Sir,

With reference to G. O. no. 2042 B. B. of 1st December 98, I have the honor to submit herewith a tabular statement showing the result of the revision of House and Land taxes in this Municipality. It will be observed from the statement that the net increase of assessment as compared with the demand for 1898/99 is only Rs. 174. 14. 10 and Rs. 180. 15. 3 respectively under the two taxes.

2. The properties falling under sec. 63(5) of the Act. have all been exempted though they have been hitherto assessed.

3. I beg to state that the smallness of the increase is due to the poverty of Cannanore, since the removal of the European regiments and the consequent depression in trade, some of the big merchants having left the station and settled themselves elsewhere. There are numerous lungshoes, houses, shops, warehouses, and other buildings, either vacant or in ruins, thus affording visible proofs of the poverty of the town. The decrease in land tax in D. ward is due to the excessive assessments in the past presumably without reference to the actual rental of lands.

lands. In the present revision, however, the assessments have been reduced in those instances in which satisfactory proof of the actual value of land has been produced by the assessors.

I have the honor to be

Sir

Your most obedt. Servant.
