Through,

The Revenue Division Officer,
Erode.

Sir,

I have the honor to request, that the Government may be pleased to sanction the sale of a road-margin measuring 89 by 12 feet on the north and 13 feet on the South in the Vargal road within the limits of the Municipality as enclosed in G. O. No. 2344 of dated 28th October 1897.

2. A few years previous to the extension of the Municipal boundaries a building intended as a rest-house for travellers was begun in a private field and a portion of the road was encroached

upon, but before the walls were raised fully, the owner
of the field sold it with the incomplete building to
one P. K. Muthumukatachettur Chetty. The road
having been included within the Municipality
subsequently, the Council issued a notice under
Section 168 of the District Municipalities Act to
remove the portion of the building resting on the
public ground unless the party by a stamped deed
agreed to complete the building and utilize it only
for public purposes. After many objections to the
notice, he offered to pay the Municipality the
value of the site encroached upon. The Council
valued it at 35 Rs and resolved that the
margin as sketched in the enclosed plan
may be sold to P. K. Muthumukatachettur
Chetty. A copy of the resolution of the Council
requesting sanction is enclosed.

I have the honor to be,

Sir,

Your most obedient servant,

V. Subbanna

Chairman Municipal Council,

KARUR.

To,

THE Sub Collector of
Erode.

Sir,

In reply to your endorsement dated
17th Instant, I have the honor to submit herewith
enclosed a revised original plan showing the extent
of the Vengal road and the encroached portion
which is now proposed to be sold to Muthumukatachettur
Chetty. The portion to be sold is distinguished
in red lines. There will be no inconvenience to
the public if the encroached portion of the road
margin as shown in the plan is conveyed to him
as there will be left a width of 50 feet for the
road.

I have the honor to be,

Sir,

Your most obedient servant,

V. Subbanna

Chairman.

- 2 There is no objection to the building.
- 3 It is not an inconvenience caused by its presence on the road margin. But if & when Kauri town is extended, & houses built along the canal road, the road margin will probably become encroached upon in a line with the present encroachment, thus narrowing the road margin & causing inconvenience.

- 3 If possible the encroachment should be removed & the site should not be alienated.

- 4 The building was erected only 5 years ago & it is probable therefore that the encroachment date accordingly. Though the site has only recently been handed over to the Municipality, the Council is not barred from removing the encroachment.
