P.T.O.

How do you expect any body to pass orders
on paper like this without information on points
such as the following?

(1) How many copies of the list are now printed
how are they distributed
(2) What demands have there been already
for the list

(3) What is the price demanded for a copy.
~~How many copies~~

(4) How many extra copies should in the
opinion of the Superintendent be printed

(5) How extra copies printed before this info has many
been

For S.A.:

The question was merely whether copies
could be printed & sold to the public
& I thought it was wiser to go into
into details. A separate
