in paragraph 77 of his report.

4. Expenditure (1) Public Works.
No new work of any importance was undertaken during the year. The entire grants was allowed to lapse for ~~which no explanation has been offered~~. The total number of boys under instruction in the schools maintained and aided from Municipal funds, however, rose from 414 to 436 or 42·6 per cent of the male population of school-going age; but it was still far below the general average of 61·8 per cent for municipalities in 1897-98.

(3) Medical relief. The number of in- and out-patients treated at the municipal hospital fell from 105 and 8,378 respectively to 85 and 7,514, the decline in both cases being explained in para. 5 (f) of the Civil Apothecary's report. The returns of deaths were, however, ~~not still~~ complete, the death rate recorded being below the normal; and every effort should be made to render them more trustworthy.

(5) Sanitation. The expenditure under this head amounting to Rs 7,620, exceeded the budget allotment by 12·6 per cent and was 36·3 per cent of the current receipts. From para. 73 of the Chairman's report, it appears that fair attention was paid to the sanitary needs of the town; the Municipal Council attended cases of labour or fines be-

The administration of the Municipality during the year under review continued to be on the whole efficient; but the extension of the private scavenging service, registration of deaths and Sanitation require closer attention. —The Government notes with pleasure the testimony borne by the Chairman to the assistance rendered to him by the Councillors mentioned in

Secondary schools remained stationary with a slight fall in attendance. Primary schools showed an advance of 6 schools with an increase of 163 pupils in attendance which was due to the admission of seven indigenous schools and to the closure of one unaided school during the year.

The District Board Sessional school was held during the year in the Municipality. On the whole the number of schools increased by 7 and pupils by 142.
