Fort Saint George, Marine Consultation, 12th October 1858.

Read the following Extract from the Minutes of Consultation, in the Military Department, dated 2nd October 1858, No. 3541.

No. 11. From Lieutenant Colonel W. G. WOODS, Adjutant General of the Army; to the Secretary to Government, Military Department, dated Ootacamund, 28th September 1858, No. 1930.

SIR,

I have the honor by order of the Commander-in-Chief to acknowledge the receipt of Extract Minutes of Consultation, dated 16th Instant, No. 3349, requesting that an Assistant Surgeon may be directed to join the Steamer "Dalhousie," at Calcutta on her return from Rangoon.

I am directed to state for the information of Government that the request will be met if possible, but it is little likely that any Medical Officer will be available until some arrive from Europe, and more than probable that any Medical Officer sent to Calcutta would be detained and attached to Troops, as has already occurred in repeated instances.

Communicated to the Marine Department.
