Fort Saint George, Marine Consultation, 10th August 1858.

No. 16. From Lieutenant A. D. TAYLOR, R. N., Commanding H. C. Surveying Vessel "Beemah;" to the Chief Secretary to Government, Fort Saint George, dated 5th August 1858, No. 37.

SIR,

I have the honor to bring to your notice that the Survey of the Calicut reef upon which I was engaged in April 1857, was broken off by the early commencement of the S. W. Monsoon, of that year, so that the Chart is now too incomplete to be engraved.

2. Mr. W. Robinson was most anxious to get the Chart published for the benefit of Navigators, but it is of little use in its present state, I have therefore to solicit permission to run down in the "Beemah" when she arrives, and finish that Survey, and a new one of Mangalore Roadstead, the backwater of which place I am now examining at the request of the Collector.

3. The trip to Calicut should not keep me away from my work on the Khalee Nuddu for a longer period than a month, and I think the acquisition of a correct Chart on a large scale of the Calicut reef may warrant that expenditure of time.

No. 17. ORDER THEREON, No. 309; dated 10th August 1858.

The Government approve the proposal of Lieutenant A. D. Taylor to complete the survey of the Calicut reef and to make a new Survey of the Mangalore Roadstead.

(Signed) T. PYCROFT,
Chief Secretary.

Exd. J. A. Wilson.
