Sir,

Referring to Extract Minutes of Consultation of the 3rd Ultimo, No. 223, communicating a dispatch from the Honorable Court of Directors, intimating that a supply of 100 Patent India Rubber Valves for the Steamer "Coromandel" had been sent out by the Peninsular and Oriental Company's Steamer which quitted Southampton on the 20th April last, I have the honor by desire of the Marine Board to inform you that they have learned from the Agent of that Company that no such case or cases have been received.

2. It is probable that a Bill of Lading for the Valves was sent out by the Steamer following that by which they were dispatched. If such Document has been received the Board would suggest that it be forwarded to them.
