REVENUE DEPARTMENT.

No. 1126.

Extract from the Minutes of Consultation under date the 12th August 1858.

Read the following Extract from the Proceedings of the Board of Revenue.

Submitting letters with enclosures from the Acting Collector of Tinnevely, representing the difficulty and costliness of building at Cochin, the boats required to guard the Pearl banks off the coast of his district and Madura; and recommending that an estimate of the expense of constructing the vessel proposed to be built at Trevandrum be called for from Captain Robertson, and that another month's extension of leave be granted to that officer.

(Here enter 24th July 1858, No. 2800.)

The Government concur with the Board of Revenue in the propriety of calling upon Captain Robertson, Master Attendant of Tuticorin, for an estimate of the cost of building and working the vessel which he proposes to have built at Trevandrum, under the superintendence of Captain Crawford, Commercial Agent to the Government of Travancore at Allepi, in lieu of the armed Pattamar offered by the Bombay Government, for the service of guarding the Pearl banks on the coasts of Tinnevely and Madura. On this estimate being placed before them, Government will consider the proposal to communicate with the Resident at Travancore on the subject.

2. With reference to the further recommendation of the Board in para. 5 of their Proceedings above recorded, Government are pleased to grant leave to Captain Robertson for a further period of one month, in addition to that granted him on the 18th May 1858, should such extension be needed by him, in order to complete his arrangements for building the two boats at Trevandrum.
