From

J. I. Franklin Esq^r
Secretary Marine Board;

To

F. Pycroft Esq^r
Chief Secretary to Government
Port Saint George;

Sir,

Dated 26 Jan^y 1857. 82298

I have the honor by desire of
the Marine Board to inform you, in
continuation of their communication of the
17th instant, that the "Melanie" with
370 tons and the "Ladman" with 376 tons
of patent fuel on board, sailed for
Bombay in the course of yesterday,
and to enclose bills of Lading for
transmission to the Government of Bombay.

2 It was found impossible to
complete the lading of these vessels before
late in the evening of the 24th, in conse-
quence of the scarcity of boats, and the
demand for those at work.

3 To complete the order for
1000 tons, the Board will have to
dispatch

dispatch another vessel with about 250.
It is probable that a ship must be engaged
to carry to Bombay that portion of the wing of
the Lancers which cannot be taken by the
Steam Transport "Scindian," and they propose
to send the fuel by the same opportunity.

Have the honor to be,

Sir,

Madras
Marine Board Office
26th January 1857

Your most obedient servant
Sigs
