between 6 months and 10 years of age
to be vaccinated that reside in any
particular house. If this information
were available, it will facilitate the
classification of work who can easily come
into contact with correct entries. There are pro-
visions in the Municipal Act for compelling
persons to give accurate information on some
other matters. (See sections 61, 62 and 283 of
the District Municipalities Act.) I have the
honour therefore to suggest the advisability of
Government being moved to insert in the new
Municipal Act a provision enabling the
Chairmen of Municipal Councils to call for
pass papers or previous information about
the number, age &c. of children under their
guard, in order for purposes of vaccination
if their information is not supplied the
guardian should be liable to prose-
cution. I have enclosed extract from the
proceedings of the Municipal Council at a

LEGISLATIVE DEPARTMENT.

READ—the following paper:—

From M.R.Ry. K. S. KOTHANDARAMA AIYAR Avargal, B.A., B.L., Chairman, Municipal Council, Berhampur, to the Sanitary Commissioner for Madras (through the Collector of Ganjam), dated 19th February 1895, C. No. 223-Eng.

With reference to the second paragraph of your letter, dated 6th November 1894, No. 1404, I have the honour to state that, as matters stand, it is difficult and often impossible to get accurate information from the guardian or parent about children between six months and ten years of age liable to be vaccinated that reside in any particular house. If this information were available, it will facilitate the vaccinator's work, who can easily serve notices with correct entries. There are provisions in the Municipal Act for compelling persons to give accurate information on some other matters (*vide* sections 61, 62 and 283 of the District Municipalities Act). I have the honour, therefore, to suggest the advisability of Government being moved to insert in the new Municipal Act a provision enabling the Chairmen of Municipal Councils to call for from parents or guardians information about the number, age, &c., of children under their guardianship for purposes of vaccination. If the information be not supplied the guardians should be liable to prosecution. I herewith enclose extract from the Proceedings of this municipal council at a meeting held on the 9th February 1895, No. 6.

ENCLOSURE.

EXTRACT from the Proceedings of the Municipal Council, Berhampur, at a meeting held on Saturday, the 9th February 1895.

6. Vaccination.—Read letter, [dated 6th November 1894, No. 1404-V, from the Sanitary Commissioner, Madras.

Read also Chairman's draft reply on the subject.

Resolution.—Approved.

No. 223-Eng.

Forwarded. The Chairman's suggestion seems a good one. The law as it stands is not quite clear on the subject, but apparently parents and guardians are not bound to give the information.
