SUBJECT.

The final answers to questions LVI & LVII
were communicated to P.W.D. with reference
to the statement "Inquiries will be made" in
the answers. In case the questions referred
at any future meeting of the Council
the department concerned should have the
 requisite information to answer them. The
 P.W.D. has taken the necessary action & points
 out that with reference to the latter part
 of question LVI, the Revenue Dept. should be
 asked for the necessary information. Hence the
 draft order.

Office Note from the Chief Engineer for Irrigation No. 91 of 26th March 1897:—

Copy this

With reference to G. O. No. 522 W, dated 22 February 1897, enquiries have been made as promised in the answers to questions LVII and LVIII asked at the meeting of the Legislative Council held on 9th February 1897 and the following information has been obtained:—

Question LVII—

This may be omitted but put in star marks to indicate omission

It is a fact that the Sangam aricut undersluices were closed from the 3rd to 11th December 1896 by order of the Executive Engineer and were opened at the request of the Sub Divisional Officer in charge of the Nellore system. The Parvempalli tank was then half full and was filled up in January. There will be no loss of crop in the Nellore system.

Question LVIII:—

Copy this

Twenty four acres are reported to have failed under the Allur tank for want of water.

The subject of the second clause of this question is one to be dealt with in the Revenue Department.
