Cable, Coeylon 24th December 1855

Sir,

I have the honor to acknowledge receipt of your letter of the 10th inst. informing me that the Madras Government has been pleased to spare two bays for the use of the Pannes Lighthouse and had handed them over to the Marine Board for transmission to Coeylon. As no iron winch is procurable I should be much obliged by one of 2 tons, and request that it may be delivered to the agent of the P & O Co. with instructions to forward with as little delay as possible. The amount for the winch and the bays I shall remit later, as soon as I am able to decide upon the best mode of settling the same.

I have the honor to be
Sir,

Your Most Obedt Servant
