Not to be folded or roughly handled

N^o 518

From

J. J. Franklin Esq^r
Secretary Marine Board

To

J. Pycroft Esq^r

Chief Secretary to Government
Fort Saint George

Sir, dated 6 February 1857, N^o 518.

1 - Referring to Extract. Minutes
of Consultation of the 31st ultimo. N^o 51, on
the subject of the distance at which the
Madras light is visible, I have the honor
by desire of the Marine Board to state
that it is seen from aloft at least 30 miles
off; but that the distance from which it
is visible on the deck of a ship varies
with the size of the vessel, and the height
of the deck above the sea. They consider
it to be visible from the deck of a ship
of from 7 to 800 tons at 20 miles distance.

2 - When the late Commander Hall
of the Indian Navy was surveying the
Coast, he took bearings of the Madras light
while

while at anchor off Pulicat, well to the North
of the dangers of the shoal. There seems
therefore no necessity for further means being
undertaken to illuminate the Coast with
a view to guard against the danger
adverted to.

3 Captain Campbell of the H.C.
Steam Troop Ship "Commander" states his
belief that he has distinguished the light
at a distance of 38 miles.

Madras
Marine Board Office }
6th February 1857

I have the honor to be
Sir
Your most Obedient Servant

Wm. H. Miller
Secretary.
