 Order
 Recorded.

2. In para. 4 of the Civil apothecary's report, the total number of vaccinations on children under one year and the number of successful cases are given as 750 and 718 respectively, whereas according to Columns 5 and 7 of Statement XIII submitted with the Chairman's report, they were 776 and 727. The discrepancies should be explained.

G.O.	No.	Department.	Date.

Annual Concise Report of the Municipal Hospital, Srinivallipur for the year 1898-99.
 I. Public Health

The health of the town people was fair during the year under review; there has been no epidemic. Malaria fever was as usual prevalent.

II. Vital Statistics.

The births and deaths registered in the Municipality for the year under report are given in a tabulated form below. There is some improvement in the registration of births & deaths during the year. The ratio of births and deaths per mille of population being 33.68 & 20.31 against 29.18 & 18.38 respectively in the previous year.

Years	Births		Total Ratio per mille	Deaths		Total Ratio per mille
	Males	Females		Males	Females	
1898-99	498	497	995 33.68	299	301	600 20.31
1897-98	444	418	862 29.18	284	259	543 18.38

III. Sanitation.

The Sanitary Condition of the town is fair, but that of private houses is not satisfactory. There are 11 latrines (5 masonry & 6 thatched & 2 Corrugated Iron.) 54 dust bins 150 cesspools 6 night soil carts 3 public & 3 sewage carts against 7 latrines 36 dust bins 70 cesspools 5 night soil 2 public & 2 sewage carts in the previous year. There are 24 sweepers 16 Taddies & Sanitary persons, 2 Sanitary Maistries 1 Sanitary Inspector. Their work

is satisfactory. There are 427 houses on private & scavenging systems against 197 last year. The refuse of the town is removed to a public depot outside the municipal limits and sold annually by public auction. The night soil is carried in troughs. The amount realised during the year has been Rs 62.2-0 against Rs 68-4-0 for 1897-98.

IV Vaccination

The Vaccinator carries on his duties in the Hospital compound with the vaccine lymph supplied by the Bangalore Vaccine Dept. Vaccination is compulsory and the work of the vaccinator is supervised by the Medical Subordinate. 1290 Cases against 1029 in the previous year. Of those 1198 were successful against 968 in the previous year. 750 children under 1 year of age were vaccinated. 418 of them being successful.

(a) The present hospital building has accommodations only for 4 beds & is ill suited for the purpose. The construction of a new building on a standard plan is under contemplation.

(b) Repairs

The hospital was repaired recently.

(c) Furniture

Furniture sufficient with the exception of an Almira which is required for keeping records.

(d) Inspection

The Hospital was inspected

+ 68-2-0
Aug 8th
(noted by the
Dy Commr
Channarayana)

+ 25301

+ Includes 79 cases vaccinated by the medical subordinate.
776
727

by the District Medical & Sanitary Officer on 22-11-98. All his recommendations except those with regard to the building have been carried out.

(e) Recoveries from Patients

Rs 3-9-6 were received from patients died in the Hospital. There were no recoveries under this head in the previous year.

(f) Patients treated

This compares favourably 1290 & 25892 outpatients being treated against 113 & 25188 respectively in the previous year.

(g) Septic Morbidity

Now in the Hospital

(h) Operation result

There were 517 operations against 402 in the previous year.

(i) Establishment

Efficient & sufficient with the exception of a Jally for the Hospital whose services are badly required.

(j) Midwife

The midwife conducted 96 Cases all in private house against the same number in the previous year.

(k) General Remarks

Nil
