No. 896.

Extract from the Minutes of Consultation under date the 3rd July 1858.

Read the following Extract Minutes Consultation in the Public Works Department.

Referring for consideration copy of a letter from the Chief Engineer, submitting plans and an estimate amounting to Rupees 2,400, for making alterations to public buildings at Cochin (Here enter 23rd June 1858, No. 1187.)

Order.—1. In Extract Minutes Consultation, 14th December last, Judicial Department, No. 1624, Government approved of certain alterations being made to certain public buildings at Cochin, and called for estimates of the works required to be executed in consequence from the Departments concerned. The arrangements then sanctioned were, the making over of the Jail Hospital, to be paid for out of the amount sanctioned for out-houses, as godowns for the new bungalow; the conversion of the Jailor's Quarters into a Hospital, and the Convict Wards with the Revenue and Police Sheristadar's Cutcherry into a dwelling for the Jailor and an office for the Master Attendant, the expenses attending which it was presumed would be more than covered by the sum sanctioned, Rupees 880, for the new office for the Master Attendant; the extension of the south wall of the Jail westward; the construction of a block of 8 cells for the accommodation of the prisoners; and the removal of the Police Office into a hired house in the town.

2. The Chief Engineer now submits plans and an estimate, amounting to Rupees 2,400, for carrying into effect the alterations noticed above, with the exception of the conversion of the Fiscal's Office into one for the Master Attendant. This he omits because the erection of the new office previously sanctioned for the latter Officer, is in such a forward state as to render it quite inexpedient to abandon it, and the District Engineer strongly recommends its retention and completion.

3. The Right Honorable the Governor in Council concurs with the Chief Engineer in the expediency of completing the new building for the Master Attendant's Office; and he approves likewise of the plan submitted by that Officer in regard to the other alterations proposed to be made to the buildings at Cochin. The necessary orders will be issued in the Public Works Department in respect to the estimate and the early execution of the work.

4. The Police Office will, as recommended by Mr. Robinson in his letter of 23rd November last, No. 167, para. 6, be removed into the town, and there held in a house hired for the purpose, until a new Police Office can be constructed. A plan and estimate for this office will be submitted to Government through the Department Public Works.

(True Extract.)

 Chief Secretary.

To the Public Works Department, with an Estimate and 3 Plans.

„ Marine Department.
 „ Revenue Department.
 „ Inspector of Prisons.
