SIR,

I have the honor to transmit the accompanying copy of a Notice, which has been published in the *Government Gazette* of this Colony, respecting a New Light proposed to be exhibited at Newcastle on the Coast of this Colony, and an intended Light House on the Inner South Head at the entrance of Port Jackson, together with a copy of a letter from the Light Pilot and Navigation Board of New South Wales on the subject, and to request that you will have the goodness to cause such publicity to be given to these Notices as you may consider desirable.

(Signed) CHARLES COWPER.

From the Secretary to the Light Pilot and Navigation Board of New South Wales ; to the Secretary to the Treasury, dated 7th October, No. 139 of 1857.

SIR,

The Light Pilot and Navigation Board having in attention to the Treasury Minute, dated the 5th Instant, taken into consideration the subject of the best time for the first exhibition of the Light from the New Light House at Newcastle, I am directed to acquaint you, for the information of the Honorable the Finance Minister, that they would advise that the Light should be first exhibited on the 1st January 1858, and that Notice to this effect, in the accompanying form, be published in the *Government Gazette*, and transmitted to the proper Authorities in England, India and other quarters by the next Mail Steamer.

2. The Board also think it desirable that a Notice should be transmitted, at the same time, of the intention of the Government to erect a new Light House at the Inner South Head ; and they are of opinion, that until the time for the first exhibition of the Light from it be determined, the accompanying Notice will be sufficient to give publicity to the intention of the Government.
