Fort Saint George, Marine Consultation, 2nd July 1858.

No. 22. From J. J. FRANKLIN, Esq., Secretary Marine Board; to T. PYCROFT, Esq., Chief Secretary to Government, Fort St. George, dated 28th June 1858, No. 2583.

SIR,

The Quarter Master General of the Army having intimated that between 4 and 500 Details would be ready for embarkation to Burmah about the 6th Proximo, and that about 200 would be awaiting transport to the Straits about the same time, I have the honor by desire of the Marine Board to suggest that orders be issued to Lieutenant Stradling, prior to his leaving for Calcutta, to return with all convenient dispatch for the purpose of conveying the first named party to Rangoon.

2. I am likewise to solicit permission for the "Dalhousie" to be employed in conveying the Details to the Straits: advantage being taken at the same time to despatch by her 26 Native Convicts to Sincapore.

3. The bottom of the "Dalhousie" is thickly encrusted with barnacles, and as the "Peninsular" and "Oriental" Company have a slip at Sincapore, the Board beg that the Resident Councillor at that Settlement may be requested to apply to the Agent of the Company there for permission to have the "Dalhousie" placed on the slip and cleaned, and any little repairs to her pipes effected.

No. 23. ORDER THEREON, No. 255; dated 1st July 1858.

Ordered that copy of para: 1 of the above letter be furnished to Lieutenant Stradling, in reference to Extract Minutes Consultation of the 28th Ultimo. It is observed that Lieutenant Stradling has already been ordered to return from Calcutta as soon as the service on which he is about to proceed thither has been performed.

2. The Government approve the "Dalhousie" being employed in the manner proposed in para: 2, and the arrangement for her cleaning and repair suggested in para: 3. The necessary communication will be made to the Resident Councillor at Sincapore. The Marine Board will be so good as to communicate with the Commissioner of Police about the Convicts.

(Signed) T. PYCROFT,
Chief Secretary.

all combined vessels for the purpose
of conveying the great number
of the Quaker ship. I believe to be
sufficient for conveying the vessels
to the straits. I believe
