REVENUE DEPARTMENT.

No. 1634.

Extract from the Minutes of Consultation under date the 7th December 1858.

Read the following Extract from the Minutes of Consultation in the Marine Department.

Communicating to this Department a letter from the Superintendent of Marine requesting certain information regarding the Pattimar "Pownah" referred to in Extract Minutes Consultation 27th November last, No. 470, before he can send instructions to the Master Attendant at Cochin to take charge of her at that post.

(Here enter 1st December 1858, No. 476.)

Resolved that the Superintendent of Marine be informed that the "Pownah" is to be employed in guarding the Tinnevelly Pearl Banks. No fixed time can be at present stated during which the vessel will be required; but the boats in substitution of which it is proposed to employ the "Pownah" were intended for permanent service, and it is likely therefore that the "Pownah" will be retained until either again required for the service of the Bombay Government, or other means are formed for guarding the Pearl Banks. The Government will leave it to the discretion of the Superintendent of Marine whether the Crew are to be engaged for the month or year, they will only remark that the banks will require to be carefully watched at least until 1860, when a general fishery is to take place.
