GOVERNMENT OF MADRAS.

LEGISLATIVE DEPARTMENT.

READ—the following paper :—

From the Hon'ble N. SUBBA RAO Pantulu, to the Chief Secretary to Government, dated Rajahmundry, 31st March 1895.

I am glad that the Government has arranged to supply non-official members with the *Fort St. George Gazette* and the Proceedings of the Legislative Council of the other provinces. I think it is also necessary that they should be supplied with the administration reports on different departments of this Government and also of the Government of India, as otherwise non-official members cannot be in full touch with what is being done by Government. They may also be supplied with such of the papers placed at the disposal of the press as they may specify. If some of the non-official members do not care for these papers, they may be supplied to only those who may desire to have them. I for one would like to read them and be informed of what is being done in different branches of the administration. I believe this course may tend to remove some misconceptions and be of real help to non-official members. I request you will be pleased to favour me with the orders of Government in this matter.

ORDER—dated 31st May 1895, No. 44, Legislative.

The supply of the whole of the *Fort St. George Gazette* to unofficial members of the Legislative Council appears to Government to be unnecessary; it should suffice to furnish them with Part I thereof and with such supplements as contain official papers and papers in any way relating to legislation in the Council of this Presidency.

2. As regards other papers there is no objection to the gratuitous supply of those placed on the Editors' Table for which a member may specially apply, nor to the grant of copies of the administration reports relating to departments of this Government subject to the condition that bound volumes, of which as a rule only a limited number is available, are returned to the press. Applications for the gratuitous supply of administration reports of the Government of India should be addressed to that Government.

3. The Superintendent of the Government Press will be directed to keep an account of the actual cost of the supply of the papers mentioned above, and to report on the subject at the end of six months from the receipt of this order.

SUBJECT.

Suggesting that Non Official
Members of the Reg Council
Should be supplied with
the admin. reports on diff.
depts of the Madras Govt.
as also with some other
important papers

For Order,

A. S. the Gov. & C. Sec.

Under cover of G.O. 717 June
1892, No 414, Sub, will be found
a list of the papers regularly
sent to the Press.

A manuscript list of Administra-
tion Reports has also been
prepared & is put up.

At last Leg. Council meeting
the Hon. Mr. Bliss observed that
the communication of all E. I.
papers direct to non-official
members appeared to him to be
inadvisable as few of them,
probably, would ever read them.

Other objections are that the
Hon. Mr. Subba Rao's proposals
involve no inconsiderable ad-
ditional expenditure in postage
(if the papers are to be sent to
non-members' house or addresses)
& in printing, & also a great
deal of extra work for the
Despatchers.

A volume, like the Educational
Report, is not prepared for nothing
& the preparation of eleven extra
copies of every Admin. Report will
cost something to the State.

The non-official members get the
Gazette which contains a list of
all E. I. papers & they can always
get a copy of any paper they want
by writing to the Press.

Arrangements should be made that
there is always a small stock of
every administration report available
for sale at the Press (this is not
believe, invariably the case now
& the Supt. might be told to supply
to non-official members free
of cost any reports or E. I. papers
they may apply for.

It certainly seems to me that we should be doing everything in reason for the members of the Leg. Council if we undertake to supply them with

1. such Reports etc (which are open to the public) which they may specify beforehand, and

2. such Reports etc. as they may wish to call for from the press of the Govt. Press - and which are indicated in the Gazette as being open to the public - free of cost.

This ought to be meet his wishes - we cannot go to the expense of sending everything to all the members - as if so - he should send a lot of stuff wh. they most likely do not want - but I think we should let them have everything they ask for specially (whatever at least ^{which} is public property.)

W

His new scheme that N. C. members get the Gazette - I should say it is to supply them with part I thereof with such supplements as contain off. papers and papers in any way relating to legislation in this Council.

As to supplying other papers, it is evident that the Hon. Mr. Lubbock has demanded practically every paper which is placed at the disposal of the Press, especially if allowed to live in a standing list beforehand; & there may be other members who have, or may develop, a similar thirst for info. - To supply all administrative reports will cost a large sum - it will be best to tell him that
