No. 30. EXTRACT FORM THE MINUTES OF CONSULTATION, under date the 22nd September 1857, No. 386.

Government resolve to issue the following Circular instructions regarding Sulphur to their Revenue Officers explanatory of the Order of the Government of India, No. 1574, dated 14th August 1857.

When Sulphur is newly Imported by Sea, the course to be pursued is sufficiently shewn, but when a Parcel of it is reported by any individual to be in his possession, enquiry is to be made whether the Military Authorities wish to purchase it on account of Government. If this is not the case, a license is to be issued for its protection to the owner in whose hands it is to remain until the prohibition against the Sale or Transport is abolished.

As a general rule the removal or sale of Sulphur is absolutely prohibited. But it is not intended to prevent its bonâ fide use for Medicinal or Manufacturing purposes, including the preparation of Fire Works. Collectors and Magistrates may give Passes at their discretion for the removal of small quantities of Sulphur for the above purposes, but a Register is to be kept of these Passes, and care is to be taken against any improper use being made of this privilege.
