Dated 19th May 1857 No. 1504

Sir.

I have the honor by desire of the Marine Board to forward and recommend for sanction the accompanying bill from Messrs. Dymes & Co. for three days demurrage of the ship "Endymion" at /120/ one hundred and twenty Rupees a day, amounting in all to /360/ three hundred and sixty Rupees.

2. This vessel was engaged to bring out to Coringa 250 tons of Electric Telegraph wire, but when she arrived here, the Officiating Deputy Superintendent of Electric Telegraphs requested, and the Government sanctioned, that 50 tons of it should be landed at Madras. The Commander declined to discharge any unless he received demurrage at the rate charged, and was supplied with ballast, ton for ton, equal to the weight taken

out

out of the ship. The Board agreed to these terms, and although the vessel was longer than three days at Madras after the arrangement was made, they consider that the period for which they now recommend payment was sufficient for the work to be performed.

I have the honor to be,
Sir,
Your most obedient Servant
