

Master Attendants office
Madras 24th Feby. 1857

From

Captain C. Bider

Master Attendant
and
Shipping Master,

To

J. I. Franklin Esq.

Secretary to the Marine Board.

dated 24 February 1857.

Sir,

With reference to your letter of the
3^d instant, and its enclosures, I have the honor to
inform you that the practice prevailing in this
department before, and even after the Merchant
Shipping Act of 1854 came into operation, is that
whenever the Master of a ship applies for the
shipment of European Seamen to fill up vacancies
occurring during the outward voyage, or whilst in the
Roadstead, his English articles are called for, and
the names of the new seamen entered in the place
therein appropriated for substitutes, and in the
event of that space being filled up, a separate
sheet of paper is attached thereto with the
Office Seal, and the signatures continued on
under the original heading; there have been

some

Some few instances in which Masters of ships of
their own accord preferred to have the Indian
Articles framed in accordance with Acts ~~XXVII~~ and
~~XXVIII~~ of 1850 attached (with its heading cancelled)
merely on account of the Columns being printed
in them, when of course there remained no other
agreement than the original which were
passed to the men, but in no instance has
the Master of a ship been obliged to engage
substitutes on a separate Agreement under
the Indian Act, by the department
refusing permission to ship them on his
original English articles of Agreement or
Compliments of by Mr. W. M. Self.

I have also explained the conduct
thus pursued to the Honorable Company's
Solicitor.

On this occasion, I beg to
inform the Board that it would be
expedient to furnish the department with
blank printed Forms of the English
Articles for the purpose of supplying them
to

majora per
non sine
