SUBJECT.

To the Revenue Dept (9+0) 11/10/98

29/10/98 20/10/98

Note. The Revenue Dept evidently
 wishes that the introduction of the
 Bill should be deferred till the replies
 of the Govt of India, Secy of State
 & the officers mentioned in para 2 of
 their ltr are received.

Yes: as soon as the 2nd ltr is received
 we will be in a better position to say
 whether the Bill is correct?
 been earlier we had from the Secy of S. - we have
 asked for this - the Bill may be introduced 26/10/98

To the Under Secretary
 Remarks of the Legislative
 on No C. N. 355 below
 The draft Bill to
 and re-enact the provisions of
 Malabar Compensation for land and
 Improvements act I of 1887
 has been ~~submitted~~ ^{submitted} to the Govt
 of India and the Secretary of
 State. It ~~has also been~~ ^{has also been}
~~sent~~ ^{sent} referred to the Board of
 Revenue, the Hon. the Advocate
 General and the Hon. Mr. Winkler
 (the Legislative Dept. to which
 has been for remarks. ~~with copy~~
 of the above correspondence
 was also forwarded to ~~the~~
~~Legis. Dept.~~ ^{the} Dept. in
 enquires whether it is the in-
 tention of the Rev. Dept. that
 the introduction of the Bill
 should be deferred till the re-
 ply of the Govt of India,
 the Secy of State of the Office
 mentioned above have been
 received. The Govt of India
 desires that this Bill should
 be dealt with at once.
 The rule in regard
 introduction

Despatched on
 the 19th & 12th October
 respectively.

To 70 Live 1898

Paragila letter

Legislative Council is
at no time should be
held in the Legisla.

the Council until a
communication has been
received from the
India to the effect either

that the Secretary of
State has no objection
to the proposed Bill, or that
where no such communication
has been received, the Bill
shall be introduced within 2 months

from the date of the re-
port. The Bill therefore cannot

be introduced in the Council
until the 12th of December
next unless a communication
is received earlier.

Of course the remarks
of the Board of Revenue are
not required, it is submitted

that the introduction of
the Bill need not be
delayed on that account.

Rule 4 of the revised
Rule 9 on page 47 of
the Indian Council Rules
regarding legislation in Local
Legislative Councils (filed A)

A
BILL

TO
Secure to Tenants in the Malabar District
Compensation for Improvements.

(Preamble.)

(1. Title and Extent.)

2. Madras Act I of 1887 is hereby
repealed.

3. In this Act, unless there is some-
thing repugnant in
the context or sub-
ject,—

(1) "Tenant" means a person who
holds land under
another person and
is, or, but for a special contract or custom,
would be liable to pay rent for that land
to that person.

(2) "Landlord" means a person
immediately under
whom a tenant
holds.

(3) "Rent" means whatever is law-
fully payable or de-
liverable in money
or kind by a tenant to his landlord on
account of the use or occupation of the
land held by the tenant.

4. (1) For the purposes of this Act,
the term "improvement" means any
work which adds to the value of the hold-
ing which is suitable to the holding and
consistent with the purpose for which it
was let or the product of any such work.

Explanation.

No work executed by a tenant shall be
deemed to be an improvement for the purposes
of this Act, if it substantially diminishes the
value of any other part of the landlord's
property.

(2) Until the contrary is shown, the following works or the products of such works shall be presumed to be improvements within the meaning of this Act:—

(a) the erection of dwelling-houses, buildings appurtenant thereto, and farm buildings;

(b) the construction of tanks, wells, channels, dams and other works for the storage or supply of water for agricultural or domestic purposes;

(c) the preparation of land for irrigation;

(d) the conversion of one-crop into two-crop land;

(e) the drainage, reclamation from rivers or other waters, or protection from floods, or from erosion or other damage by water, of land used for agricultural purposes, or waste land which is culturable;

(f) the reclamation, clearance, enclosure, or permanent improvement of land for agricultural purposes;

(g) the renewal or reconstruction of any of the foregoing works, or alterations therein or additions thereto;

(h) the planting of fruit trees, timber trees, and other useful trees and plants and the protection and maintenance of trees and plants so planted;

(i) the protection or maintenance of such trees and plants, the same having grown spontaneously or having been planted by the landlord or any previous tenant.

5. Every tenant who is ejected from his holding shall, notwithstanding any custom to the contrary, be entitled to be compensated for improvements made by him or his predecessors in interest and for which compensation has not already been paid.

Explanation.

A tenant is deemed to be ejected from his holding when he is obliged to surrender or determine the lease otherwise than by his own personal wish or voluntary act.

6. (1) Whenever any Court passes a decree or order for the ejectment of a tenant from his holding, or for the redemption of the land comprised in the

When Court orders the ejectment of a tenant, it shall determine the amount of compensation.

demise to the tenant, it shall determine the amount of compensation (if any) due to the tenant for improvements under this Act and shall make such decree or order conditional on the payment to the tenant of the amount so determined.

(2) A decree or order under the preceding sub-section may be executed on the application of either the landlord or the tenant.

(3) When under an express agreement in writing any reduction or remission of rent or any other advantage has been given by the landlord to the tenant in consideration of any improvement made or to be made by the tenant, the Court may on account of such reduction, remission or advantage, make such deduction from the compensation to be awarded as under all the circumstances of the case may be reasonable.

Provided that the mere omission of a landlord to revise the rent on the expiry of a kanom or lease shall not be taken to authorize any deduction from the compensation contemplated by this section.

(4) All arrears of rent due by the tenant at the date of execution of the decree or order shall be set off against the amount of the compensation for improvements ordered to be paid; and also an adjustment shall be made, if necessary, according to the condition of the improvement at the time of the execution of the decree.

(5) Whenever a Court passes a decree or order for ejectment or redemption against a tenant and such tenant has on his holding erected any building, constructed any work or planted any tree which the Court finds is not an improvement for which compensation can be claimed, but which the Court finds can be removed without substantial injury to the property comprised in the holding, such tenant may remove such building, work or tree within a time to be fixed by the Court in its decree or order.

(6) The Governor in Council may, from time to time, by notification in the Fort St. George and Malabar District Gazettes, make rules requiring the Court to associate with itself, for the purpose of estimating the compensation to be awarded under this section for an improvement, such number of assessors as the Governor in Council

Power to make rules for estimating compensation.

thinks fit, and determining the qualifications of those assessors and the mode of selecting them.

7. The compensation to be awarded for an improvement shall be determined in the manner prescribed in Sections 8 to 13.

8. When the improvement has caused an increase in the value of the annual net produce of the holding, the compensation to be awarded shall be ascertained in the following manner:—

(a) The Court shall determine, as nearly as may be, the average net money value of such increase and the number of years during which such increase may reasonably be expected to continue.

(b) The Court shall then ascertain what is the present value, interest being calculated at 6 per cent., of an annuity equal to such money value for such number of years.

(c) If the sum so ascertained is more than the cost of making the improvement, determined in the manner laid down in section 10, such cost, added to three-fourths of the excess of such sum over such cost, shall be the compensation to be awarded.

(d) If such sum is not more than such cost, such sum shall be the compensation to be awarded.

Explanation.

If additional assessment is imposed by Government in consequence of any improvement, such assessment shall be deemed to be part of the annual cost of maintaining the improvement, and shall be taken into account in determining the net money value of the increase of produce due to the improvement.

Illustrations.

(1) The Court finds that the age of a coconut tree is between 20 and 30 years; that its probable future fruitful life is 40 years; that its future average annual yield will probably be 25 nuts; that the proper commutation rate is Rs. 20 per 1,000 nuts; that the cost of cultivating the tree for a year is 2½ annas; that the annual assessment on the tree is 1½ annas; and that the cost of making the improvement was Rs. 2-12-0. The net value of the annual produce is, therefore, 4½ annas, and a reference to the annuity table in Schedule I shows that the present value of an annuity of 4½ annas for 40 years at 6 per cent. is Rs. 3-15-11. Deducting from this Rs. 2-12-0, being the cost of

making the improvement, the excess is Rupees 1-3-11. Three-fourths of this excess is 14 annas and 11 pies. The compensation to be awarded is this sum of 14 annas and 11 pies added to Rs. 2-12-0 or Rs. 3-10-11 in all [Schedule IV, Table II (1)].

(2) If the annual yield is 50 nuts and the other conditions are the same as in illustration (1), the net value of the annual produce is 12½ annas and the compensation to be awarded is Rs. 2-12-0 added to three-fourths of (Rupees 11-8-4 less Rs. 2-12-0) or Rs. 9-5-3 in all [Schedule IV, Table II (1)].

(3) A tenant converts an acre of dry land into wet at a proper cost of Rs. 50 and thereby increases the probable average value of the annual net produce by Rs. 15 in perpetuity. The present value of an annuity of Rs. 15 for ever at 6 per cent. is Rs. 250. The compensation to be awarded to the tenant is Rs. 50 (the proper cost of making the improvement), added to three-fourths of the capitalized value of the improvement after deducting the cost of making it—(Rs. 250 — Rs. 50, $\times \frac{3}{4}$ = Rs. 150), or Rs. 200 in all.

9. (1) When the improvement consists

of timber trees or
of trees or plants
useful for fuel or
other purposes, but is not such an improvement as is provided for in section 8,

the compensation to be awarded in the case of trees and plants sown or planted by the tenant shall be three-fourths, and in the case of trees and plants planted by the landlord or a previous tenant or spontaneously grown shall be one-half of the sum which the trees or plants might reasonably be expected to realize, if sold by public auction to be cut and carried away.

(2) Provided that, when such trees or plants are immature, the compensation to be awarded may be the cost of making the improvement, as defined in section 10, instead of the compensation specified in sub-section (1) of this section.

Explanation.

The compensation to be awarded for a fruit tree which, though mature, does not, by reason of old age or other cause, bear fruit, shall be determined under this section.

Illustrations.

(1) The compensation to be awarded for a plantation of teak trees, if mature, is three-fourths of the sum which they might reasonably be expected to realize if cut down and sold by public auction; but if the trees are immature the Court may award as compensation either the necessary cost of making the plantation, or three-fourths of the sum which the saplings might reasonably be expected to realize, if cut down and sold by auction, whichever is more advantageous to the tenant.

If the trees are of spontaneous growth, the tenant's share of the estimated auction price is one-half; and, if the trees are immature, he is entitled to such half, or to the estimated proper cost of having watched and protected them, whichever is greater.

(2) The compensation to be awarded for a spontaneously-grown sappan (dyewood) tree, or cluster of bamboos, is one-half of the sum which it might reasonably be expected to realize if cut down and sold by auction.

(3) The compensation to be awarded for a cocoanut tree which is forty years old and has never borne or has ceased to bear fruit is three-fourths of the sum which it might reasonably be expected to realize if cut down and sold by public auction.

10. The compensation to be awarded for any improvement other than those specified in sections 8 and 9 (1) shall be the cost of making such improvement. Such cost means the cost, at the time of valuation, of the labour (including supervision) and of the materials and other expenditure, if any, required to make the improvement, less a reasonable deduction on account of such deterioration, if any, as has taken place from age or other cause.

Provided that if it is shown that the tenant produced the improvement in a more expensive way than it might have been produced, he shall not be allowed compensation for the excess.

Explanation

The cost of labour and of materials and the other expenditure, if any, does not ordinarily include interest on the wages of labour, the price of materials and the other expenditure, if any. The tenant's enjoyment of the improvement is ordinarily an equivalent for such interest, but the Court may allow such interest at the current local rate if it considers, for reasons to be recorded by it, that such enjoyment has not been such equivalent.

11. For all the purposes of this Act, the rate of interest shall be taken to be 6 per cent. per annum.

12. For the purpose of determining the money value of produce, the Court shall ascertain the average price of such produce in the locality where the land is situated during the last ten years immediately preceding the institution of the suit; and until the contrary is shown, the Court shall presume that the price of coconuts, arecanuts, pepper and paddy is that shown in Schedule II.

13. (1) Until the contrary is proved, the Court shall presume that the cost of—
Presumptions as to cost.

(a) cultivating and harvesting a crop of paddy,

(b) planting and cultivating a cocoanut tree, an arecanut tree, a jack tree and a pepper vine until they, respectively, are in bearing,

(c) maintaining a cocoanut tree, an arecanut tree, a jack tree and a pepper vine for one year when in bearing,

is that shown in Schedule III, and

(2) When the presumptions in section 12 and section 13 (1) have not been rebutted, the compensation for any improvement consisting of a cocoanut tree, an arecanut tree, a pepper vine or paddy shall be as shown in Schedule IV.

14. (1) Notwithstanding anything hereinbefore contained, the Governor in Council may, in order the more adequately to give effect to the provisions of this Act, from time to time, add to, cancel or alter the schedules referred to in Sections 12 and 13, and may direct that they be in force, in whole or in part, or with any specified variations, in any local area.

(2) Such schedules shall be published in English and Malayalam in the Fort St. George and Malabar District Gazettes, and shall be kept publicly posted in the Court or Courts having jurisdiction in such area.

15. When trees or vines are planted in excess of the following scale, the Court, if satisfied that, in the circumstances of the particular case, the land is overplanted, may either refuse to grant any compensation, or may grant compensation at a lower rate, for so many of such trees or vines as are in excess of the scale:—

	Scale.
Cocoanut trees ordinarily ..	60 per acre.
Do. do. in sandy tracts near sea-shore, or back-water or on the banks of rivers, when specially suitable for close planting	80 "
Arecanut trees	720 "
Jack	30 "
Pepper vines (standards of) ..	600 "

This rule is applicable to mixed gardens, in which case each tree is allowed a proportionate fraction of an acre according to the above scale.

16. Nothing in any contract between a landlord and a tenant made after the 1st day of January 1886 shall take away or limit the right of a tenant to make improvements and claim compensation for them in accordance with the provisions of this Act, or remove a work as provided in sub-section (5) of Section 6.

17. Nothing in this Act shall take away the right of any person who may be entitled by law or custom to claim compensation for any improvements other than those dealt with under the provisions of this Act.

APPENDIX. SCHEDULE I.

Showing the present Value of an Annuity of sums from one pie to Rs. 100 for from one to fifty years, and in perpetuity, at the rate of six per cent. per annum.

	1 year.	2 years.	3 years.	4 years.	5 years.	6 years.	7 years.	8 years.	9 years.	10 years.	11 years.	12 years.	13 years.	14 years.

SCHEDULE II

THE presumed price of Cocoanuts, Arecanuts, Pepper and Paddy.

Produce.		Commutation price.		
		RS.	A.	P.
<i>Cocoanuts</i> —				
(a)	In localities unfavourably situated as regards markets	18	0	0
(b)	Elsewhere	20	0	0
		} for a thousand.		
<i>Arceanuts</i> —				
(a)	In localities unfavourably situated as regards markets	0	2	0
(b)	Elsewhere	0	2	6
		} for a hundred.		
<i>Pepper (dry)</i> —		16	0	0
		or	0	2
		3 for a lb.		
<i>Paddy</i> —				
(a)	In the taluk of Ernad	139	0	0
(b)	Do. of Walavanad	137	8	0
(c)	Do. of Palghat	136	0	0
(d)	Do. of Chirakkal	163	0	0
(e)	Do. of Ponnáni	148	0	0
(f)	Do. of Calicut	150	0	0
(g)	Do. of Kurumbranát	150	0	0
(h)	Do. of Kóttayam	155	0	0
		} for a garce.		

SCHEDULE III

PRESUMED cost of cultivating a crop of Paddy, of cultivating Cocoanut trees, Arecanut trees, Pepper vines and Jack trees till they come into bearing, and of maintaining those trees and vines for a year when bearing.

- (a) The cost of cultivating a crop of paddy is Rs. 9-8-0 for an acre.
 (b) The cost of planting and cultivating a coconut tree, an arecanut tree, a jack tree and a standard of pepper vines until in bearing is as follows:—

	Rs.	A.	P.
Cocoanut tree	2	12	0
Arecanut tree when artificial irrigation is not necessary	0	2	6
Do. do. is necessary	0	12	6
Pepper vines (standard of)	0	3	6
Jack tree	2	10	0

- (c) The cost of maintaining a coconut tree, an arecanut tree, a jack tree, and a standard of pepper vines for one year when in bearing is as follows:—

	Cost of cultivation.	Assessment.	Total.
Cocanut	0 2 6	0 1 3	0 3 9
Areacnut when artificial irrigation is not necessary.	0 0 2	0 0 4	0 0 6
Areacnut when artificial irrigation is necessary.	0 1 3	0 0 4	0 1 7
Jack	0 2 0	0 2 2	0 4 2
Pepper vine	0 0 6	NIL	0 0 6

SCHEDULE IV

Presumptions as to the Compensation that should be awarded in certain cases.

Explanation.—(1) If the yield is greater than that shown in the tables of this schedule, the compensation to be awarded shall be that arrived at by calculation in accordance with the provisions of the Act.

(2) In estimating the increase in the annual net produce of the holding derivable from trees or plants which, by reason of immaturity, have as yet only come into partial bearing, a reasonable allowance shall be made for the probable future increase in the produce of such trees or plants.

(3) It has been found impossible to prepare useful tables for jack trees and paddy. The calculation of the compensation awarded for them must be left entirely to the courts.

SCHEDULE IV, TABLE I.

Showing the Compensation to be paid for each Coconut, Arecanut and Jack tree and for each standard of Pepper vines which has not yet come into bearing.

Explanation.—The gross value of the annual produce of trees, which produce less than fourteen nuts, is not greater than the cost of maintenance including assessment, viz. As. 3-9. The net value is therefore nothing, and no compensation is payable for such trees regarded merely as producers of less than fourteen nuts.

SCHEDULE IV, TABLE III.

(1).—Showing the compensation to be awarded for Areanut trees having an estimated future fruitful life of from 1 to 35 years and an estimated future fruit-bearing capacity of from 1 to 400 nuts per annum, the commutation price being As. 2-6 for a hundred nuts, the rate of interest 6 per cent. per annum, the cost of bringing each tree into bearing As. 2-6 and the annual cost of maintaining the tree, inclusive of assessment, pies 6.

Annual produce in nuts.	Price of nuts at As. 2-6 the cost of maintaining the tree for one year.	Net value of the annual produce after deducting As. 2-6, being the cost of maintaining the tree for one year.	Explication.—The gross value of the annual produce of trees, which produce less than 25 nuts, is not greater than the cost of maintenance including assessment, viz., piece 6. The net value is therefore nothing, and no compensation is payable for such trees regarded merely as producers of less than 25 nuts.

(2).—Showing the Compensation to be awarded for Aramut trees having an estimated future fruitful life of from 1 to 25 years and an estimated future fruit bearing capacity of from 1 to 400 nuts per annum, the compensation price being As. 2 for a hundred nuts, the rate of interest 6 per cent. per annum, the cost of felling each tree into bearing As. 2-6 and the annual cost of maintaining the tree, inclusive of assessment, ptes 6.

[illegible]

SCHEDULE IV, TABLE III.

(3).—Showing the Compensation to be awarded for Arecaut trees having an estimated future fruitful life of from 1 to 25 years and an estimated future fruit bearing capacity of from 1 to 400 nuts per annum, the commutation price being As. 2-6 for a hundred nuts, the rate of interest 6 per cent. per annum, the cost of bringing each tree into bearing (with artificial irrigation) As. 12, and the annual cost of maintaining the tree, inclusive of assessment, An. 1 pice 7.

Annual produce in nuts.	Price of nuts at As. 2-6 per 100.	Net value of the annual produce after deducting An. 1 pica 7 being the cost of maintaining the tree for one year.	Years.

Explanation.—The gross value of the annual produce of trees, which produce less than 64 nuts, is less than the cost of maintenance including assessment, viz., An. 1 pica 7. The net value is therefore nothing, and no compensation is payable for such trees regarded merely as producers of less than 64 nuts

SCHEDULE IV. TABLE III.

(4).—Showing the Compensation to be awarded for Arecanut trees having an estimated future fruitful life of from 1 to 35 years and an estimated future fruit-bearing capacity of from 1 to 400 nuts per annum, the commutation price being As. 2 for a hundred nuts, the rate of interest 6 per cent per annum, the cost of bringing each tree into bearing (with artificial irrigation) As. 12 and the annual cost of maintaining the tree, inclusive of assessment, An. 1 pies 7.

Explanation.—The gross value of the annual produce of trees, which produce less than 80 nuts, is less than the cost of maintenance including assessment, viz., An. 1 pie 7. The net value is therefore nothing, and no compensation is payable for such trees regarded merely as producers of less than 89 nuts.

SCHEME IV. TABLE IV.

Showing the Compensation to be awarded for standards of Pepper vines having an estimated future fruitful life of from 1 to 30 years and an estimated future fruit-bearing capacity of from $\frac{1}{4}$ lb. to 12 lb. weight of dry pepper per annum, the commutation price being As. 2-3 for a lb. weight of dry pepper, the annual cost of maintaining it pies 6.
