Please let me have the
file or orders directing that
members of the legislative
Council should in the
case of Europeans have
the title "Mr." inserted
between the title "Honourable"
and the name.

This is not done in the
Viceroy's Council - for
printed Proceedings.

Note. This proposed to bring the 25th into record, as they will be useful for future reference. Hence the draft order would read 'his'.

The objection to this is that it is the encroachment on the safe records for some of a year.

NOTE FOR THE Secretary

With reference to the Chief Secretary's note below, it is respectfully submitted that no file or orders directing that members of the Legislative Council should in the case of Europeans have the title "Mr" inserted between the title "Honble" & the name, ^{Can} be traced except G.O. No 139 Legislative dated 6th December 1893. Attention is respectfully called to the portion of the A.G.'s letter recorded in that G.O., marked with red chalk.

It may also be pointed out that though in the list of members present the title 'Mr' is omitted before European names in the Viceroy's Council, in the body of the proceedings the title ^{Mr} is not so omitted. The practice was almost the same in the Local Legislative Council also till ^{October 1885} ~~1885~~ when the title 'Mr' began to be used for the in the body of the proceedings & in the list of members present on the first page. In the Civil list the change dates from April 1891, but no papers can be traced in the office.
